

MINE CAVES IN

Several Persons, Including Two Girls, Imprisoned

JOHNSON FINALLY GETS BAIL

Girl Found Dead in Bath Tub—Wealthy Employer Suspected Murder—Autopsy Proves Natural Death.

(Special to The Evening News.) SALT LAKE, Nov. 15.—Caught by a cave-in at the Silver Horn mine near Frisco, Beaver county, Utah, two girls, Daisy and Helen Alexander, aged 16 and 19, eight miners and two men sight seeing in the tunnel, were imprisoned today. Thousands of tons of rock and earth blocks their escape. Rescuers finally established communications with five of the imprisoned persons, including the girls. They were uninjured. The fate of the other seven is as yet unknown, but it is feared that they will succumb to fire damp in some of the lower levels. Roy Alexander, father of the girls, is with the second party imprisoned.

Johnson Gets Bail.

CHICAGO, Nov. 15.—Jack Johnson finally secured his release on a \$30,000 bail furnished by his mother and Matthew Baldwin, a real estate dealer. Federal Attorney Parker accepted the bonds as entirely satisfactory, and then Judge Carpenter ordered the negro released.

On being released from jail Johnson said that he could not stand to be cooped up with those vulgar criminals, and added that Brown, his cell mate, was "disgusting". Johnson was no sooner released than he was re-arrested on a charge of assaulting a photographer, but was later released.

Girl Dies In Bath Tub.

BOSTON, Nov. 15.—Marjorie Powers, a stenographer, was found dead in a bath tub, but an autopsy revealed the fact that she died from heart trouble, and that she had not been murdered or had not suicided as was at first supposed. Enlargement of the heart was given as the cause of death. A. T. Cummings, the wealthy employer of the girl, who was arrested on suspicion, and with whom the girl spent last night, will be released.

SUTHERLIN COUNCIL ORDERS MODEL ORDINANCE

One Applicant For License Would Pay The Sum Of \$1,500 Annually.

At a special meeting of the city council Monday evening, several matters pertaining to city affairs came up for consideration, one of which was a line-up on an ordinance governing and regulating saloons, and another had to do with occupation tax and licenses for near beer places.

While the matter of an ordinance for the government of saloons will be looked after by City Attorney Orcutt, it was thought best that the council take up the matter in order that a consensus of opinion might be obtained for use in framing the ordinance. From the discussion it was apparent that the mayor and one or two members of the council were in favor of a license of from \$1,500 to \$2,000 on the saloon business, and regulating the hours from 5 o'clock in the morning to 10 o'clock in the evening with no back room or storage room. Some are of the opinion that \$2,000 or even \$1,500 is too high for a saloon license in a town the size of Sutherlin, and this may be modified, especially if two saloons are allowed to do business. The mayor reported that fifteen applications had been received for a saloon license and one of the applicants had offered to pay \$1,500. An ordinance covering the matter will be presented to the council next Monday night.—Sutherlin Sun.

"DRYS" WILL CONTEST SUTHERLIN ELECTION.

Sutherlin Sun Says That Only One Voting Poll Was Provided.

Claiming that the recent local election held in Sutherlin was

SMITH PURCHASES.

Falling in their effort to purchase the livery stable of S. T. Smith, as expected yesterday, Banks & Welker this morning sold their stock, including horses, vehicles and harness, to Mr. Smith, who will continue in business at his present quarters at the corner of Rose and Oak streets. In disposing of their stock to Mr. Smith, Banks & Welker have agreed to abandon the livery business in Roseburg for a term of years, in retiring from business in Roseburg. Banks & Welker desire to thank their many friends and patrons for their liberal patronage during the past two years. As a result of the deal consummated today is not likely that Cobb & Hamilton will rebuild on the site until recently occupied by Banks & Welker.

not conducted in accordance with the state election laws, District Attorney George M. Brown has been asked by several "drys" to intercede and set aside the verdict of the voters.

It is claimed that two polling places should have been provided—one for those residing in the city limits and one for those residing outside. The election here was conducted at one voting place where two ballot boxes were provided. The ballots of all those residing outside the city limits were placed in one box and all those residing within the city limits were placed in the other.

The Sun is informed that this same question has been brought before the courts in Oregon on several previous occasions, and in each instance the courts have ruled that elections conducted in the manner as followed in the recent case in Sutherlin were legal. Had the "wets" lost the day in Sutherlin it is very probable that we would have heard nothing from the "drys" regarding the legality of the election.

