INFANTRY SAILS

For Panama to Quell Rebel-
lion in Nicaragua

DENOUNCE POLICE COMMISSION

Accused Of Playing Into Hand Of
Gambling Houses — Infatuated
Youth Kills Prospective Moth-
er-in-Law

WASHINGTON, Aug. 28.—At the
request of the state department
President Taft issued an order
from his summer home at Beverly,
Mass., today instructing the Tenth
Infantry to sail from Panama to
Corinto, Nicaragua. The troops are
being sent for express purpose of
quelling the Central American rebel-
lion.

Police Commissioner Denounced.
NEW YORK, Aug. 28.—Bitter
denunciation of Police Commissioner
Waldo was voiced today by District
Attorney Whitman, who charged
Waldo with having published the
names of owners of New York
Gambling houses on the police sus-
pect list in order to becloud the issue
in the Rosenthal murder case, and
make the investigations as mild as
possible.

Kills Prospective Mother-in-Law.
HAGERSTOWN, Mr., Aug. 28.—
Confronted here today by his sweet-
heart, Miss Lulu Henry, Norman Mc-
Cleary, age 23, broke down and con-
fessed to strangling the girl's moth-
er, Mrs. Nannie Henry, to death.
After the crime he stole \$40 which
had belonged to his victim. Mc-
Cleary's attentions to her daughter
were objected to by the mother, who
had told the police that she wanted
the young man to stay away from her
house. This is supposed to have
been the motive for the murder.

MEN ARE FOUND

AFTER LONG SEARCH
Became Bewildered And Made Their
Way Into Dense Tule Swamp

KLAMATH FALLS, Or., Aug. 27.
—M. T. Dolman and R. L. Mikel have
made their way out of the mazes of
the tule swamp surrounding Lower
Klamath Lake after nearly three
days' wandering. They arrived at
Worden, Cal., on the western border
of the swamp, this afternoon at 3 o'-
clock, terribly exhausted after their
struggle through the giant tules.

Every launch on the Klamath River
joined in the search this morning,
when it was found that they had not
been found. This search was greatly
hampered by the fact that the fire
mentioned in yesterday's dispatch
was spread and fanned by a strong
west wind today. This covered the
whole region with a pall of smoke,
through which it was hard to pene-
trate and impossible to see at any
distance.

The men left Sunday morning for a
day's outing and took with them only
a light lunch and have suffered terri-
bly from hunger and from the cold at
night. They will arrive here tonight
on the evening train.

The tules in many places grow to
a height of 10 to 12 feet and stand
so thickly that it is almost impossi-
ble to push through them. It is sup-
posed that either their launch played
out on them or that being bewildered
in the maze of channels and by the
smoke they left the launch and
fought their way to the nearest point
of solid land. Later it was learned
that the men made their way out of
the tules yesterday and reached a
farmhouse, where they got food, but
that in trying to reach the railroad
again lost their way and have been
wandering in the hills till they reach-
ed familiar ground today and made
for the railroad.
