 November 5, 1909, at Roseburg, Ore.,
 under act of March 3, 1879.

WEDNESDAY, JUNE 7, 1915.

COMMUNITY INTEREST.

Talking about community interest, this is the way the Myrtle Creek Mail sizes up the railroad proposition here in Roseburg. The editor of that live paper and the citizens of that enterprising and flourishing place are not backward in stating the good this railway and its connecting enterprises will be to all of Douglas county. They appreciate the fact that Roseburg will not be the only gainer by the installation of such business enterprises and the building of the timber belt railroad. The Mail says:

"The establishment of the Kendall sawmill and railroad from Roseburg to the timber belt should be good news to every taxpayer in Douglas county, since it will add at least \$1,000,000 to the property valuations and bring in a snug little sum of taxes for carrying on our state, county and local governments. While we all have to pay enough tax, after all it is the big corporations which furnish most of the tax money. So it is to the interest of all of us to come in and invest their money in new enterprises."

THE SUIT CASE DECISION.

The decision of Judge Hamilton in the suit case ordinance trial did not occasion much, if any, surprise, for it was the general opinion that it would not stand the test if brought before the highest tribunal in the state. It was a hard law to enforce because unpopular and drastic. The decision was rendered on purely technical facts and points of law as to whether the city council had authority to enact an ordinance of this nature under the faulty city charter, and the judge decided it had not.

Nothing has stirred the authorities of this country for a long time, as have developments in the case of the man who attempted to assassinate Morgan. The authorities are not satisfied that there was not a wide spread conspiracy to terrorize the people of this country through threats and the actual performance of deeds of violence. They do not think the madman who has taken his own life was capable of attempting alone, all he accomplished and threatened. The only wonder is that this country is not the scene of more such outbursts, having as their motive the injury of one or the other of the combatants in the old world, through some enterprise in which their citizens may be interested here. There are adherents of all the belligerents living in this country, who while nominal citizens, will not stop at anything that may work an injury to the other. Up to within the past few weeks the government authorities and police officials have not given this phase of the European war much concern, and many things have been done which would have not been allowed in any other country but it is evident that they are now drawing the lines much closer, and none too soon.

If you were one of the subscribers to the Chautauqua for this season, when the committee made its canvas last year, you should not refuse to take them now that the course is all arranged for and will begin next week. It is not fair to those whose guarantee made this splendid entertainment possible, that they should be met with cancellations now.

NOTICE TO SUBSCRIBERS.

Beginning July 1, The News will make a special rate for one year subscriptions paid in advance. If any subscribers are in arrears, these must be paid up to July 1, 1915, at regular rates which are \$2.00 for the Semi-Weekly and \$3.00 for the daily by mail, and the special rate added to this for another year. This offer positively holds good only during July. Owing to the higher prices on materials, the rate made in previous years cannot be maintained, and the rates published here are the only ones which can be accepted. The special rate will be for the Semi-Weekly \$1.25 per year and the daily \$2.50 per year by mail; daily by carrier \$4.00. The News will be pleased to receive your renewal.

**BRUSATI BROTHERS
 PLAY A BIG PART IN
 ITALIAN CAMPAIGNS**

Morning Chautauqua Programs

Among the most profitable of the Chautauqua sessions will be the morning meetings, which will probably be attended for the most part by the women, though they will be of much interest to the men if they have time to attend.

Those who belong to study clubs will get much help from the morning hour lectures, as they take up a serious side of study along such topics as literature, history, national advancement of various countries, social work and the like.

One morning the subject may be "Ibsen," and one of Shakespeare's works another. Or the speaker might discuss the subject of child labor in Europe and the United States. Whatever it is, she is sure to give first hand information in a vivid, authoritative manner which will leave her hearers well paid for their time.

**"The Story Beautiful,
 a Chautauqua Masterpiece**

This Classic Makes Appeal to the Senses of Sight and Hearing.

"The Story Beautiful" is a classic from the standpoint of art, oratory and musical attainments, and yet, because of its strong appeal to all senses who will hear and see it, this number on the coming assembly deserves to be called a popular entertainment.

Because of its uniqueness it is difficult to give in a few words an adequate conception of it.

One of the most brilliant, powerful and dramatic speakers, Father Patrick J. MacCorry of St. Mary's cathedral, Wichita, Kan., has woven a thrilling lecture about a series of unusual views and reproductions of famous paintings. Many of the paintings shown are by the master painters of the world and are hidden far from the eyes of the curious. How Father MacCorry secured them is not a part of this story, but it may be said that there are few who could secure permission to copy them, and the coloring of the slides is wonderfully well done. They are as beautiful as the originals and far above any slides commonly shown.

