**Little Gould Children Drawing  
Their First Checks For Charity**

**N**OT every little kiddie in her teens can sign her personal check for  
\$20. Papa finds the cost of coal too high, while mamma wonders  
how in the world she can keep the household expenses down. But  
with these little children, pictured like two peas in a pod above, it's  
different. They are Dorothy (at left) and Helen Margaret Gould (at right),  
daughters of Frank J. Gould, who live with their aunt, Miss Helen M. Gould.  
Recently they were given their first lessons in charity when they drew their  
first checks for \$20 each for two beds in the Home For the Friendless, New  
York. These beds are now known by the children's names, and the luckless  
tots who will occupy them will no doubt count themselves lucky in their  
own childish way.

**BEST LOTS FOR SALE.**

Why, what are they, black mud or  
adobe? No. Some hill top? No.  
Oh, some side hill proposition, I sup-

**Interest Paying  
Ranches**

We have two tracts of 25 acres  
each which will appeal to the man  
of limited means who desires a  
place that will yield a living for  
himself and family. One is un-  
improved, but there is no waste  
land, some timber, delightful  
building spot, near town and is  
priced right.

The other is improved, near  
town and included in the price is  
all implements, stock, furniture,  
etc. It is one of those rare bar-  
gains and will be sold consider-  
ably under \$100 the acre.

**New Home Sewing Machines**

Not much argument is necessary for a sewing  
machine in every home. They mean less work,  
Money saved on clothing and better things to wear.

The main question is where to buy the machine. You don't believe  
in buying a cheap pair of scissors, do you? You know they would be  
poorly tempered, made of poor steel so could not cut well and would  
break easily. Neither would you pay four or five dollars simply because  
they were a good brand.

Use the same judgment in buying a sewing machine. A cheap  
machine is a waste of money, is bound to get out of order, cannot do  
satisfactory work or last; still when you buy a machine from us you  
pay nothing extra for our ability to sell you the best machine for the  
money or for the name or reputation of the machine itself. All we ask  
is a chance to demonstrate our machine before you.
