Fair Tonight and Tuesday; Continued Warm. Highest temp. yesterday 84. Lowest temp. last night 51.

ROSEBURG WINS FAST BALL GAME

Famous Pitcher Does Not Take Mound As Scheduled.

FINAL SCORE ENDS 6 TO 2

Game Witnessed By One of The Largest Crowds Ever Present On The Local Ball Grounds.

Disappointed, but happy the Roseburg baseball fans left the grounds yesterday after seeing the Roseburg Regulars walloping the Grants Pass aggregation to the tune of 6 to 2.

Pernoll, the great and mighty Grants Pass-San Francisco-Detroit, etc., twirler failed to occupy the mound until the last inning when he went to the box and allowed the local boys to pound out a couple of good rousing hits. Joydon, the ex-Northwestern league catcher, who was to have played with the Southern Oregon team was called just before the team left Grants Pass, to leave on his regular railroad run and was unable to make the trip, and as the usual catcher was unable to hold Pernoll's speedy ones, Cornell went to the box for Grant's Pass. Although he did not pitch for his team the famous twirler slammed out a home run and a couple of likely looking singles and in the last inning came within a few feet of tying the score as he pounded the ball almost to the fence while the bases were full.

Grants Pass first at bat sent five men to the plate, but none made the circuit, the three outs being made in an easy and satisfying manner, the first man grounding to short, the second while the third man filed to right field.

The Roseburg men went down in 1-2-3 order although Althaus hit out a nice little single, but was thrown out when Ackley filed to right field.

In the next two innings the Grants Pass team failed to score, four men facing Hargreaves in the second, and three in the third.

In the Roseburg half of the second inning all but one man went to bat, three runs being made after two men were out. Dysinger, first up, fanned; Hargreaves singled and went around, but was thrown out at the plate. Goodman singled and Althaus went to first on a fielder's choice when Dysinger was thrown out. Ackley was passed and Miller was hit by a pitched ball. Goodman

coming across for the first run. Perry went to first on an error and Althaus and Ackley scored. Matthews fanned. This ended Roseburg's scoring until the seventh inning.

Grants Pass gathered its first score in the fourth inning when Pernoll waltzed to the plate and gently deposited the elusive sphere over the left garden fence. Bender, the next up, singled, but as the following batter failed to connect he was left on base.

In the seventh Dysinger went to first on a single and Goodman advanced him by a nice little single through short. Althaus sacrificed, scoring Dysinger. Goodman scoring on Ackley's hit.

In the next inning Pernoll went to the bat and the Roseburg boys manager to slam out a couple of nice singles before they were retired, although no one crossed the plate.

Grants Pass made one more run in the last inning when Hamilton went to first on an error, and was advanced by Cornell and scored on Fanbian's hit.

The large crowd which was present was very much disappointed when it was announced that Pernoll was not to pitch and as he had advertised that the famous southpaw would take the mound, the Roseburg manager insisted that he pitch at least one inning. Had he been in the entire game the local boys would probably have run the score much higher, as they got as many hits in the last inning as in any other and they said that Cornell was much harder to hit than Pernoll. In all Roseburg annexed eight hits, ten men going out by the strike out route. Grants Pass obtained seven hits and Hargreaves fanned nine of their hitters.

CARRANZA LEAVES CITY OF MEXICO

WASHINGTON, July 19.—Mexico City has been evacuated by the Carranzistas. Lansing admitted this afternoon that advice had been received from the Brazilian minister in the capital, that General Gonzalez' troops had left the city and were headed toward Pachuca. This upset the speculation as to the possibility of Carranza being recognized by the United States. It was believed last week that the capture of Mexico City and the resumption of order there, might be followed by the Carranza government being recognized.

BRUTAL ATTACK ON LEO FRANK

Butcher Knife Used With Nearly Fatal Results.

VICTIMS WIFE RUSHED TO HIS BED SIDE

Alleged Slayer of Little Mary Phagan Victim of Vicious Assault in Prison.

MILLEDGEVILLE, Ga., July 19.—The condition of Leo Frank, whose throat was cut on Saturday night by William Green, a fellow convict at the prison farm, is serious. Dr. Rosenberg declared that Frank's condition was critical but he had a chance to recover. The wound in the throat is swelling, indicating infection, and he suffers great pain. His wife is with him.

