THERE IS MONEY IN DAIRYING  
According to the best government  
statistics available the dairy products  
produced in this country exceeds  
\$800,000,000 proving conclusively  
that the dairy cow is a larger factor  
in the prosperity of the farmer than  
even our great American wheat crop,  
and the first thing to consider after  
you get good cows is a good separ-  
ator. You want the separator that  
gets all the cream, that runs easy and  
lasts the longest and that separator  
is the DeLaval. The reason we make  
this statement is that 98 per cent of  
the world's creameries and butter  
factories today use DeLaval machines  
exclusively and that there is more  
than 1,250,000 DeLaval machines,  
many times all others combined, have  
been sold to date. Buy your DeLaval  
separator at Jack Dawson's Poultry  
Market, 507 N. Jackson St. n17p

What is the difference between an  
honest farmer and a thief?  
  
One tills the soil, the other soils the  
till!  
We dislike to mention the farmer  
with such a disreputable character,  
but the farmer shines in comparison.  
We want all farmers to know that  
we want their choice fat stock, hides  
and tallow for which we pay market
