GIRHAN GLEANINGS

J. Herbershing, a railroad man from Illinois, is building a new residence adjoining the home of Tom Heavens.

A most successful sociable was held at Grange hall Thursday evening for the benefit of the church. Quite a neat sum was realized from refreshments. Mrs. Dr. Goddard deserves no end of praise for the active interest taken in the affair.

The religious services at Grange Hall Sunday were well attended. There was preaching by Rev. Mathis. Services will be held every other Sunday until such time as a new church can be built.

Mrs. A. J. Kistie, who purchased a fruit tract on the highway some time ago, is having a family orchard set out this week.

Rev. J. N. McConnell, of Dodge City, Kan., owner of one of the choice fruit tracts, is setting five acres to prunes.

The weather the past week has been especially favorable for tree planting and it seems as though every other man in the valley had acquired the planting habit.

Donatha Daltoss, of Roseburg, spent the week with her aunt, Mrs. De Ross, in Happy valley.

L. L. Cochran, of Fort Dodge, Kansas, a recent arrival has invested in a ten-acre fruit tract and is having the same planted to prunes.

Harvey Moore visited his grandmother, Mrs. M. L. Moore, Sunday. M. H. Green has the prune habit, and is busy this week planting ten acres to Italian prunes.

Robert Green and wife are home after a few months sojourn at Newport. Mr. Green says one of the attractive features of that seaside resort is an annual precipitation of eighty inches.

George W. Burt, of Happy Valley, is preparing the ground for six acres of alfalfa. Mr. Burt is a firm believer in the future of alfalfa, and is one of the best boosters in the valley.

L. B. Moore and wife spent Sunday with Mr. Moore's parents. The Merry-Go-Round Social Club will be entertained Wednesday afternoon at the home of Mrs. Robert Greens.

HELEN KELLER IN ROSEBURG ON MARCH 26

Don't fail to see and hear Helen Keller, the world famous deaf, dumb and blind lady who with her teacher, Mrs. Macy, will appear under the auspices of the Ladies Auxiliary of the Commercial Club at the Antlers theatre March 26, and will deliver her wonderful lecture, "The Heart and Hand, or the Right use of Our Senses." Every one should hear this. Remember the time and place. 317-tf

tracts is an indication of mature judgment displayed by everyone planting this spring, as a ten-acre Italian prune orchard in a short time will net a neat income for every orchardist.

H. C. Callart has just finished planting a ten-acre tract to prunes.

M. C. Weatherford has added five hundred prune trees to his orchard tract.

Harry Lander, Sr., suffered a severe attack of paralysis last week. He shows signs of improvement and hopes are entertained for his early recovery.

If Jack Frost remains on his present good behavior the balance of the season, there will be a fair crop of apricots. The trees are loaded with bloom.

Mrs. Stella Woodruff, who owns one of the Fisk fruit tracts, is preparing to build a bungalow on the same this spring.

J. W. Nelson, a recent arrival from Oklahoma, has rented the McDonald home on the Pacific Highway. Mr. Nelson expects to locate here permanently as soon as he can purchase a ranch to his liking.

Rowe Weber and Henry Lander, Jr., are each planting a ten-acre tract to prunes.

The road leading from the Pacific highway to the Happy Valley ferry is in a most deplorable condition and

we sincerely hope that if this item comes under the observation of Judge Rice or any member of the county board, that they will start something.

One of the social events of the season was given by Mrs. L. B. Skinner assisted by Mrs. Fred Winton and Mrs. Carl Smithheiser at the Skinner ranch Monday evening, in honor of St. Patrick's Day. The home was beautifully decorated in green and even the delicious refreshments served were tinted with St. Patrick colors. Games were indulged in during the evening, concluding with a most entertaining musical program. It was St. Patrick's Day in the morning before the guests departed, and everyone present expressed themselves as having spent a delightful evening.

The school question is practically settled and it only remains for the board of appraisers to fix a price on the land required. It is to be hoped now that all the opponents of the proposition will fall in line, and encourage the directors to give us a good substantial school building.

Henry Simmons returned from Portland Saturday where he has been employed for the past two months. He expects to return to the metropolis in a few weeks.