MILLEDGEVILLE, Ga., July 18.—Leo M. Frank, whose death sentence for the murder of Mary Phagan recently was commuted to life imprisonment, was attacked by another prisoner at the state prison farm here Saturday night and seriously injured by being cut in the throat. Prison officials said that the at-

tack on Frank was made by Wm. Green, who also is serving a life term for murder. Frank's recovery is said to be doubtful.

The attack on Frank, which was made shortly after 11 o'clock, was made from behind. The assailant used a butcher knife. Frank's jugular vein was cut, but neither the spinal cord nor the windpipe were cut.

The attack was made in the dormitory. Green is alleged to have had the knife secreted in his clothing.

Attack Was Sudden.

So sudden was the attack that the guard had no time to stop it. Frank fell to the floor, his cries calling the attention of the guards, who switched on the lights. Blood was spurting from Frank's wounds and another prisoner was trying to make his way back to bed. A knife made from a file and which the convicts had used in killing hogs during the day, was found on the dormitory floor.

Dr. Geo. B. Campton, the prison surgeon, was immediately called, but before he could reach the prison dormitory two surgeons who are serving terms in prison were at Frank's side, administering first aid.

"I guess they've got me," Frank is quoted as having said to the doctors when they reached him. He did not lose consciousness. Frank was removed to the operating room in the hospital, where the wound was dressed. The physicians had not succeeded in stopping the flow of blood at last reports. Prison officials said Frank had a chance to recover, but that his condition was very serious.

CRISIS REACHED IN COAL STRIKE

LONDON, July 19.—The greatest crisis since the beginning of the war can only be averted in England by the government taking over the coal mines. This is the growing conviction of the officials when the cabinet met in special session to consider the strike in South Wales. It is the belief of the government that the miners would not object to a temporary control of the coal fields by the crown. This would remove the chief contention based on the belief of the miners that the operators are amassing huge fortunes from the war prices on coal. The miners demand a share of the increased proceeds of the operators. Unless the mines are taken over by the government, investigators declared that a settlement of the dispute was remote.

CABINET TO SEE NEW BERLIN NOTE

WASHINGTON, July 19.—The new American note to Berlin is almost certain to be presented to the cabinet tomorrow by the president and Lansing. With the return of the president from Cornish, quick work was made with the new communication in conference with the premier. There was not much obtainable afterward, but the atmosphere indicated that the proposition had been whipped into shape as the president desired. The cabinet meeting tomorrow will be more or less perfunctory. The members are unqualifiedly behind the position of the president that American rights of safe travel on the seas must be

JOFFRE DEFEATS CROWN PRINCE

Attempt To Pierce French Lines is Abandoned.

GERMAN DEFEAT REPORTED IN POLAND

Lloyd George Will Plead With Miners to Resume Work, So Factories Will Continue to Run.

PARIS, July 19.—The forces under the German crown prince were defeated with heavy losses at Argonne, so severe was the repulse inflicted that no attempts to pierce the French lines have been renewed since Tuesday, the war office announced. The repulse of a strong German attack in the Astoria region is also announced. In the face of shrapnel the Germans were thrown back in confusion. The statement said that the enemy abandoned hundreds of their dead and wounded. Germans Repulsed in Poland.

PETROGRAD, July 19.—A severe repulse administered to the forces under von Mackenzen south of the Lublholm railway, temporarily checked the advance of the German drive against Warsaw. The official statement declared that the enemy was shifting troops from other fronts to the assistance of von Mackenzen. His center is endangered by Russian attacks. Both sides of the German wedge in northern Poland is battered.

Lloyd George to Plead with Miners.

LONDON, July 19.—Lloyd George, minister of munitions, will leave for Cardiff tonight to appeal to the striking miners of South Wales to return to work that the factories may not be forced to close down and the armies and navy of England crippled by a lack of munitions. The announcement that he would go to Cardiff, was made following the cabinet meetings.

BANK DOOR CLOSED BY THE EXAMINER

SOUTH BEND, Wash., July 19.—The First International Bank was closed by Deputy Bank Examiner Gill, today. The capital stock was \$50,000 and the deposits nearly \$200,000 on June 23. The closing of the bank caused no excitement, as the other banks are reported in excellent condition. The depositors will be paid in full, it is said.

