FOR A CLEANER AND MORE BEAUTIFUL CITY

To the citizens of Roseburg:
I take this opportunity to try to interest you for a cleaner and more beautiful Roseburg.

That in view of the 1915 exposition which is approaching and which will bring with it a stream of visitors, sightseers and tourists through our city, I would like for it to impress on these strangers the fact that we have the cleanest and prettiest town this side of Portland, or any other place along this line. To do this the city council must have the co-operation and support of all the citizens of the town, for what would be the use for the council to pass ordinances compelling the people to cut down the weeds if they would not take the interest to plant these parks in lawns or flowers, and cultivated them and assist in making this the cleanest city in the state.

Not only does it add to the health of our town but to the value of each piece of property as well as the sat-

isfaction to ourselves, for what better advertisement can a town have wherewith to impress strangers, than a clean street with lawn and flowers blooming in the parks along the streets, with the alleys and back yards clean.

Now, Mr. Property Owner, if you have a vacant lot with paved street in front don't you think it would pay to clean that lot up and plant the park with lawn or flowers? You are surely interested or you would not have that property. Therefore, let us all take hold and assist in cleaning up our town, remembering at all times that it adds value to our holdings, and your neighbor's as well. No, Mr. Businessman, you believe in advertising, so take a hand in this cleanup campaign, and assist to advertise our town. We need your assistance and trust that you will give it with a smile for all must help to make a cleaner and prettier Roseburg.

Next spring will find roses blooming where now stands the weeded jungles. Friends, with your co-op-

eration this can be accomplished and with very little expense to the city or the property owners. The results will surprise you in the end. I have requested the street committee to notify all the property owners who have sidewalks on the paved streets that are not on the grade and where there are none to be placed on the grade. This will give the property owners sufficient time to plant their park in a lawn this summer or early in the spring in flowers.

Again asking you to assist in the upbuilding and beautifying of our already beautiful city.

N. RICE, Mayor.

Agnes Smith returned to Oakland this afternoon after a few days spent in Roseburg visiting with her cousin, Merle Smith.

Big Celebration in Denver

DENVER, Feb. 20.—In an effort "to nationalize patriotism" in the United States, to make the citizens of every nationality come together in a body and celebrate as one people instead of individual nations, the patriotic societies of Denver, under the name of the Washington-Lincoln Commemorative Association, have joined to celebrate the birthday of Abraham Lincoln and George Washington simultaneously tonight. The promoters hope that their plan will be followed by patriotic bodies all over the United States next year. Governor Elias M. Ammons is one of the principal leaders in the movement. The celebration will be held in the municipal auditorium. Red white and blue will form the principal decorations but each nation represented has been given one box to decorate in its national colors. In this box will be seated the representatives of that nation garbed in their national dress.

The program will represent every nationality in the United States. The flag salute by school children will open the program followed by the highland fling and Scotch, Irish, Welch and Swedish songs and patriotic drills by Italian, Greek and Japanese societies, German, English, French and Russian songs, concluding with the national American anthem "The Star Spangled Banner". A tableau will close the program—"The Spirit of 1914," with Columbia seated surrounded by representatives of all nations on the globe.

Impeachment Verdict Soon

WASHINGTON, Feb. 20.—Decision on charges against Judge Spear, of Georgia, will be decided shortly by the house judiciary sub-committee. The time for filing a reply brief expired today, and the committee expected to get down to work immediately now that it has all the evidence in hand. Indications point to clean slating the judge on the count charging use of drugs, but the disposal of the other counts now stands in a more or less speculative position.

Who Wants to be a Mayor

FARGO, N. D., Feb. 20.—Advertisements appeared in many papers throughout the state today, announcing that any person who cared to become a mayor of a town could do so if he cared to buy the town of Saunders, N. D. W. W. Cook, the present owner and mayor of the town has tired of the job and wants to sell out to some other more desirous of political honors. Saunders sprung up almost in a night when the St. Paul railroad crossed Cook's farm. A station was established there and shortly afterward two grain elevators arose and later followed a couple of stores. As Cook retained title to the land, he became the duly recognized mayor and his title will fall upon his successor.

