

CROWD THROUG

Chicago to See Convention Show.

HOTEL ROOM AT A PREMIUM

New York Bankers Meet Today—
Maine Primaries Will Occur
Monday—Epworth League
In South Carolina.

CHICAGO, Ill., June 13.—An army of visitors that is expected to surpass all records for a national political convention week in Chicago already is marching into the city by companies and regiments, and by Saturday the hotels in the downtown section will be filled to capacity.

Within two weeks after the national committee decided last winter to give the convention to Chicago every room in the Congress hotel, where both the Taft and Roosevelt headquarters have been located, had been sold out for the convention week, an indication of the crowds that are expected to be attracted to the city by the big quadrennial meet of the republicans.

The Blackstone, LaSalle, Sherman House, Great Northern and other big hotels report a similar demand on their capacity, and the proprietors predict that by Saturday night every downtown hotel, both big and little, will be hanging out the sign "no room only." Officials in charge of the passenger traffic of the railroads entering Chicago likewise are of the opinion that a new record for crowds will be established in Chicago this week.

So matter how great the throngs, however, Chicago expects to be able to give them accommodations. More than 15,000 visitors are expected to be cared for in the big hotels in the loop district, additional to the ordinary run of patronage. Outlying hotels and the larger rooming houses will take care of almost as many more, according to the statements of hotel experts, while thousands of other visitors will be quartered in private homes with friends or relatives.

BUFFALO, N. Y., June 13.—The New York State Bankers' Association began its nineteenth annual convention in this city today, with headquarters at the Lafayette hotel. President Walter H. Bennett presided at the initial session this morning and the chief feature of the program was an address by George H. Reynolds, president of the Continental and Commercial National Bank of Chicago. The bankers devoted the afternoon to a cruise on Lake Erie. At the concluding sessions tomorrow the prominent speakers will include Sir Edmund Walker, president of the Canadian Bank of Commerce, and George E. Allen, educational director of the American Institute of Banking.

State Campaign in Maine.
AUGUSTA, Me., June 13.—Though the date for Maine's first state-wide primaries is but four days distant, the campaign is attracting comparatively little attention. The only contests that have aroused any public interest are those for the republican

nomination for governor and United States senator, for each of which there are three candidates in the field. On the democratic side there is no opposition to the renomination of Governor Frederick W. Plaisted and Senator Obadiah Gardner.

The men seeking the republican nomination for governor are Frederick E. Boothby, of Portland; Albert H. Shaw, of Bath, and William T. Haines, of Waterville. Those desiring the republican nomination for United States senator are former Congressman Edwin C. Burleigh, of Augusta; Judge Frederick A. Powers, of Houlton, and Herbert M. Heath, of Augusta.

Woman's World

Italia Garibaldi, Granddaughter of Liberator, Talks on Women.

MISS ITALIA GARIBALDI

A representative of the Garibaldi family, which has done so much for democracy and humanity, Miss Italia Garibaldi, a granddaughter of Italy's liberator, is in this country as a delegate to the Methodist general conference, which met in Minneapolis recently. She does not consider politics a good sphere for women, but says that other fields are wide in which women may do much. In Italy, she says, the women do not stir up so much trouble as in England and America.

"There is a national council of Italian women to which most of the first women in the kingdom belong," she said. "They meet and discuss methods by which women may be helped, but they have no rows. Personally I think women can accomplish good in many ways other than in politics."

"We have some leaders working up the suffragette ideals, but Italian women have not taken to them much as yet."

The present generation of Garibaldis is hardly less gifted than was the famous general. Miss Italia's eldest brother is General Peppino Garibaldi, who made a name for himself in South Africa while fighting on the British side against the Boers. Later on he fought against General Canro in Venezuela, and more recently still he captured the city of Juarez in Mexico, when fighting for President Madero. At present he is on a mission to Paris for Madero, although he is but thirty years of age. A second brother is fighting in Tripoli. A sister is a nurse on a Red Cross ship engaged in bringing wounded Italians from the seat of war. The father of this war loving family is an Italian general who has fought in the armies of France and Greece, while the mother conducts a hospital at Maddalena, on the island of Sardinia.

MANKIND AWAKE.

What Some Men Are Doing For Universal Suffrage.

The Pennsylvania Federation of Labor at its eleventh annual convention, held in Pittsburgh, went on record as endorsing woman suffrage and for the first time in its history instructed its officers to work for an amendment to the constitution allowing women the right to vote.

Kansas is said to be seething with women suffrage sentiment, as evidenced by the organization of clubs all over the state. The Men's League of Lawrence is headed by Chancellor Strong of the state university, and many professors and students are among its members.

In Rhode Island the committee on special legislation has under consideration a woman suffrage bill to amend the constitution by eliminating the word "male."

The Building Trades' Council of Indiana, representing 300 men, endorsed woman suffrage at its last meeting in Indianapolis.

Notes About Women.

Mme. Kaisanvov of St. Petersburg died a few days ago, leaving a library containing 18,000 volumes, all written by women. This is said to be the most extensive individual collection of the kind ever formed.

One of the ardent workers for equal suffrage in the national capital is Mrs. Allee Pomerene, wife of the new senator from Ohio. During her husband's campaign in Ohio she took a great interest in the political changes and is said to be one of the best informed women in Washington.

Ohio will be the scene of general suffrage activity for the next few months until the time of the special election, which is expected to take place in mid-summer. Advocates of equal suffrage throughout the United States are rallying to the support of the women of Ohio in their campaign for the vote, under the leadership of Mrs. Harriet Taylor Upton, president of the State Suffrage association, Massachusetts. New York, New Jersey, Pennsylvania, West Virginia, Kentucky, Indiana and Illinois have already arranged to put workers in the field, and many women from states farther west and south stand ready to respond to the first call for assistance.
