

PROGRAM READY

Six Hundred Boosters Will Visit at Eugene.

GREATER OREGON TO BE ADVOCATED

Adjourned Session Roseburg Booster Meeting Will Be Held at Eugene Tomorrow—Special Train from Roseburg.

EUGENE, Feb. 18.—Details are rapidly being shaped for the booster meeting in Eugene tomorrow at which 600 representatives from every part of Oregon, and particularly the whole of Western Oregon, will make definite plans for providing a permanent exhibit in Ashland, and also to arrange a campaign to arrest the attention of every tourist passing through Oregon on his way to the 1915 San Francisco exposition.

Judge William Colvig, who presided at the Roseburg meeting, will take charge of the opening of the meeting in Eugene, but he will soon turn the meeting over to Morris J. Duryea, of the Eugene club. Luke Goodrich, president of the Eugene Commercial Club will deliver the address of welcome. George F. Rodgers, ex-mayor of Salem, will respond for the state. Then Tom Richardson, the great Pacific coast booster, and C. C. Chapman, president of the Oregon development league, in short snappy talks, will outline the purpose of the meeting.

The meeting will be held in the Eugene theatre, it will be called at 1:30, and according to plans will be completed by 4 p. m., in order to give the guests a chance to see the city. Special trains will begin to pour them into the city by 10:30 a. m., and by 1 p. m. all will be here. After they have been shown the town following the meeting, a light lunch will be served them at the commercial club.

GIRL MURDERED

Found in Cemetery by Father—Evidence of Struggle.

FIRE IN NEW YORK TENEMENT HOUSE

Inmates Take Refuge on Roof—Clad Only in Night Clothes Wait For Rescue—Mother Jones Witness.

(Special to The Evening News.)

AURORA, Ill., Feb. 17.—Her skull crushed apparently by a club, the body of Miss Tracy Hollander was found by her father, Louis Hollander, at St. Nicholas cemetery today. Anthony Pedroza, a rejected suitor of the girl, was arrested but denied all knowledge of the crime. Robbery may have been the motive leading to the murder of Miss Hollander. Trampled snow about the spot where the body was found indicated that the girl had engaged in a terrific struggle with her assailant.

Perished in Fire.

NEW YORK, Feb. 17.—Two perished and several injured, while a dozen more narrowly escaped from a fire which destroyed the Bowery lodging house last night. Exit by the stairways was cut off soon after the fire started, and tenants on the upper floors took refuge on the roof, where they waited in their night clothes for the firemen to rescue them. While this work was going on an explosion of gun cotton or dynamite blew off a section of the roof, and Fireman Kilbride and a woman he had saved were thrown into the street. Both were seriously hurt. After the fire was under control the body of David Barani was

TICKETS ARE SOLD.

The committee in charge of selling tickets for tomorrow's excursion to Eugene this morning chartered a special train which will leave here at promptly 7:30 o'clock tomorrow morning. About 125 tickets have already been sold, while others will be disposed of before tomorrow. It is understood that about 25 Sutherlin people will also take advantage of the trip.

found in the ruins, and in his arms was James Franco, age 2. He had evidently died while trying to save the child.

Mother Jones Witness.

TRINIDAD, Col., Feb. 17.—Governor Ammons has bowed to the authority of congress and yielded to the request that Mother Jones appear as a witness before the congressional investigating committee. The request for the testimony of Mother Jones was made by Chairman Foster, of the special investigating committee, sent out to get at the facts leading to the trouble between mine operators and employees.

Aviator Completes Trip.

SAN DIEGO, Feb. 17.—Christopher, the aviator who left San Francisco a few days ago to fly from that city to San Diego, arrived here at 1:30. A minor troubles prevented him from making the flight a continuous one.

FEDERAL JUDGE

A. C. Dayton, of Virginia, to be Investigated.

UNITED MINE WORKERS ON JUDGE'S TRAIL

President Wilson Promises That Irregularities Will Be Looked Into by the Department Of Justice.

(Special to The Evening News.)

WASHINGTON, Feb. 18.—Assurance that the formal charges against Federal Judge A. C. Dayton, of the Northern District of Virginia, will be fully investigated by the department of justice, were given by President Wilson to a committee representing the United Mine Workers. The committee which preferred the accusations complained that Judge Dayton had termed the labor unions criminal assemblages and conspiracies against the nation's peace and welfare. It was further charged by the miners that the judge discriminated against members of labor organizations.

Committee Visits Workings.

TRINIDAD, Colo., Feb. 18.—The special investigating committee sent out by congress to investigate the strike in the Colorado coal fields spent the day visiting the camp at Forbes, Ludlow, Tabasco, Borwind, Hastings and Debus. The committee did not take any testimony, but merely looked over the properties and noted the general conditions. The investigators were accompanied by representatives of the mine owners, a delegation of miners and an escort of militia.

Entombed Miners Dead.

