

EVERFRESH PRODUCTS

Served 200 Roseburg People at Sutherland.

ROSEBURG MAY GET A PLANT

A Meeting Will Be Held This Evening in The Commercial Club Rooms to Talk Over Proposal to Put Plant Here.

More than two hundred people left Roseburg this morning on the special train for Sutherland to accept the invitation of the Everfresh Company to partake of a dinner served exclusively from the products of the Everfresh plant.

Four coaches were packed with an enthusiastic lot of people and the weather conditions were ideal for the trip.

Dinner was served shortly after the arrival at Sutherland. It consisted of Everfresh vegetable soup, everfresh corn on the cob, everfresh sweet potatoes and Irish potatoes, meats, everfresh pies and bread and butter, which were prepared and just fresh from the bakery.

After the meal had been served Mr. C. C. Michener, president and general manager of the Everfresh Company, explained to the guests the process by which the various articles are preserved.

All the moisture is taken out of the fruit or vegetables by allowing currents of hot air to pass over the product. This moisture is later condensed by cool air currents and drained off. The product is again subjected to a hot air current and permitted to remain in this temperature until the process of drying is completed. The Everfresh process differs from the ordinary process of drying fruit in that in the former all the oils and favor of the fruit are retained in the finished product while in the dried fruit process the oils and the oil are destroyed consequently the finished products are inferior. Everfresh products are put up in air tight cans which exclude all moisture and all that is necessary to bring them to use is to pour them in cold water and allow them to soak up the moisture which was driven from them. They are then ready to be cooked the same as frozen fruit or vegetables.

The everfresh goods are equal of canned goods in flavor and will compare with them in their market for the reason that they are cheaper, more like the real fruit and less bulky.

At the present time there are three everfresh companies doing business in Oregon. They are located at Sutherland, Hillsboro and Willina. The products of each are put in uniform packages, with uniform labels. Experienced processors in charge of each plant and the plant is as near as possible as machine and care can make it.

Mr. Michener stated that the plants were co-operative and that if the people of Roseburg wanted a plant they could have one. He favored placing the plant together in order that the co-operation between plants could be closer and better.

A meeting is to be brought at the Commercial Club on at eight o'clock to talk over the proposal to place a plant here. Michener will address the citizens and will explain in more detail the operation of the plant, its cost and value to a community. Mr. A. Chaloupka, another officer of the company, will also make an address.

In addition to the processing of fruits and vegetables the company has just recently secured a patent on processing apples. The pro-

APARTMENT HOUSE.

Plans and specifications are being prepared at Portland for a modern apartment house, which will be erected on a ideal site within two blocks of Roseburg's business district. The structure will be four stories high and will contain 28 flats, of five rooms each. The structure will be of brick construction and will be modern in its appointments. It will be equipped with steam heat, electric lights and gas. Janitor service will also be one of the features. The prospective builder, whose name is withheld from publication for the present, is now at Portland making arrangements for the plans and specifications. The flats will be leased only to couples without children.

BLIZZARD RAGES

Chicago Center of Early Winter Storm Zone.

SIX DEATHS BY EXPOSURE

All Trains Delayed—Traffic of Lake Superior Entirely Suspended—Two Inches of Snow at Chicago.

(Special to The Evening News.) CHICAGO, Oct. 21.—At day break a blizzard was raging over most of Illinois, Michigan, Indiana, Wisconsin, Minnesota and Iowa, and people in these states awoke this morning to find themselves, to all intents and purposes, enveloped in a midwinter storm. The cold wave covered the entire central West from the Gulf of Mexico to the Great Lakes, though southward the storm is less severe than in the north. Severity of the storm compelled the abandonment of practically all traffic on Lake Superior, while Lake Michigan is stirred with the fury of the gale. Two disabled boats were towed into port. Two inches of snow has fallen here, and all trains are late on account of the drifts and the fierceness of the storm. Reports of six deaths from exposure have thus far been received, but it is believed that complete news of the devastation and havoc wrought by the blizzard will reveal a larger death list. The storm is the earliest known in many years, and hardly any one was prepared for the cold weather prevailing. On account of the unpreparedness of farmers throughout the storm area there is much suffering among cattle and all unsheltered stock.

LOS ANGELES Feels Earthquake. LOS ANGELES, Oct. 21.—A slight earthquake shock was felt in Los Angeles and towns in the surrounding country today. No damage of any sort has been reported.

M. N. Crowe, who was recently convicted by a jury on a charge of trespass on the land of George Olmstead, and recommended to the extreme mercy of the court, was yesterday fined \$5 by Justice of the Peace Marsters. He paid the sum without a murmur.

COUNCIL MEETS

Merchants Ordinance is Submitted and Referred.

IMPROVEMENT CONTRACT LET

Several Complaints Are Entertained by Members of Council—New Cross-walk Desired in West Roseburg—Other Matters Considered.

An ordinance compiled at the instigation of the local merchants' association and having for its purpose the material reduction of lost accounts, was presented to the council at last evening's meeting.

