Attempt Made to Blow Up the Windsor Armory

DYNAMITE STICKS FOUND ON FLOOR

Cap Explodes But Clock Mechanism Failed to Work Saving The Lives of Many Troops.

DETROIT, June 21.—An attempt was made last night to blow up the armory at Windsor, where troops are quartered, simultaneously with one made to destroy the Peabody overall plant. Two hundred soldiers were asleep in the building at the time, when a man on guard at 5 a. m., stumbled over 26 sticks of dynamite to which was attached a fuse partly burned. The authorities at Windsor believe German spies are responsible for the attempt, and that they smuggled the explosive across the border from Detroit during the night.

Clock Failed to Work. WINDSOR, Ontario, June 21.—One woman and two men are believed to be responsible for the explosion of dynamite which wrecked the plant of the Peabody Overall Company, in Walkerville early this morning, and to have placed a heavy charge of the same explosive in an attempt to destroy the armory here in which troops were quartered. Only for the fact that the cap on the fuse failed to work properly, prevented the destruction of the armory and the annihilation of the two hundred troops sleeping there. German agents are suspected. A suit case containing 26 sticks of dynamite and bearing a clockwork attachment was found at the armory early this morning. The cap was exploded, but the mechanism was faulty and the dynamite failed to go off.

ROSEBURG WINS CO. CHAMPIONSHIP

In an exceedingly hard fought and fast game of baseball, Roseburg won the Douglas county championship yesterday by defeating the Canyonville team by a score of nine to two. The game was played at the Canyonville grounds before a large crowd over a hundred of whom were Roseburg fans. Both teams were working in fine shape and for the first three innings neither side was able to push a man across the plate. In the fourth Ackley started the fireworks by slamming out a single. Perry, who followed, went to first on an error. Matthews then connected with the sphere for a double, scoring Ackley and Perry. Roseburg gathered another run in the sixth, when Perry was passed to first and by perfect base running scored. Two scores were annexed in the seventh when Hargreaves went to first on an error, when another allowed him to take second while Goodman took first, another hit by Ackley scoring both. Roseburg was blanked in the eighth, but came back strong in the last frame when three men made the circuit. Hargreaves hit for two bases, Goodman went to first on an error, and Ackley cleaned thing up with a home run.

Canyonville's two runs came in the sixth when Baker hit for a double, Rice and Mattice both gained bases on errors, scoring Baker and Rice scored on a second error. This was the only bad inning for Hargreaves, the Roseburg twirler, as he only allowed two hits during the entire game.

Miller, the Roseburg catcher, made the most sensational play of the day when he made a hard run through the crowd and caught a high foul ball. Ackley also came in for a share in the honors by catching three hits out of five times at bat.

A HUGE VOTE WAS POLLED

Merchants Exposition Contest Closed Saturday Night.

WINNERS ARE TO SEE THE EXPOSITION

Most Popular Contest Ever Held in Roseburg Draws to an Exciting Finish—Winners Are Well Known.

Table with 2 columns: Name and Votes. Includes Maude Wilson (4,724,820), Frances Alley (3,961,255), Beth McElhinny (3,904,620), Mrs. F. H. Vincil (3,836,575), Constance Moore (2,370,125), and Grace Elder (1,929,805).

THE WINNERS.

The Merchants Grand Exposition contest came to a close last Saturday night with the result as noted at the head of this column. Over nine million votes were cast during the closing week and it took seven counters more than an hour and a half to do the counting. The result did not change the standing of the contestants from Roseburg from the result of the past two weeks. Miss Echo Gaddis, who has worked diligently during the contest was in fifth place at the count a week ago and could not overcome the lead which Mrs. Vincil obtained.

The country contestants made a merry race. Miss Grace Engles, who has been in the lead from the country for several counts fell below the margin in the final count, Miss Elder winning out by several hundred thousand votes. Miss Engle polled 252,560 votes during the last week but needed something over six hundred thousand more.

The exposition contest has been free from any personalities so frequent in contests of this kind. While there are regrets that a favorite candidate was not successful, the regret is because more votes could not have been polled. The regret of the merchants is that all cannot take the trip, for all the candidates worked hard, willingly and honestly.

Just as soon as definite arrangements can be made for transportation, and other matters connected with the trip the date when the six young ladies will leave will be announced. They will spend the two weeks at the exposition as the guests of the merchants.

The Merchants Grand Exposition contest was the most popular contest ever held in Roseburg. From the very start it became spirited and the soliciting of votes was carried on, not only by the contestants themselves, but by many of their friends. Every move, however, was made in the most friendly spirit and good nature prevailed throughout the five months that the contest lasted.

AUSTRIAN RULER ANGRY; ITALIAN SUCCESS IS CAUSE

ROME, June 20.—According to

confidential information available here, Emperor Francis Joseph has been highly dissatisfied with the military and naval operations against Italy. He blames General von Conrad, chief of the army staff, and Admiral Chiari, chief of naval staff, who failed to secure the frontier and coast, despite ample warning that Italian intervention was imminent.

In an outburst of anger, Emperor Francis Joseph relieved Generals Fankl and Rohr of their commands. As to the navy, the emperor summoned Admiral Chiari to Vienna and warned him that his duty was to fight and not to keep the fleet bottled up at Pola, passively awaiting Italian investment by land and sea, and the probable capture of many warships. The emperor is reported to have told the Admiral that unless the fleet were used he would ask the Kaiser to send German naval officers to assume command.

The result of the imperial reprimand was the bombardment of the Italian coast. An Austrian cruiser set out from Pola protected by eight destroyers and and torpedo boats to bombard the undefended coast towns.

TREE FALLS ON MAN AND CAUSES DEATH

CANYONVILLE, June 21.—John Hanks, an aged man of more than 87 years, met with a serious accident Saturday afternoon, from the effects of which he died early Sunday morning.

Deciding to fell a tree which he thought obscured his view, he left home shortly after dinner, nothing further being heard of him until about five o'clock, when two small boys sons of a neighbor, who hearing his cries for help, sent the boys, with the result that they found him in a dying condition, with his lower limbs smashed, one leg being broken in no less than 14 places. In addition he had sustained internal injuries, which on account of his advanced age resulted in death about two a. m. Sunday. It is thought the tree split some distance from the base, and falling onto the deceased, caused the injuries from which he died.

Hanks was an old time resident of this country, and lived with a son on a small place near the Days Creek postoffice. The funeral was held at Canyonville this morning.
