What is the difference between a honest farmer and a thief?

One tills the soil, the other soils the soil! We dislike to see a man who works with such a discrepancy between his work and his reward. We want all farmers to know that we want their choice lot of cash, high and tall for which we pay market price, cash.

HUNDREDS ATTEND

LADIES MEETING

Long before the box office was open, ladies started to come from all directions and by 2:30 a large crowd was assembled in front of the Majestic theatre, where Mrs. Pearl Tangley is appearing this week, to attend a "special meeting for ladies only". Men were a scarce article around the place. The theatre was

well packed, and many asked personal questions, questions that perhaps would have made some blush.

Mrs. Tangley talked continually for about one hour, calling question after question until she finally weakened under the strain and was forced to close her performance. She answered scores of questions, the majority of which referred to the masculine sex. Tonight she invited all ladies to write their questions at home and she would try to answer more than during her usual performances. Tonight and Saturday are her last engagements and large crowds are expected.
