**Father Time**  
Has a Successor

FATHER TIME was a product of the imaginations of the Greeks or Romans or some other ancient people. His clock in trade consisted of an hour glass and a scythe. He was supposed to symbolize the passage of time. The present day Father Time is a product of the Elgin Watch Factory. It is not a symbol but a certainty. It's a fine watch for any man and is used by many railroad men. 21 jewels, fully adjusted. In 25 year case. Hunting Model Open Face Model

**The Most Satisfactory Investment**

I have listed \$14,000 of 7 per cent First Mortgage Bonds which are offered at par and accrued interest. These bonds are secured by first mortgage on property costing over twice the total amount of the issue and the present income from the property is sufficient to more than meet all charges and create a fund for retiring the bonds when due. They are also guaranteed personally by men of known responsibility. Issued in denominations of \$100 and \$500, maturing serially in March and September 1917 and September, 1918. Interest is paid semi-annually. If you have funds to invest call and investigate.

**H. E. SC HOENFELD**

What is the difference between an honest farmer and a thief?

One tills the soil, the other soils the till! We dislike to mention the farmer with such a disreputable character, but the farmer shines in comparison. We want all farmers to know that we want their choice fat stock, hides and tallow for which we pay market price, cash.