Lumber Shippers Heard

WASHINGTON, Feb. 20.—The interstate Commerce Commission today began a two days' hearing granted to lumber and forest products shippers, who are opposed to a grant of five per cent increase in Eastern railroad freight rates.

APPROVE TOLLS.

(Continued from page 1.)

March has assumed great proportions. Probably fifty additional newspapers have joined in the quest since seventy Scripps and Associated publications opened the campaign Monday. It is said that since the movement to locate the child was initiated probably 20,000,000 people in the United States and Canada have had their attention called to the matter through the publications engaged in the search. In response to the publicity instituted Monday reports of supposed clues are already coming in from every section of the country. During the four days the search has been prosecuted more than a score of Gypsy camps in various sections of the Middle West have been searched.

GATES AND DYER SENTENCED BY JUDGE CLEETON IN THE CIRCUIT COURT TODAY

Sentence is Suspended During Good Behavior of the Defendants—Both Live at Portland.

W. E. Gates, who recently pleaded guilty to larceny in the circuit court, appeared before Judge Cleeton for sentence this afternoon.

After listening to a statement of facts of the case as given by the district attorney, Judge Cleeton sentenced the defendants to serve a term of from one to ten years in the state penitentiary. Sentence was suspended upon the promise of Gates to return to Portland and secure some honorable employment. Under the terms of the parole, Gates is compelled to report to Judge Cleeton each month in person as well as writing a letter to District Attorney George M. Brown giving facts as to what he is doing. The parole also provides that Gates must refrain from indulging in intoxicating liquors and associating with bad company.

Gates was arrested a few days ago charged with stealing a handbag belonging to a lady passenger on a Southern Pacific train. The theft is alleged to have occurred while the train was running between Glendale and Ruckles. The handbag was recovered.

W. E. Dyer, who recently pleaded guilty on a charge of passing a worthless draft on the McClallen hotel, was this afternoon sentenced to a term of from one to ten years in the state penitentiary. Sentence was suspended upon the promise of the defendant to give himself to the authorities of the nearest naval station. Dyer is a deserter from the navy, and Judge Cleeton believes the naval authorities will welcome his return. In the event they refuse to accept him, Dyer will be compelled to report to the court authorities monthly.

CITY NEWS

The little three-year-old son of Mr. and Mrs. John Krohn, of Cleveland, was operated upon this morning for adnoids. The child stood the operation nicely, and Dr. Seely, the attending surgeon, anticipates entire success in the case. The little fellow's hearing was noticeably defective on account of the trouble, but will be restored. Mr. Krohn said this afternoon that they would remain in the city until the boy was perfectly able to stand the trip home, so as not to expose him to the prevailing storm.

In regard to a statement published in a recent issue of a local newspaper, in which Mrs. Edward Noah denied that she was struck by her irate husband, The News desires to inform the public that the alleged facts concerning this particular trouble were secured from Sheriff George Quine and other local peace officers. When Mrs. Noah was found in an unconscious condition on a sidewalk on Fowler street she told Jack Whitsett and other persons that she had been attacked by her husband and beaten. She later repeated this story to Sheriff George Quine, District Attorney George M. Brown and other officers. When the story of the facts connected with the case appeared in The News Mrs. Noah came to this office and stated that she desired to have the article corrected in order to satisfy her husband, who had threatened to leave her in the event she did not stop the unpleasant publicity. The News informed Mrs. Noah that the article was correct and that a retraction was unwarranted. In order to satisfy her husband, Mrs. Noah then went to another newspaper office where she prevailed upon the editor to publish statements which were apparently incorrect. Mrs. Noah was beaten by her husband and ejected from the family home, or she deliberately misrepresented to the officers when questioned by them regarding the trouble.