Upon being read by the city recorder, Councilman Zuercher asked who was its author. Judge Fullerton responded and stated that the ordinance was handed to him by a local merchant just prior to the meeting of the council.

"Well," said Zuercher, "this ordinance looks to me as though somebody was attempting to make a collection agency out of this council."

Without further deliberation the ordinance was referred to the city attorney for the purpose of establishing its legality.

The ordinance is quite out of the ordinary and follows in detail:

An ordinance requiring the registration of change of place of residence by residents of the city of Roseburg, Oregon, and providing a penalty for violation thereof.

Be it ordained by the people of the city of Roseburg:

The city of Roseburg does ordain as follows:

Section 1. That it shall be unlawful for any person owning or operating any moving van, furniture car, transfer wagon, delivery wagon, or any other vehicle, to haul or move or cause to be hauled or moved any article of household goods, trunks, or personal effects in the possession or custody of any resident of the said city of Roseburg changing the place of his or her residence, until there has been recorded in a book kept for that purpose the full name of the owner of the vehicle in possession or custody of such household goods, trunks, or personal effects, together with the address of the place from which and to which such hauling or moving is to be done, with the date thereof and the name of the owner and person in charge of such vehicle.

Section 2. Every person owning or operating any of the vehicles aforesaid shall at the close of each day file in the office of the recorder a full and correct statement for the day of all information as required by section one hereof. That upon receipt of each such statement the recorder shall file the same in his office, and such statement shall be open to the inspection of the public, and the recorder shall keep a register of all such changes in such residences and addresses.

Section 3. That it shall be unlawful for any person to give a fictitious name or to deceive the owner or person in charge of any vehicle hauling household goods, trunks, or personal effects as to the ownership thereof.

Section 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than five (\$5) dollars nor more than fifteen (\$15) dollars and shall pay the costs of prosecution.

Section 5. This ordinance shall take effect and be in force from and after ten days from the date of its first publication.

Other Business Transacted. A petition signed by W. E. Clinger and others asking that Walter Hamilton be compelled to construct a sidewalk along 1st A. in Waite's Addition was adopted. A resolution authorizing the construction of the sidewalk was passed.

George Ritter asked that an incandescent light be stationed on a telephone pole at the southern terminus of Kane street. The request was granted.

Two bids were received for the grading and the construction of a sewer on Glen street, between Lane street and Reservoir avenue. The contract was awarded to Harry J. Hildebrand. The other bidder was F. F. Patterson.

An ordinance providing for the construction or cement sidewalks, and specifying expansion joints was placed on its third reading and adopted. The ordinance was previously submitted to the council, but through some neglect or confusion was referred to a committee, where it has since rested. The ordinance is lengthy and provides fully how cement sidewalks shall be constructed.

Councilman Fullerton asked that some action be taken relative to constructing a new cross-walk on Military avenue in West Roseburg and retaining the walk leading from the western approach of the Lane street bridge. These matters were referred to the city improvement committee for investigation.

Councilman Fullerton inquired of the mayor as to what had become of the commission appointed to compile a new city charter. Judge Fullerton said the town has outgrown the present charter, and that a new one was badly needed.

The mayor explained that the commission had apparently died, and therefore suggested that they be revived and started to action. Upon motion the city recorder was instructed to notify each member of the commission of his duty in connection with compiling the charter at their earliest convenience.

TROUBLE AHEAD

Mexico City Quiet Under Suppressed Excitement.

DIAZ EXPECTED HOME TODAY

Friends Allege General Will Start Campaign—Mrs. Pankhurst Is Guest of Honor at Reception.

(Special to The Evening News.) MEXICO CITY, Oct. 21.—Throughout the city there is an air of enforced quietness—a condition that goes with fear. There is no evading the fact that trouble is expected soon after General Felix Diaz sets foot on Mexican soil once more. He did not arrive at Vera Cruz, yesterday, as was expected, but is due this afternoon, and friends allege that he will come directly to the capital. It is then that events will begin to transpire, as Diaz's coming is interpreted to indicate that he is determined to take the offensive against Provisional President Huerta. It is believed that Diaz will not delay action, and the entire city is apparently awaiting his movements. Huerta is in seclusion today, while a heavy guard has been thrown around the national palace for the purpose of shielding the president from an apparently looked for attack.

Pankhurst Reception. NEW YORK, Oct. 21.—Mrs. Belmont's palatial home was filled to overflowing today at a reception accorded Mrs. Pankhurst the British suffragette. "When we reach Washington," said Mrs. Pankhurst, "I shall call on the president only if he invites me. I shall deem it an honor to see Mr. Wilson, but will not visit the White House unless asked to do so." Mrs. Pankhurst will address a suffragette mass meeting tonight.

Brazilian Greet Roosevelt. RIO JANEIRO, Oct. 21.—Colonel Roosevelt and party arrived here today and were warmly greeted by representatives of President Fonseca and a large party of government dignitaries. After landing a reception for the Roosevelt party was given in the grand hall, which was attended by a great many Brazilian and dignitaries of foreign nations.

SMALL GIRL LOST. Been Missing From Her Home Since Sunday Afternoon.