District Attorney Brown has promised to look into the matter within a few days.—Sutherlin Sun.

1915 FAIR TO BE EXPLOITED.

Frederick Fisher Will Tour Europe to Herald Greatness of Panama Exposition.

SAN FRANCISCO, Nov. 15.—Frederick Vining Fisher, Preacher, Lecturer, Author and Traveler, has been appointed head of the Lecture Bureau of the Panama-Pacific International Exposition, and is now planning to send a corps of able lecturers throughout this country and Europe to exploit the 1915 world's fair.

In accepting the position tendered him by the Exposition, Rev. Mr. Fisher relinquished the pastorate of the First Methodist Church of Ogden. He is famed as a pulpit orator and also has been in public life and on the lecture platform for the past twenty-five years.

He is a New Englander by ancestry and a member of the Class of '91 of Yale University. He has been pastor of large Methodist Churches in this State, Iowa, Kentucky and Utah, and has written extensively for the press.

Rev. Mr. Fisher is now planning to address Legislatures and Conventions throughout this country and is also arranging to have a corps of sub-ordinate lecturers who will deliver talks on the Exposition for the schools of this country.

The Rev. Mr. Fisher is official representative in the West of the Chautauqua Institution of New York, and has been a leader in movement now in preparation to extend the Chautauqua idea to the Orient and Antipodes.

Mrs. A. C. Seely and child returned here this afternoon after a day spent at Myrtle Creek.

The Southern Pacific announces effective with train 14, leaving San Francisco 15th, and with train 13, leaving Portland 17th, they will substitute a ten section observation car for one of the standard sleepers without reducing Pullman accommodations on these trains. This will give first class passengers benefit of observation car same as other high class trains.

MUST STEP OUT

Peace Terms Will Force Sultan From Europe

ADVANCE REGARDLESS OF PEACE

Allies Each Come In For Large Slice Of Territory—Russia Sees No Hope For a Peaceful Adjustment.

(Special to The Evening News.)

LONDON, Nov. 15.—It is believed in diplomatic circles here that King Ferdinand intends entering Constantinople before granting terms of peace to the Turks. St. Petersburg reports do not take an optimistic view of the situation and can see no peaceful solution of the division of the Turkish empire when the victors attempt to partition the country. It is believed that Ferdinand is in complete control of the situation and can enter Constantinople whenever he desires.

BERLIN, Nov. 15.—There is now serious menace of a conflict between the Balkan allies as a result of the announcement that Ferdinand intends to declare himself czar of the Balkans. It is intimated that the Bulgars will be compelled to fight

the other allies, who do not approve of this "steal" by Ferdinand.

Armistice Not Yet Signed.

SOFIA, Nov. 15.—That the armistice with Turkey has not yet been signed was made the subject of official announcement here today. Before further negotiations can be completed Ferdinand must pass personally upon the terms, and all transactions are held until his arrival. Serbian occupation of Monastir, Greek occupation of Janina and Montenegrin occupation of Scutari are part of the program outlined. Peace terms will include an enormous war indemnity from Turkey and retirement of the Sultan from European affairs in the future.

Would Occupy Constantinople.

BUDA PEST, Nov. 15.—Reports from the front are conflicting, and while some sources agree that the Sultan and Bulgaria have signed a peace pact, other advices allege that the Bulgars are advancing, regardless of negotiations for peace, and will occupy Constantinople. The main force of the allied army is within Tebatalla lines and advancing on the city. Their occupation of the coveted goal is believed to be inevitable.

BORN.

BUMGARDEN—To Mr. and Mrs. V. H. Bumgarden, in Roseburg, on Thursday, November 14, a son.

John Hall, of Myrtle Creek, spent the day in Roseburg visiting with friends.

GETS OFF EASY

Mooney Draws Sentence Provided By State Statute

MOONEY SAYS HE IS INSANE

Brands His Conviction—Says He Really Belongs In The State Hospital For Insane.

Sane and sober, and evidencing no signs of mental depression, R. L. Mooney, alias George Gray, recently convicted on a charge of white slavery, appeared before Judge Hamilton in the circuit court this morning, and was sentenced to an indeterminate term of from one to five years in the state penitentiary.

When asked if he had anything to say why sentence should not be pronounced, Mooney addressed the court briefly. Mooney declared that his conviction was a miscarriage of justice, and most especially in view of the fact that he had spent no less than 14 years in various hospitals for the insane. "I am crazy at times," shouted the prisoner as he calmly faced the court, "and yesterday I had little, if any conception of what was transpiring. My condition is pitiful, and instead of being sent to the penitentiary, I should be committed to the asylum where I may receive medical attention."

