Between meetings which will be held every month, each committee shall entertain suggestions that will tend to prevent accident in all branches of the railroad service.

Will Perfect County Organization Tomorrow Night

CAMPBELL MAKES STATEMENT

Judge Harris, of Eugene, is Considering Running For Congress In Opposition To Hawley—Full County Ticket to be Named.

The Bull Moose party is going to hold a get-together and get-acquainted meeting tomorrow night at the court house in this city.

"We certainly are if that is the opinion of the majority of the Bull Moose men in this county. We might just as well make some of these fellows get out and scratch for their jobs."

"Will J. W. Perkins make the run for congress against Congressman Hawley?" was the next question put to the local leader of the Roosevelt party.

"No sir, Mr. Perkins would take it if the election were handed to him on a platter. But then he is too busy with railroad just now to be active in the new party."

"Who are you considering to make the race for congress?" was asked. "Well I'll tell you who could be elected if he would allow us to nominate him, and that is Judge Harris, of Lane county. Of course he is now on the republican ticket as a candidate for re-election to the position of judge of the circuit court.

"Has any definite county organization been made?" asked the man from The News office.

"That's just what the meeting tomorrow night is for. We want to get together and talk things over and decide on what is the best course to pursue. Personally, I want to see a full party ticket put in the field here. The real estate will be dull for the next few months and I don't know of anything that I would rather do than to get into this political game and wake some of these old-timers up.

"Do you think that Bourne will run for United States senate?" was the next thing asked.

"Mr. Bourne is still considering the matter. I have received a number of telegrams and letters during the past ten days from the senator and he wants more information before he makes his decision.

"We are going to sweep the country this fall. If we don't we will make it so warm for the old line parties that they will get out of the game and leave everything to us for the next time. Teddy and Johnson

Hunter Notices The Bushes Move And Fires—Bullet Strikes Minister In The Breast—Patient Will Recover.

(Special to The Evening News.) GLENDALE, Ore., Aug. 14.—Although suffering considerably from a flesh wound, Rev. J. K. Howard, pastor of the Presbyterian church at Glendale, and candidate for the legislature on the democratic ticket, who was yesterday shot by Frank Redfield while hunting in the timber about 35 miles from Glendale, is being brought here today by physicians Shearer and Kauffman who were summoned to the scene of the accident.

In relating the circumstances attendant to the accident, Frank Redfield, a young man who has hunted in the woods since he was old enough to carry a gun, said he noticed the bushes move and thinking the approaching object was a deer took aim and fired.

Since the death of Tom Hall, in 1908, Joe Hall has lived upon the claim continually. He has cleared additional acres of land which brings the cultivation acreage up to the grand total of 12 or 13 acres, and has built him a comfortable home in place of the log cabin, lived in by his brother.

Joe Hall is an old settler. He has lived in Jackson county for thirty years. He would have a chance to refile on the property if it were not that he used his homestead right while living in Montana years ago.

The government officials were considerably to the extent of allowing the old man six months time to cut his oats and dig his potatoes and move or sell his stock.

A FLESH WOUND

J. K. Howard Being Brought to Glendale

IS SHOT BY FRANK REDFIELD

Hunter Notices The Bushes Move And Fires—Bullet Strikes Minister In The Breast—Patient Will Recover.

(Special to The Evening News.) GLENDALE, Ore., Aug. 14.—Although suffering considerably from a flesh wound, Rev. J. K. Howard, pastor of the Presbyterian church at Glendale, and candidate for the legislature on the democratic ticket, who was yesterday shot by Frank Redfield while hunting in the timber about 35 miles from Glendale, is being brought here today by physicians Shearer and Kauffman who were summoned to the scene of the accident.

In relating the circumstances attendant to the accident, Frank Redfield, a young man who has hunted in the woods since he was old enough to carry a gun, said he noticed the bushes move and thinking the approaching object was a deer took aim and fired. Mr. Redfield says the preacher was attired in a tan suit of clothes, and at a distance had all the resemblance of a deer. As is usually the case, Redfield's aim was true and the bullet struck the minister in the breast. The wounded man fell to the ground, and it was at that time that Redfield first became aware of his error.

Realizing that Howard's injuries were serious, a messenger was dispatched to the Johns ranch, from which place the Glendale physicians were summoned by wire. Immediately upon receipt of the message announcing the accident the physicians left for the scene by automobile. Arriving there late yesterday afternoon they dressed the wound and later prepared their patient for the return trip.

Although nothing has been heard from the doctors since noon it is believed that they will arrive here this evening. It may be possible that Rev. Howard will be sent to Mercy hospital, at Roseburg, for treatment tomorrow.

Aside from being accompanied by the two Glendale physicians, Rev. Howard has with him his mother and two brothers who reside at Medford. They left for the scene of the accident upon the receipt of the first news yesterday morning. First messages received here were to the effect that the minister was shot through the abdomen and could not live. Later reports, however, are to the effect that the bullet entered the breast and inflicted a mere flesh wound. That the patient will recover is the belief of Drs. Shearer and Kauffman who are accompanying the injured man to this city.

Frank Redfield, who was probably responsible for the shooting, is well known in the vicinity of Glendale and is said to be one of the best hunters in Southern Douglas county. He has been conversant with fire-arms for many years and is considered one of the most efficient marksmen in this section of the state.

Rev. Howard, the victim of the accident is well and favorably known in this locality and his many friends are pleased to learn that his wound is not fatal.

Frightened by an approaching Southern Pacific switch engine, a team of horses belonging to Clinton Grimm ran away shortly after noon today. The driver left the animals near the North Side Planing mills, when a Southern Pacific engine hove in sight. Before he could reach the horses they had started south on Jackson street at a high rate of speed. Fortunately, the animals kept well in the center of the street until reaching the Rockdale store when they collided with a telegraph pole. The sole damage consisted of a broken wagon pole. The horses were uninjured.
