Can Uncle Sam Preserve Neutrality?

Our foreign relations have been strained almost to the breaking point. The United States has been led down to the very brink of war. The Cartoons of the country have interpreted the spirit of the times, and are recording with their pens this spirited chapter in the nation's history.

CARTOONS MAGAZINE
(Published by S. S. Winter, Publisher of Pacific Northwest Magazine)
Promote every month the cause of neutrality both in America and Europe. It is a veritable panorama of the war. What the nations think of each other is best told by the cartoons which are under the surface and echo the very thoughts of the people. Cartoons Magazine is the most fascinating continued story of world events ever written. The pictorial pages are supplemented by well-selected editorial comments and special articles. Invaluable to the library, the business man, the student of current events.
