DRAIN WITS DAMAGE ACTION

Judge Hamilton Holds That Plaintiff Falls To Comply With Provisions of Drain City Charter-Bert Daley Is On Trial.

Changing their pleas of "not uilty" to "guilty," Louis Strang Louis Strang, David Golden and Joseph Ward, who were recently arrested and later indicted on a charge of attempted arson, were this morning sentenced to serve indeterminate terms of from six months to five years in the state penitentiary by Judge J. W. Hamiltow in the circuit court.

When asked if they had anything to say why sentence should not be pronounced. Attorney Lawrey, representing the trio, addressed the court briefly. Mr. Lawrey simply infomed the court that the accused men were young in years and had prob ably committed the offense without the least premeditation. In view of these facts, Attorney Lawrey asked leniency at the hands of the court.

In passing sentence Judge Hamilton had little to say, with the excepthat he hoped the pris would so conduct thereselves that they would be able to secure dismissal from the penitentiary at the expiration of the minimum sentence. three youths accepted the sentence of the court without the least demon-They will probably be tak en to Salem to commence serving their sentence early next week.

The boys were arrested accused of entering a residence, near Divide, and of appropriating a number of valuable articles as well as having attempted to burn the house together with its contents. They were detected in the act and upon being followed to Leona ere placed under ar and later brought to this city to stand trial. An indictment by the grand jury followed.

Drein Wins Its Case.

Acting upon a motion for non-suit submitted by Attorney O. P. Coshow just prior to adjournment of court last evening, Judge J. W. Hamilton this morning dismissed the damage recently filed by Mrs. Merriam against the City of Drain. In dismissing the case Judge Hamilton held that Mrs. Merriam had failed to present a claim, together with the facts, to the city recorder of Drain as provided in the charter of the defending city. This claim, Attorney Coshow contended, should have been presented to the Drain city council within thirty days following the alleged accident and prior to the commencement of a sult for damages.

Mrs. Merriman breught suit against the City of Drain to recover the sum of \$5,500, alleged to be due as damages for permanent injuries nustained as the result of falling through a defective sidewalk.
