

OUTLINE PLANS

For Big Booster Meeting to be Held Here in December.

SEVERAL COMMITTEES ARE APPOINTED

Big Meeting Will Be Held in the Anderson Theatre—Invitations to Be Sent Various Commercial Clubs of the State.

With a large crowd in attendance and much interest manifested, the citizens of Roseburg last night met at the Roseburg Commercial Club rooms and partially effected arrangements for the big "booster" meeting to be held here on December 4.

The first speaker of the evening was Judge Riddle, one of the delegates to the Grants Pass meeting.

The third delegate who spoke was Mr. Henry Harth. For some reason Mr. Harth was unusually modest, and confined his address to a few brief remarks favoring the program as outlined at Grants Pass.

Tom Richardson was then introduced and gave those present some good, wholesome advice along the lines of community advertising, showing how much is possible to gain by co-operation, and how much is lost by permitting differences in local affairs to interfere with the progress of the community.

Mrs. Wm. Bell followed Mr. Richardson, and the sentiments expressed in her talk were heartily applauded by the club members.

Mr. O. R. C. Crow, a newcomer from California, who joined the Commercial club immediately upon his arrival, gave his impressions as a newcomer, and in closing, expressed the hope that the evidences of co-operation, so apparent on every hand in Roseburg, would increase materially and the Roseburg Commercial club measure up fully to the high standard set by Mr. Richardson.

Mr. Lee Wimberly spoke briefly along the line of the benefits of advertising, and emphasized the need of a substantial campaign, showing the sure results to be obtained.

A resolution stating that it was the sense of this meeting that Douglas county favored the establishment of a permanent exhibit at Ashland, Ore., carried unanimously.

On motion, the Commercial Club of Roseburg was instructed to send an invitation to each town, Grange and community in Douglas county to be represented by the delegation to the Greater Oregon meeting to be held December 4, next.

The following committee was elected to have charge of the arrangements for the Greater Oregon meeting: Henry Harth, Dr. A. C. Seely, P. H. Churchill, A. J. Lillburn, N. Rice, Mrs. Wm. Bell, Miss Josephine Patrow, Mrs. H. G. Wilson, Mrs. Chas. Wharton, Mrs. Henry Harth.

It was announced that through the courtesy of Mr. Bloom, the Antlers theatre had been secured for the afternoon of December 4, after which the meeting adjourned.

GREAT RETURNS CARS RUNNING

Douglas County Fruitgrowers Realize Big Profit.

FRUIT SHIPMENTS BRING \$35,000.00

Producers Fruit Company Ships Twenty Cars of Apples and Fourteen Cars of Pears During the Season.

The local warehouse of the Producers' Fruit Company, of Sacramento, Cal., has about ceased the season's operations after the most successful year in its history.

According to figures made public by Mr. Skinner this morning the company has shipped 14 cars of pears and 29 cars of apples from Douglas county during the past season.

The pears, which had the Douglas county label, sold at \$1 per box in the Eastern market, while the apples brought prices ranging from \$1.25 to \$1.50 per box.

In all, Mr. Skinner considers the season a very prosperous one for the fruitgrowers. The markets were steady during the entire season, and at no time was the selling company obliged to dispose of its product at a sacrifice.

In addition to the fruit sold through the Producers' Fruit Company several cars have been consigned East through other channels. While the returns of the latter shipments are unobtainable it is estimated that the total amount of money received from fruit shipments during the past season will reach close to \$75,000.

In connection with a general store, with the intention of purchasing some tobacco. They found no one there and decided to help themselves to all available, taking stamps, money orders and some small change, amounting to \$11.92.

United States District Attorney Reames recommended a lenient sentence. "It is unusual for the government to recommend a light sentence in cases of this kind," said Mr. Reames.

While the plant has fallen into excellent hands, Mr. Luhrman has many friends in the city who regret to learn of his decision to retire from business.

INCREASE LEVY

State Tax Four Times as Much as Previously.

NEWS IS RECEIVED BY THE COURT

State Asks About \$160,000 From Douglas County in the Year 1914—Last State Levy Raised \$41,000.00

As the result of the numerous appropriations that must be met by the state during the year 1914, and 1915 will be much in excess of pre-creation of a dozen or more "offices" the state tax levy, which will be based upon the valuations for the year 1912 will be much in excess of previous years.

In fact the members of the county court this morning received notice from Salem to the effect that Douglas county would be expected to make a state levy sufficient to provide about \$160,000. Last year Douglas county contributed the sum of \$41,000 to the state—this amount being raised through a one and one-quarter mill levy.

While the members of the county court regret to learn of the increased burden that must be placed upon the taxpayers, they are utterly powerless to remedy the situation. The state appropriations have grown year by year, and naturally increased tax levies have followed.

That the increase in the taxes will cause considerable complaint is the belief of those connected with the county government. Nevertheless, it is not the fault of the county court or other county officials, but is merely a state proposition.

However, the matter has advanced so far that there has been much talk of appointing a committee to confer with the Socialists on the subject of a labor party. The Socialists, it was understood today, would unanimously favor such a proposition, provided, of course, that it would not mean elimination of the individuality of the Socialist party.

That the old fight against the so-called "ultra-conservative policies" of Gompers will again materialize, and that Gompers will again be opposed for re-election by some member of the group which believes in more direct and more radical political action for socialism, was openly asserted today in the radical camp.

Max Hays, who polled 5,000 votes as a candidate for president last year against the 11,000 given to Gompers, declared today that he will not run again this year. But, he intimated that when the right man is chosen to oppose Gompers, he will work both tooth and nail for him.

A hot fight, it was declared today, is looked for over the proposition to combine a number of the big international unions. The radical wing, supported by many who oppose them in other matters, will urge the amalgamation of international unions of ironworkers, tailors, ladies garment workers, men's garment workers, hatmakers and neckwear workers into one international. There is a sharp division of opinion on this matter, and there is much evidence that some bitterness will develop when it is brought formally before the convention.

One matter which no doubt will have the solid backing of all factions, will be the proposition to back up the big strike of the coal miners in Colorado and at the Western Federation of Miners, who are on strike at Calumet, Mich. Money undoubtedly will be appropriated for the purpose.

A big idea that Max Hays will bring, according to information here today, is a proposition that the American Federation of Labor give financial aid to the 50,000 or 10,000 strikers in Dublin. The strike started with the car men some two months ago. It has spread to other trades and the right is to the death because the employers have repeatedly refused to arbitrate.

The coming meeting is fraught with deep significance toward both laboring men of the country and the great political parties. One underground which may break above the surface is a proposition to form a labor party in this country. Many are clamoring for this to be done immediately. Others, and they appear to be in the majority, expressed themselves today informally as being more inclined to "hold back" the year to give the Wilson administration a chance to show what it is going to do.
