

WHAT IT COSTS

To Run the Government—
Budget For 1915.

LT 331,333,333 MORE THAN FOR 1914

Pensions Will Be Decreased to Extent of More Than \$11,000,000—
Military Expenses Increased Greatly.

WASHINGTON, Dec. 1.—It will cost one billion, one hundred and eight million and a few odd thousands of dollars to run the United States government under the democratic economy regime in 1915, according to departmental estimates submitted to congress today by Secretary of the Treasury McAdoo.

The pruning knife was thoroughly applied to the figures with the result that, though the government business will be much vaster in 1915, the estimates call for only about \$34,000,000 more than was appropriated for 1914.

The total estimates, including \$3,066,953,117 for the postal service (payable from postal revenues) call for \$1,108,681,777.02, as against \$1,074,330,586.73 appropriated for 1914.

Wherein other years the pension roll has grown by enormous leaps

this year's estimate call for more than \$11,000,000 cut. The total estimate is \$196,150,000, as against \$180,300,000 for 1914.

The department of labor which has complained of the pinch of poverty sought \$4,763,490.20 as against \$2,443,390 in 1914.

Two battleships and eight torpedo boat destroyers was the 1915 program offered by Secretary of the Navy Daniels in contrast to the one battleship authorized last year. He asks for beginning this work \$7,800,000 as against \$6,267,500 in 1914.

The Panama canal calls for \$25,326,985, as compared to \$21,146,824.38 in 1914. In this estimate is \$2,500,000 for fortifications, providing \$1,200,000 for ten companies of coast artillery.

The military establishment demanded \$106,000,000 as compared to \$95,000,000 for 1914 and this included \$150,000 for fifteen aeroplanes.

The government's new income tax law will cost \$1,500,000 for assessments and collections.

For river and harbor improvements, Secretary of War Garrison asked \$41,400,000, a reduction of \$10,000,000 including the following continuing contracts:

Connecting Lakes Union and Washington, Seattle, \$375,000.
Tillamook bay and bar, Oregon, \$207,000.
Humboldt, Cal., harbor and bay \$525,000.
Los Angeles, Cal., harbor, \$25,000.
Oakland, Cal., harbor, \$98,000.
San Francisco, Cal., harbor, \$9,000.
Crescent Bay, Ore., harbor, \$50,000.
Coquille river, Ore., \$49,000.
Mouth of Columbia river, \$1,000,000.
