People who desire to see the Liberty Bell should not take any chances that there will be a delay in its arrival here. All reports show that the train is making its schedule promptly on time, and are not making the stops any longer than has been announced. There is no reason why it should arrive here one quarter, or one half hour later than announced, which is 8:15 on tomorrow night. If it is on exact time, those who depend on its being late will be only a slight wait. So be at will be on ya slight wait. So be at the S. P. station not later than 8:15.

There is a plan on foot for the Twilight League ball team to give a game next Wednesday afternoon for the benefit of the Chautauqua fund, and see if the deficiency made good by the guarantors can not be made up. It has been suggested that perhaps the merchants will close their places an hour earlier that afternoon, so that a good crowd can get out.

Accused of disorderly conduct Harry Clark, a resident of the Soldiers Home, was arrested last night by Marshal Williams. On being arraigned before the recorder today, Clark entered a plea of guilty. He was sent to the home with orders to stay there for five days when he would again be allowed to come back over to town.

Only 5% PLUS for the Best "Non-Skid"

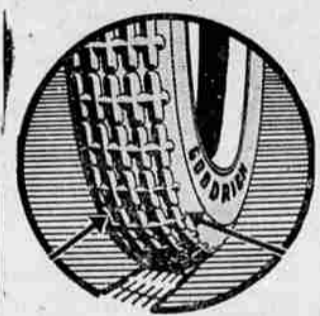

PRACTICALLY all Non-Skid Tires that make serious claims to non-skid efficiency cost you 10% to 30% more than Plain Tread Tires of same brand and material. Goodrich Safety Tread Tires cost you only 5% more than our plain tread tires.

Here's how and Why!

FORTY-FIVE years of Rubber working (in what is now the World's largest Rubber Factory) has taught us a few Kinks and Short-cuts that are not common to the Trade.

One of these now comes to the help of your Pocket-book.

Through the simple process of Thinking Hard (and being Candid with ourselves) we have found a Short-Cut to make the best Safety Tread ever put on a Tire cost us only about 5% more than it costs to make the Plain-Tread of similar quality.

Goodrich Safety Tread Tires cost you only 5% more than our own or any other plain tread tires.

Note the following table of comparative prices on non-skid tires. Columns headed "A," "B," "C," and "D" represent four highly advertised tires.

Size	Goodrich Safety Tread	OTHER MAKES			
		"A"	"B"	"C"	"D"
30 x 3	\$9.45	\$10.55	\$10.95	\$16.35	\$16.10
30 x 3 1/2	12.20	13.35	14.20	21.70	23.00
32 x 3 1/2	14.00	15.40	16.30	22.85	25.30
34 x 4	20.15	22.30	23.50	31.15	33.55
36 x 4 1/2	23.70	25.15	26.60	41.85	44.40
37 x 5	33.90	36.80	41.80	49.85	52.05

By testing out these Goodrich Safety-Tread Tires on a large number of Taxicabs (where they could be competitively observed and carefully checked up at the end of each day's use) and by comparing their actual performance with that of our own, and other Plain-Treads, of much higher price, we have had this fact forced upon us—

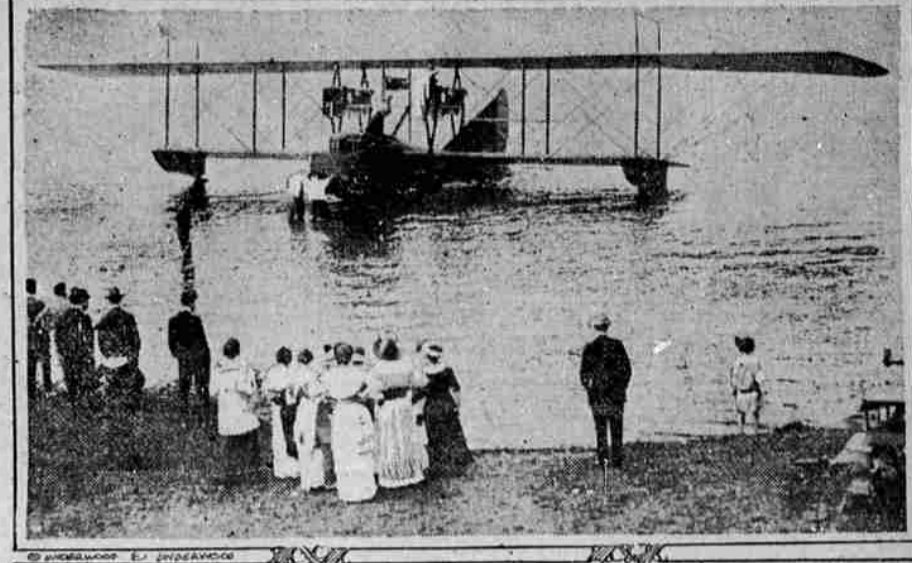

—That there is SURPRISINGLY more Mileage, in Goodrich Safety Tread Tires, than in our own, or any other, make of Plain-Tread Tires.

So MUCH more Mileage, for only 5% more Cost looked so good to us that we decided to give Car Owners the benefit.

Here's what we now offer you! —The best Non-Skid Safety Tread ever put on the market, and it costs you only 5% more than our best plain tread tire.

ENGLAND ORDERS 20 GIANT FLYING BOATS OF "AMERICA" TYPE

The "America," photographed shortly before being taken to England.

A new \$500,000 order for flying boats of the type of the America, the great oversea vessel that was constructed before the war for a flight across the ocean, has just been placed at Hammondsport, N. Y., by the British government. The order is for twenty of the flying boats at \$25,000 apiece. The America was shipped to England shortly after the outbreak of the war, and is one of the best hydro-aeroplanes in the British service.

NEW YORK, July 14.—A new \$500,000 order for flying boats of the type of the America, the great oversea vessel that was constructed before the war for a flight across the ocean and then was shipped to England shortly after the war began, has just been placed at Hammondsport, N. Y., by the British government, according to information which reached members of the Aero Club of America. The order is for twenty of the giant flying boats at \$25,000 apiece, and is the largest order for this type of machine that the British government has placed since the beginning of the war. According to Henry Woodhouse, Manager of the Aero club, orders for flying machines of various types and for motors which have been placed in America by the belligerent countries, including this newest order now aggregate about \$7,000,000. European nations that are still neutral, however, are also beginning to clamor for American aircraft, according to Mr. Woodhouse.

S. C. Bartram, accompanied by his wife and an expert wire man, spent the afternoon at Rock Creek where they installed a telephone in the camp of Dexter Rice. This phone will be a convenience for campers who frequent this popular place. When the line is completed one can talk with Portland or any other long distance point in the state.

Ed. Jennings, who has been working at the gravel bar out at Shady Point, received severe and painful injuries late this afternoon by having some heavy timbers fall upon him. In some way a heavy piece weighing some 40 pounds became loose and fell from a distance of 15 feet, striking him on the left foot, tearing his shoe entirely off and crushing the foot. He was brought to the city and medical aid given. Owing to the severe wrench, the injury will lay him up for some time.

STARVING MEXICANS FIGHT LIKE BEASTS FOR FREE CORN

Mexicans in line to receive free corn at distributing point in Tampico.

The accompanying photograph recently received from Tampico by the American Red Cross shows the starving people of Mexico striving to reach the point where free corn is being distributed, and indicates the unhappy condition of the noncombatants in the revolution ridden republic to the south. These people have been facing starvation for months and now have reached the acute stage where only food supplies from the United States or some other outside agency can save them from death.
