A TEN-MILL LEVY.

(Continued from page 1.)

District No. 4, of Douglas County, Oregon, I have the honor to present herewith an estimate of the probable amount of money necessary to be

raised for the maintenance of schools and property of said District No. 4, also for taking care of the indebtedness for the ensuing year; and therefore beg leave to present the following figures as an estimate merely:

There are 25 teachers employed by School District No. 4, 4 janitors, clerk, and truant officer at the present time, of a yearly salary amounting to approximately \$26,625.00

Increase anticipated by additional teachers for ensuing year 2,000.00

Premium for renewal of insurance carried on school buildings, and additional insurance on

new building	300.00
Interest on bond issue for construction of Benson school	2,100.00
Principal of said bond issue, due in 1913	5,000.00
Interest on old Lane, and High school bonds	360.00
Water and light	1,000.00
Fuel	2,000.00
Supplies and incidentals	2,000.00
Improvements, wear and tear, etc.	3,000.00
Total	\$47,385.00

At the last census, the school population of this district was 1,560, and increase of nearly 200 over the preceding year. A conservative estimate at this time will place the census for said district at 17,000. I am unable, however, to give a complete figure as the census has not been checked.

The amount of money derived from the state and county school tax, or per capita, amounts to \$13,500, which would leave a balance of \$33,785.00 to be raised by levy.

The valuation of School District No. 4 is \$2,991,220.00. A 9-mill levy the preceding year raised \$26,920.98. I am therefore of the opinion that in order to raise sufficient money to liquidate the indebtedness to become due in 1913, it will be necessary to levy a tax of ten mills, unless the Board of Directors have some other scheme in view whereby they can liquidate said indebtedness and take care of the bonded debt that becomes due.

You will note in this report I have made no allowance for any extended improvements for the ensuing year. Therefore, if additional improvements are anticipated, the levy should be accordingly made.

Dated at Roseburg, Oregon, this 7th day of December, 1912.