In commenting on his actions during Wednesday's sessions of court, Mooney said some person gave him a glass of water which was apparently doped, and to this he attributed his peculiar actions. The latter statement on the part of Mooney is denied the officers and examining physicians, who claim he was feigning insanity with a view of gaining sympathy at the hands of the trial jury.

Mooney had hardly concluded his rambling address when Judge Hamilton sentenced the prisoner to an indeterminate term of from one to five years in the state penitentiary. Had Mooney been convicted of white slavery under the federal statutes he would have been subject to a sentence of from three to fifteen years. Fortunately for Mooney, the indictment was framed under the state law, which specifies the sentence imposed by the trial judge. In passing sentence Judge Hamilton simply informed the prisoner that he had been convicted by a jury after a fair trial, and as a result, it was made the duty of the trial judge to impose sentence provided by statute.

Mooney will probably be taken to the penitentiary tomorrow morning to begin his sentence. Inasmuch as Mooney has repeatedly threatened self-destruction, a close watch will be kept over him tonight.

Daley Is Indicted.

Accused of a statutory offense, Bert Daley, until recently employed as bartender in a local soft drink establishment, was late last evening indicted by the grand jury, at present in session in this city. The complaint against Daley was preferred by Mildred Casteel, a 14-year-old child who is at present making her home with Mr. and Mrs. George Noah in Roseburg.

Daley appeared in the circuit court this afternoon and on being arraigned entered a plea of not guilty. His trial will probably be called sometime tomorrow. Daley will be defended by Attorney Albert Abraham.

Daley was arrested by the local officers several weeks ago, and at the time he demanded a preliminary hearing before Justice of the Peace Marsters. A large number of witnesses were examined during the progress of the preliminary hearing, important among whom was the child responsible for Daley's arrest. The evidence adduced before Justice of the Peace Marsters tended to indicate that Daley visited the Noah home during the absence of Mr. and Mrs. Noah under the pretense of leasing a room. Encountering the Casteel girl, Daley is alleged to have induced her to accompany him to a chamber on the second floor of the home where he advanced indecent proposals. Frightened, the Casteel girl said she screamed whereupon Daley rushed down the stairs and into the open. Daley was identified by Mr. Noah and several other per-

NOTICE.

The Roseburg Dancing Society has secured the Macabee hall for the purpose of conducting a dancing school and first class dances. Commencing Saturday, Nov. 16th, the society will give dances every Saturday evening, commencing at 9 o'clock. First class music guaranteed. Boisterous conduct and rag dancing is absolutely prohibited. The opening night, terms, etc. for the dancing school will be announced later. Invitations will be mailed. Ladies must have escorts. p21

sons at the preliminary hearing as the man whom they saw running from the residence following the alleged assault. After listening to the evidence, Justice Marsters held the defendant to appear before the grand jury. Bail was furnished in the sum of \$250.

A second indictment filed against Daley by the grand jury yesterday charges him with contributing to the delinquency of a minor child. In the event Daley is convicted on the first count it is not likely that the second indictment will be prosecuted.

Following the return of the indictments, Daley was remanded to the county jail where he is being held for trial.

Hoboes Are Indicted.

Charged with the crime of arson, five transients, Louis Strang, David Golden, Joseph Ward, Earl Rex and F. J. Cramer were indicted by the grand jury shortly after noon today.

The defendants are charged jointly with entering a residence belonging to Walter Roland and situated near Divide, on November 11, and of attempting to burn the residence together with its contents. It is also charged in the indictment that the defendants appropriated a number of articles of value as well as having destroyed a portion of the contents of the building.

The five men above mentioned arriving at Divide about noon on November 11, and a short time later it is claimed they entered the residence in question through a window. Once inside the structure, they are alleged to have destroyed several cans of fruit, demolished furniture, as well as having set the bedding on fire. As they left the residence they were detected by a neighbor who followed them as far as Leona where they were arrested and brought to Roseburg for trial.