While the pictures are being shown Father MacCorry gives his lecture. No orator has a more musical tone or more dramatic intonation, and while he speaks a single ray of light reveals

Ciriello's Italian Band was on the Pacific coast last season, it will be recalled, and its popularity then was so marked that every Chautauqua wanted it returned the present summer. One of the cities visited a year ago was Wenatchee, Wash., and the Daily World in speaking of the concert said: "Boom! Like the crack of a twelve inch gun was the crash of the first note sounded by Ciriello's Italian Band at the Chautauqua tent last night. The audience of nearly 2,000 was startled and did not relax during the two hour concert. It was a remarkable event."

"Ciriello is different from what the advance notices indicated. In no respect does he resemble Creatore or Ferrullo, the fire eating directors to whom he has been compared. He is more like Sorentino of the Banda Rosa, possessing all the gracefulness of that master, but far more inspiring. He is not a gymnast, nor does he ape the hypnotic Svengali, casting a spell over his musicians like a tribe of Trilbys. He appears unconscious of his own personality, as though lifted out of himself and the material world. He seems to be floating upon the surface of a vast ocean of harmony, pushed hither and yon by the billows of massive sound, rising with the swells in easy crescendo, reaching naturally the climaxes when the waves break, the awful din and apparent confusion creating a fear that he might be submerged, but always extricating himself from the turmoil with grace and mastery."

Two concerts will be given at the Chautauqua here by Ciriello's Band.

What would you rather have in place of the Chautauqua? You will have Chautauqua—or something.

It has been the struggle of the world to get more leisure, but it was left for Chautauqua to show how to use it—James A. Garfield.

Chautauqua makes people read and talk and do. It brings to our doorsteps the best things taught, preached and practiced in schools, colleges, churches and social centers.—T. W. Stewart.

The oldest Chautauqua is at Lake Chautauqua, N. Y. The largest Chautauqua for eight days or less is at Lincoln, Neb. The richest is at Wagon Lake—over \$1,000,000 invested in grounds and electric railway. One of the largest chains of Chautauquas is that conducted by the Ellison-White Chautauqua System—110 Chautauquas

The Chautauqua is a sane Fourth of July lasting a week.

Invest in a season ticket and present yourself with a good time.

**Only 5% PLUS
 for the
 Best "Non-Skid"**

PRACTICALLY all Non-Skid Tires that make serious claims to non-skid efficiency cost you 10% to 30% more than Plain Tread Tires of same brand and material. Goodrich Safety Tread Tires cost you only 5% more than our plain tread tires. Here's how and Why!

FORTY-FIVE years of Rubber working (in what is now the World's largest Rubber Factory) has taught us a few Kinks and Short-cuts that are not common to the Trade.

One of these now comes to the help of your Pocket-book. Through the simple process of Thinking Hard (and being Candid with ourselves) we have found a Short-cut to make the best Safety Tread ever put on a Tire cost us only about 5% more than it costs to make the Plain-Tread of similar quality.

Goodrich Safety Tread Tires cost you only 5% more than our own or any other plain tread tires. Note the following table of comparative prices on non-skid tires. Columns headed "A," "B," "C" and "D" represent four highly advertised tires.

Size	Goodrich Safety Tread	OTHER MAKES			
		"A"	"B"	"C"	"D"
30 x 3	\$9.45	\$10.55	\$10.95	\$16.35	\$18.10
30 x 3 1/2	12.20	13.35	14.20	21.70	23.60
32 x 3 1/2	14.00	15.40	16.30	22.85	25.30
34 x 4	20.35	22.30	23.60	31.15	33.55
36 x 4 1/2	28.70	32.15	33.60	41.85	41.40
37 x 5	33.90	39.80	41.80	49.85	52.05

By testing out these Goodrich Safety-Tread Tires on a large number of Taxicabs (where they could be competitively observed and carefully checked up at the end of each day's use) and by comparing their actual performance with that of our own, and other Plain-Treads, of much higher price, we have had this fact forced upon us—

Viz:—That there is SURPRISINGLY more Mileage, in Goodrich Safety Tread Tires, than in our own, or any other, make of Plain-Tread Tires. So MUCH more Mileage, for only 5% more Cost looked so good to us that we decided to give Car Owners the benefit. Here's what we now offer you! The best Non-Skid Safety Tread ever put on the market, and it costs you only 5% more than our best plain tread tire.
