A quiet game of poker resulted in all kinds of sensational reports last Saturday night. It seems J. W. Allen, who has been working on the new school building, invited three Cottage Grove boys to his room Saturday evening for a quiet poker game. About midnight, after losing about \$25, all of his money, Allen resorted to the officers that he had been held up and robbed in his room at the point of a gun. An investigation revealed the true facts and Arch Leonard was required to pay a \$5 fine after pleading guilty to a gambling charge, his two associates not being convicted for want of evidence. In the meantime Allen left town, forgetting to pay a week's bill at Woodson's in his hasty departure.—Cottage Grove Leader.