FRANKLIN, Wash., Feb. 18.—For 48 hours gangs of miners have worked with feverish haste to reach Andrew Churnock and Mike Vabeanick, who are entombed in the Pacific Coast Co.'s Cannon mine by an immense cave in. Today the officials of the mine decided that the men are dead, and immediate effort to reach them has practically been abandoned. All of last night squads of men alternated each other in sinking a shaft to a spot where they hoped to find their unfortunate companions, but when the place was reached the entombed miners were not there. This fact led to the belief that they are undoubtedly dead, and that their bodies are wedged in some where in the wrecked workings under thousands of tons of earth and boulders.

HANIFF IS DEAD

"Human Trombone" Dies at Medford Yesterday.

WAS IN ROSEBURG RECENTLY

Carl Haniff Was Quite Well Known in Roseburg Where He Recently Gave a Number of Brief Concerts.

WAS KNOWN HERE.

Carl Haniff, the principal of the following item, is quite well known in Roseburg. Only a few nights ago he gave a concert at the regular meeting of the Moose lodge. He also appeared before the members of the commercial club and other organizations.

MEDFORD, Feb. 18.—Carl Haniff,

known as the "human trombone," aged about 60, who appeared at the Isis theatre Sunday night in his specialty, that of imitating musical instruments, was found dead yesterday morning in his bed at Mrs. Wilson's rooming house on North Bartlett street. He was apparently in fine condition on leaving the theatre Sunday evening and death was due to catarrh of the heart, according to Dr. Seelye, who performed the autopsy.

Nothing is known concerning his origin or identity. Letters were found on his person from the Roseburg Commercial Club and other organizations before whom he had appeared in his performances, recommending him as an entertainer, but nothing to indicate who he was or where he came from.

The remains have been embalmed

APPLICATION DENIED.

SALEM, Or., Feb. 17.—In an opinion written by Justice Burnett, the supreme court today dismissed the habeas corpus application applied for by Frank F. Foster, convicted of assault and robbery in Douglas county, holding that the writ would not lie in the case. Attorneys for Foster attacked the constitutionality of the indeterminate sentence law, but the court did not rule on that question.

and will be held until something concerning him is discovered. He was evidently a German Jew, as many clippings and cards found in his clothes indicate.

Judge Riddle, who recently entered the race for county judge on the republican ticket, has withdrawn from the contest, according to information reaching The News office today. D. J. Stewart, father of Dr. Earl Stewart, and a well known local resident has entered the race in his stead. Candidates are becoming numerous for the general offices and a spirited campaign may be expected.

Dan Donohue, a local prospector, who a month ago struck a gold prospect a mile from this place, and who at that time was ready to sell his claim for \$100, has since taken in a partner in Bert Ross, of this place, and the two are working the claim. Yesterday the two men put in all day, doing the hard work, while a girl did the panning and the gold ran from \$10 to \$100 to the pan. When they quit for the night last evening, the proceeds of the day's work were found to be over \$100 in gold. Last Friday the men washed out \$1000 on the same claim and as a result excitement runs high and many of the local people are looking for claims. Canyonville Correspondent.

IS NOT GUILTY

William E. Caldwell is Acquitted by Jury Yesterday.

JENNINGS CASE IS DISMISSED

S. E. Krohn, a Local Druggist, Will Dismiss Appeal—Pay Fine of \$250 Assessed by Justice R. W. Marsters.

After a deliberation of less than 20 minutes the jury empaneled to listen to the evidence in the case of the State vs. W. E. Caldwell, charged with larceny, late last evening returned a verdict of not guilty in the circuit court. District Attorney George M. Brown had charge of the prosecution, while Attorney Elbert Hermann represented the defense.

The evidence adduced at the hearing tended to indicate that Perry, Wash. Moore and Caldwell met at Glendale on the day of the alleged robbery and drank considerable. In fact, they became intoxicated before night with the result that Caldwell was sent to a hotel to engage a room. The three men went to bed in the room, and the following morning Perry missed \$80 which he had in his pockets on the previous night.

A complaint was filed with Justice of the Peace Charles Nail, of Glendale, and Caldwell was later arrested and bound over to appear before the grand jury. The money was found in Caldwell's shoes.

Caldwell denied that he stole the money, when placed on the witness stand, and in defense claimed he had the coin for several weeks previously. He even went so far as to exhibit some corns on his feet, which he claimed were caused by carrying the money in his shoes.

The jury no doubt took cognizance of the fact that all three men were intoxicated, and released the prisoner. Caldwell lives at Portland where he claims to have been employed as a barber.

Jennings Case Dismissed.

The case of the State vs. F. W. Jennings, accused of shooting a valuable dog belonging to Ike Gervais, of Sutherlin, reached an abrupt end this morning when District Attorney George M. Brown filed a motion asking that the case be dismissed. The alleged crime is said to have been committed last fall, when Jennings and a party of Portland friends were hunting near Restons. It is understood that Jennings paid Gervais a satisfactory price for the injuries inflicted upon the dog. Jennings is said to be well known in Portland, where he holds a responsible position.

