GARRISON, N. Y., May 26.—Mrs. Stuyvesant Fish, leader of New York's social set, died last night of cerebral hemorrhage at Glenclyff, her summer home here. She had been ill only a few hours. Her husband was with her when she died.

Mrs. Fish was about 60 years old. She was born in New York. Her maiden name was Marion Graves Anthon. On June 1, 1876, she was married to Stuyvesant Fish, railroad man and financier, son of Hamilton Fish, secretary of state in the cabinet of President Grant.

TO DARKEN VENICE.

VENICE, May 27.—The military authorities have given orders that no lights be displayed in Venice between sunset and sunrise that can be seen from above the city. This is a measure of protection against attack by aeroplane.

The people of Venice are normally much abroad at night, but now they are staying up even later than usual. They enjoy the aspect of the city without light and are eagerly looking for an Austrian aeroplane.

SHARP BREAKS IN STOCKS ON NEW YORK EXCHANGE

NEW YORK, May 27.—Yesterday's dull and heavy stock market was again dominated by fears of further foreign complications.

Further heaviness in war contract shares marked the day's early deal-

IS NEW CHIEF OF A "HIGH BROW" BUREAU

Dr. E. Lester Jones.

Dr. E. Lester Jones is the new chief of the U. S. coast and geodetic survey, described aptly by a Washington newspaper man as "one of the government's extremely 'high brow' bureaus of public service."

Born in New Jersey, Dr. Jones early began a course of intensive study that took him through several schools in this country and then carried him through a special course at Heidelberg, until now at the age of forty he is one of the foremost scientists in the whole government service.

Losses on the stock exchange. New York Air Brake declined four points and losses of one to two points were scored by Pressed Steel Car, Crucible Steel, Westinghouse and kindred issues. Canadian Pacific was heaviest of the high priced railways, losing 1 1/2 with material recessions in Union Pacific and Reading. Interborough common and preferred were the only exceptions to the general tendency, rising two points. A moderate rally ensued before the end of the half hour.