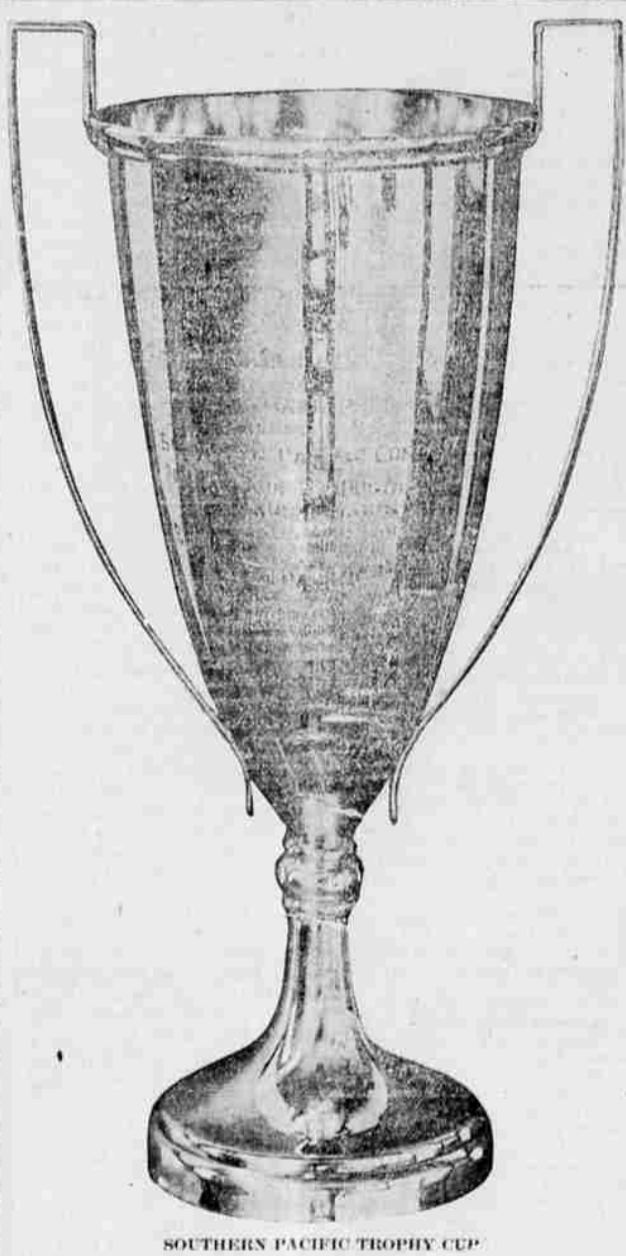

The defendants will probably be arraigned in the circuit court tomorrow morning, at which time they will be given a chance to plead. It is believed they will deny their guilt and stand trial.

Damage Case At Issue.

A jury in the circuit court in this afternoon listening to the evidence in the case of Mrs. Merriam vs. the City of Drain. The action was brought by Mrs. Merriam to recover the sum of \$5,500, alleged to be due as damages from the City of Drain. Mrs. Merriam claims that she sustained permanent injuries as the result of falling through a defective sidewalk at Drain, and consequently she believes she is entitled to damages.

Attorney C. S. Jackson represents Mrs. Merriam, while Attorney O. P. Coshaw has been retained by the City of Drain. Inasmuch as there are quite a number of witnesses to be examined, it is not likely that the case will be given to the jury before late tomorrow. Among the witnesses arriving here today preparatory to offering evidence for the defense was the mayor and members of the Drain city council. Owing to the fact that the case

(Continued on page 5.)

SOUTHERN PACIFIC TROPHY CUP

SILVER TROPHY CUP.

The Old S. P. Offers Handsome Cup for the Best Community Exhibit at the Portland Land Show.

Whenever the railroads begin to show an interest in anything it has become a proverb that the thing is of value. Now comes the Southern Pacific, and the other Harriman lines in Oregon—the O. W. R. & N. and the Portland, Eugene and Eastern—demanding that their clerks at the Portland general offices begin to learn something more about soil crops than can be gleaned from a study of freight bills covering the hundreds of cars sent out from the Willamette Valley. The 1200 clerks are to be given a holiday on Wednes-

day, November 20, and will attend the show in a body.

In addition, the companies are maintaining a booth at the show, in charge of expert agriculturalist, C. L. Smith, who will lecture from time to time.

While the educational value of the show cannot be over-estimated, the army of clerks from the general offices propose to have "ondies" of fun on their holiday, and will organize an agricultural parade from the Wells-Fargo building to the exhibit hall. They will have a band, quartette, burlesque land products, and a number of floats. Speeches will be made and the singers will entertain the crowds at the big hall.

The S. P. is surely gingering up
