NO NEW YEAR'S RECEPTION.

It is now reported that President Wilson is going to shatter another precedent, or in this case it will be a custom of long standing, not only in this country, but in every other land having official heads. It is stated in effect that there will be no official reception at the White House on New Year's day this year, and the President will be absent from the city on that date. While to the greater mass of citizens this notice will bring no particular pang, to society, and especially to official society at the capital, it will cause a grievous disappointment, as this has always been considered the one great show day of the year, and one of the few times at which the resplendent full dress uniforms of our army and navy officers could be exhibited along with those of the diplomats and attaches of the foreign legations.

QUEEN FLOWER OF WINTER

You may rave about the radiant beauty of the rose, you may go into ecstasies over the delicate perfume of the violet, you may dwell on the graceful poise of the lily, and exult its purity and innocence, but when you are in the presence of such a collection of flowers as were exhibited today at the chrysanthemum show, you will forget the radiance and the beauty and the odor of all the others, and your allegiance, your adoration will go over to this most stately magnificent production of nature's alchemy.

FROM GOVERNOR TO PRESIDENT

The great national game of base ball has received another boost in prominence, when the governor of the great state of Pennsylvania decides that he would prefer to be the president of the national league, than to have another term at the head of that state. Dispatches from the east indicate that the present governor has just been elected to this position, to take effect as soon as his term as governor is over. This might be a pointer to those people who are continually asking what to do with our ex-presidents.

WORSE THAN HERE.

Talking about frenzied finance, the operations of the brokerage firm on Wall street that recently went into bankruptcy, can probably be given a high water mark record. They list their liabilities at something like \$6,000,000 dollars, and show up 250 dollars assets between them. That is going some, even for that hot bed of financial schemes.

THE FIRST SNOW.

Get out your sleds boys, for there is snow on the mountains. The coast range showed up white for quite a distance down today, indicating that there must have been heavy snow storms up there yesterday.

To supply you with enough Kyanize to do over a chair, table or border of a small room

We want you to find out for yourself what a wonderful finish Kyanize is for floors and all woodwork. So we have asked your dealer to hand you, without charge (if you call for it within 10 days and buy a suitable 10c brush), one of our regular 15c cans, any color you like.

Kyanize
KY-AN-IZE

is made especially for floors and staircases, where a finish has to stand the hardest kind of usage. It won't scratch, peel, chip or turn white. It won't soften in warm weather. Dig your heels into it. Give it any kind of test. You can't crack Kyanize. Kyanize is the finest finish in the world for furniture and interior woodwork. It makes old furniture look like new. It is hard and smooth and can easily be kept clean and sanitary. It is a beautiful finish. Try it on a favorite old chair or table, and see it turn a dingy, battered article into a handsome piece of furniture.

How to get a free can

Cut out this advertisement, take it to any Kyanize dealer, and he will give you a full 15c can (any color), enough to do over a chair or border of a small room, if you purchase from him a suitable 10c brush for applying the Kyanize. After using the Kyanize, if you are not perfectly delighted with the result, take the empty can back to the dealer and he will return the 10 cents you paid for the brush.
