OURS IS WITH OUT QUESTION

The Best Bread on The Market.—It has that goodness about it which is characteristic with bread made by the Oregon Bakery—It's "like mother used to make." It is sweet as a nut and pure as spring water. We know you will stop baking during hot weather after trying one loaf.

Insectary or "Bug House" of the Oregon Agricultural College

THE Oregon Agricultural college at Corvallis, Ore., has a new insectary in which problems in the control and extermination of insects are studied. The students call the building the "bug house." Experiments are now being conducted with the cherry slug, wood boring beetles and the canker worm. Tests of insecticides and different sprays are being made on apple trees close to the insectary, and the results will be recorded. The spraying tanks and small trees upon which the insect experiments are being conducted are shown in the upper picture.

KIT CARSON'S BIG SHOWS TOMORROW.

Indians and Cowboys, Big Parade, and Pretty Girls.

A rare treat is offered to Roseburg people tomorrow, Saturday, August 10, when the world famous Kit Carson's Buffalo Ranch Wild West Shows will exhibit here afternoon and night. This is the one Wild West show whose phenomenal success during the past 14 years is well deserved. Not only do they present all they advertise, but much more; and after each performance every patron leaves the grounds a well satisfied person. Coming as they do on their own special trains of double-length cars, they are well equipped to carry everything needed to make their attraction ranks as the world's foremost amusement enterprise. Unexcelled are their frontier features. They cowboys and girls are culled from the very best riders and ropers of all the ranches in America. Mexican Rurales direct from the army of Mexico add to the artistic display of fancy riding. Perhaps never again will you have the chance to see so many famous old Indian chiefs and warriors. Nearly every tribe of the noble red man is well represented in the collection of braves, squaws and papooses comprising the savage element of this, the most exemplary institution for amusement in existence.

But two performances will be given so make all arrangements in advance, be on hand and see their two mile pageant of glittering gold and silver. Hurry to the show grounds and be among the very first to gain admission, thus securing the most desirable seats, settle back comfortably and have two hours of the most equitable and agreeable entertainment ever offered the American public.

Is a Clean Cutter

Its compensating gears and cutter bar re-aligning device are successful examples of the wonderful inventive genius of Mr. Joseph Dain. The gears are so mounted in relation to each other that perfect balance and true run are permanently insured and the crank which is relieved of all end thrust, preventing lost motion, reducing draft and multiplying cutting power. That is why the Dain Mower runs lightly and cuts where others fail.

A Real Vertical Lift

Notice the special handle on the lever. Easy to grasp, no twisting. One movement of one lever raises the bar, knife, thrasher in and out of gear automatically as bar is raised and lowered. The large coil, flexible spring flexes the cutter bar, does practically all the work in lifting with the foot at corners and helps in raising the bar vertically.

Consult the nearest John Deere dealer; learn all about this greatest of all mowers, and about the entire line of their Hay, Lumber, Side Delivery Rakes, Stacks, Sweep Rakes, Presses, every one the best of its kind.

Dain makes the best hay tools. They have been specializing on them for over a quarter of a century.