Will Pay His Fine.

It was stated this morning that S. E. Krohn, a local druggist, had decided to dismiss his appeal to the circuit court and pay the fine assessed by Justice of the Peace Marsters in the justice court. Krohn was convicted of violating the local option laws some time ago, and was sentenced to pay a fine of \$250 and serve 30 days in jail. The jail sentence was suspended during the good behavior of the defendant.

Byron Vs. The Bank.

The case of Mrs. John Byron, of Olalla, vs. the First National Bank, of this city is being heard before a jury consisting of Fred Hand, Paul Applegate, Henry Schrenk, R. A. Zer, B. W. Smith, D. N. Snyder, S. D. Moore, James Letherwood, Henry Burt, C. H. Lake, N. S. Carlie and John Absene, this afternoon. Mrs. Byron was represented by Attorney Albert Abraham, while Attorney O. P. Coshaw appeared for the bank.

Mrs. Byron testified that she deposited various sums in the bank, amounting in all to about \$4,300. This sum, she claimed was loaned by the bank without her authority or consent. When she ceased dealing with the bank she said her account book showed that the entire amount of her deposits had been loaned or withdrawn from her account. Mrs. Byron said she had neither received the principal of her deposits or the interest.

The First National Bank was a

Out of the Monroe Disaster May Come Greater Safety on the Ocean

Photos by American Press Association.

REVISION of the rules of sea navigation is expected to follow the Monroe disaster. It is believed that the United States will seek to change the international code so that in dense fog ships will be compelled to use greater caution against collision. The Monroe of the Old Dominion line, plying between New York city and Norfolk, Va., was rammed in a fog off the Virginia coast by the Nantucket. She sank within ten minutes carrying down about fifty souls. Eighty were rescued by the Nantucket. The smashed bow of the destroyer is here shown, the picture having been taken when the Nantucket was in drydock at Norfolk, Va., for repairs. The ill-fated Monroe is also shown.

few months ago merged with the Douglas National Bank of this city.

PRIZES ARE OFFERED CHILDREN OF STATE BY MR. CHURCHILL

Some May Take Advantage of Trip to Panama Exposition—Also Many Cash Prizes.

SALEM, Or., Feb. 18.—Trips to the Panama-Pacific exposition and to the state fair at Salem are among the prizes to be awarded in the industrial contests of school boys and girls, as announced in the premium list given out today by Superintendent of Public Instruction Churchill. More prizes and prizes of a higher class than ever before will be given. Churchill is confident they will be sufficient incentive for the pupils to set a new record.

The state fair board has appropriated \$500 for the expense of the boys' camp at the state fair. The camp will be composed of two boys from each county who have scored the greatest number of points in their club contests for the county. Meals, tents and cots will be furnished by the board.

In the juvenile department the state has been divided into two districts, the counties west of the Cascade mountains constituting the first and those east of the range the second. Prizes will be awarded for quality rather than quantity.

BORN.

NEIGHBORS—To Mr. and Mrs. Henry Neighbors, of West Roseburg, on Wednesday, February 17, a daughter.

LET VILLA DO IT

How to Punish Captured Bandit is Problem.

WAS CAPTURED IN U. S. TERRITORY

Outlaw and His Followers Responsible for Railway Horror in Mexico—Fourteen Americans Were Killed.

(Special to The Evening News.)

WASHINGTON, Feb. 18.—The state department is puzzled with the problem of what to do with Mammo Castillo, a Mexican bandit, who is responsible for the Cumbre Tunnel horror, who was captured with six of his followers by United States cavalry near Hachita, New Mexico. To

punish the outlaw for an offense committed in Mexico is quite out of the question, so authorities allege. It is also pointed out that he cannot be surrendered to the federal Mexican government without reversing the president's non-recognition policy. Then, again, because the rebels or constitutionalists have no official standing it is said that the prisoner cannot be turned over to Villa, who would certainly make short work of him. It is apparently up to somebody to devise a way to get rid of the undesirable prisoner.

Maximo Castillo, the bandit is charged with responsibility for the Cumbre tunnel disaster, in which ten Americans and 41 others lost their lives.

According to Captain White's brief dispatch they surrendered without a fight. They will be brought here.

Arrest Ordered by Wireless.

Castillo, to avoid a range of mountains on the Mexican side, made a detour which brought him into American territory. Captain White was on the watch, having received information yesterday from Walter McCormick, American manager of Las Palomas ranch, on the Mexican side, that the much-wanted man was in the vicinity. Captain White telegraphed by Army wireless to General Scott for instructions and was ordered to arrest the bandit should he be put foot on American soil.

Castillo set fire to a freight train in the Cumbre tunnel two weeks ago. The cars were burning when a passenger train crashed into it and every life aboard was lost. The tunnel is still burning.
