Suit will be instituted in a few days by taxpayers of road district No. 62 to prevent the collection of a special tax of five mills. This tax was voted, it is alleged, illegally, and some of the heaviest taxpayers in the district object to the procedure. The general levy of five and a half mills by the county court is not objected to. The men who are instituting the suit allege that they would not have objected to a reasonable special tax in addition to the regular general levy, provided the money so raised could have been distributed so that the rural mail route would receive a just share of the funds to be expended. Controversy over the matter has resulted in the suit, which will probably be filed tomorrow.

Art does not always mean beautiful pictures or statues. It is often used in connection with mechanical labor, more often horseshoeing. Go to Kinsler & Marsh and you will learn to merit the true art of shoeing. 11

A STATEMENT.

I have been informed that a number of the patrons of my library are under the impression that I will be appointed librarian for the proposed public library, which is now being agitated in Roseburg. I desire to say that if such a position was offered me, I could not accept it. I have not got sufficient health nor strength to enable me to perform the arduous work required. A Public library would ruin my business, and if one is established in this city, I may be forced to retire. 110p ALDON HARNES, 110p