Margaret, the 8-year-old daughter of Mr. and Mrs. F. G. Wadsworth, is said to have disappeared from her home Sunday afternoon, and has not yet been seen by any of the family since that time. Inquiry has been made at the home of friends where the child might have taken refuge, but no trace of her has been found as to a late hour today. This child has red hair, and was last seen in the vicinity of the Deer Creek bridge on Jackson street. Her parents will be glad of any information leading to the discovery of the child's present whereabouts. The police have been notified and a search is being made for the child.

MEXICAN CRISIS

Cabinet Considers Situation Likely to Breed Trouble.

BRYAN CANCELS ENGAGEMENT

Will Remain in Washington to Keep Track of Happenings—Priest Schmidt is Sane—Early Trial.

(Special to The Evening News.) WASHINGTON, Oct. 21.—President Wilson and Secretary Bryan conferred for an hour this morning over the Mexican situation, and a cabinet meeting immediately followed the conference between the president and his secretary of state. The consensus of opinion is that important assignments will soon materialize in Mexico. The return of Diaz to the country from his trip abroad is looked upon as promising of a steady crisis. President Wilson, if he carries out his present plans, will be at Mobile, Alabama, in attendance at the Southern Commercial Congress on October 26, the day the Mexican election is scheduled. Secretary Bryan has canceled his engagement to accompany the president on the southern trip because of the possibility of governmental affairs in Mexico taking a sudden tangle for the worse on that date.

Priest Schmidt Sane. NEW YORK, Oct. 21.—That Priest Hans Schmidt was sane when he murdered Anna Amuller to prevent her from becoming the mother of his child, and that he is sane now, is the report made to District Attorney Whitman by the four alienists appointed to examine the man on seven separate dates. Whitman, it is said, intends to ask Judge Foster to fix an early date for the trial of the confessed murderer.

No Rec'd. for House. WASHINGTON, Oct. 21.—An attempt to have the house take a recess for 30 days has been abandoned by Underwood, leader of the majority, and Mann, leader of the minority, could not agree as to the date of adjournment. The house will formally adjourn today for a recess.

CEMENT MAN HERE.

H. R. Blauvelt and wife, of Kansas City, arrived in Roseburg last evening. Mr. Blauvelt is a cement manufacturer and was attracted here by Mr. O. D. Riedel, who owns an extensive quarry near Green. While refusing to give out important information for publication, Mr. Blauvelt authorized the statement that the Riedel property would probably be developed at an early date. In other words, the gentleman said that a plant would be erected on the property in the event the deposit was found to be as represented. In the event Mr. Blauvelt takes hold of the property development will begin within the near future.

SIXTY MILE GALE

Terrible Wind Sweeps Along Atlantic Coast.

MUCH SMALL SHIPPING LOST

Crew of Wrecked Schooner Majorie Picked Up By Liner—Vote on Workmen's Compensation Assured.

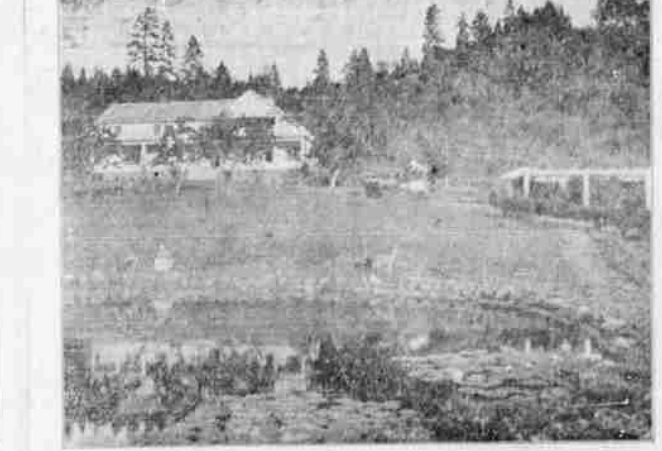

(Special to The Evening News.) NEW YORK, Oct. 21.—A sixty mile gale raged along the Atlantic coast last night and continued today. The cold was severe for this season, and several ships were reported in distress. The severity of the storm was sufficient to cause grave fears that many small craft were wrecked. One wreck was reported by the crew of the schooner Majorie, who were picked up at a point 200 miles off the coast by an Atlantic liner. The schooner went down during the gale, and the survivors will be brought here.

Compensation Referendum Valid. SALEM, Or., Oct. 21.—Finding no evidence of fraud in the workmen's compensation referendum petition, the Oregon supreme court today handed down a ruling in which the circuit court of Marion county is sustained in dismissing the suit for an injunction against the secretary of state. This means that the workmen's compensation referendum will go on the ballot November 4.

Kills Wife; Suicides. BOISE, Oct. 21.—Glenn Wardell shot and fatally wounded his wife here today, and then fired a bullet into his own heart. The shooting occurred on the street. An ambulance started for the hospital with Mrs. Wardell, but she died on the way to the institution. The couple had been married only six months, and a trivial quarrel is said to have led to the double murder. Wardell is the son of a prominent real estate dealer in Boise.