ROOSEVELT TO PASS THROUGH TONIGHT

Ex-President Theodore Roosevelt will pass through this city tonight enroute to the exposition at San Francisco. This is his first visit to this section of the country since September, 1912, when he passed through this city while on his campaign for the presidency. He is to be the chief speaker of the day at San Francisco tomorrow which is Roosevelt day. An effort was made to get him to stop in Seattle in order to hold a state conference of the progressive party, but the time was too short as he must be in San Francisco tomorrow. At Portland an informal reception will be given for him at the station. During the short time that the train is in that city there will probably be a political pow-wow with the lead-

ers of the Bull Moose party who will be at the station to shake the hand of the colonel and extend greetings. He will leave Portland on the Shasta Limited at 3:50 p. m., and arrive in this city at about 10:20 p. m.

When it was first learned that the colonel was coming through this city an effort was made to have him speak here, but as the train goes through at night this plan was given up.

BRITISH LOSSES IN DARDANELLES

LONDON, July 19.—The British losses in the Dardanelles since the beginning of the attempt to force the gateway to Constantinople total 42,431. Asquith announced in the house of commons this morning.

CITY NEWS.

J. W. Thomas, of Anchor, is in this city today attending to business matters.

The funeral of the late John P. Daniels was held this afternoon at the Meiere school house, interment following in the Melrose cemetery. Mr. Daniels was well known in this city and in the surrounding country as he is on of the earliest settlers of this section and has a host of friends who have known him for years. He has been ailing for some time and died yesterday morning at the age of 84 years. He is survived by a wife and four children, three sons and a daughter.

It will be remembered that a short time ago, Lois M. Geddes, daughter of Mr. and Mrs. A. J. Geddes, of Roseburg, received the prize for the best essay on "Hygiene and Scientific Temperance" from the W. C. T. U. of this county. The essay was then sent in to the state W. C. T. U. where the essays from over the state have been sent in for comparison. Word was received that Lois M. Geddes tied with a Portland girl for the state prize, which is \$10.00. It will be divided between the two young ladies. We congratulate Miss Geddes on this honor.

F. M. Gates and family, of Los Angeles, arrived in this city Saturday evening for a visit at the home of Grant Wilcox. They report the only accident of the trip from Los Angeles to Roseburg happened to their auto on Roberts mountain. They had just passed another machine and were going up hill when the engine stopped and the car started to back down the hill. Mr. Gates backed the machine into the bank and got out of the car to tight in the brakes and his wife and son also got out of the car to watch while the auto was roared. In some way the car was turned from the bank and started to back on down the hill. It then ran up the bank with the back wheels and turned over on its side, breaking one door and bending the tenders. The car was soon righted and the party proceeded to this city.

JUSTICE COURT HAS A BUSY DAY

The justice of the peace put in a very busy day as the result of an absence of about a week. The first case today was the State v. Tom Hart of Wilbur, accused of stealing ties. He was arrested and entered a plea of guilty and was fined \$25. Not having the money he was allowed to return home after promising that he would pay his fine in a few days. The Douglas Creditors Association filed suit against F. B. Waite to recover \$100.

Chas. Matthews was arrested on the charge of rape. He waived examination and was placed under \$1,000 bonds.

Chas. F. Condrat, arrested in California, and brought to this city, was arraigned of issuing bad checks. He waived examination and was given bond in the sum of \$1,000. Not being able to raise the money he was placed in the county jail where he will remain pending trial.

BREAD LINE FORMING IN CALIFORNIA WITH FARM HELP NEEDED

Bread lines are forming in California, as reports from eastern cities state, and are becoming so great that the railroads and shipping interests are overwhelmed.

The main bread line amounts to 25,000,000 bushels of wheat, but there are some million bushels more of rice, barley, beans and raisins besides, and oranges, apples, apricots and other fruit by the train loads.

In spite of the unlimited opportunity for farm labor there has developed a regiment of unemployed-

not unemployed aliens, for they are busy at farm work and gardens. The "bread line" was organized by a class of men who are numerous in tropical regions waiting for a job of snow shoveling unless snow is a frequent visitant.

In announcements of colonist rates a degree of emphasis has been laid on the desire to attract real settlers, men with families and at least a little capital, which throws light upon the class of colonist which have taken advantage if the rates in re-

cent years. "There is no immediate danger of the field being crowded for men bent on agriculture in an agricultural region," an official of the Union Pacific System said. "The opportunities for fruit growing, truck gardening and poultry raising are just as attractive as they have ever been."

Warning has come from the Coast States that there are few "soft" jobs left and that the colonist rates are for the real homeseekers from the East.

GOMPERS SAYS A PLOT EXISTED

WASHINGTON, July 19.—President Gompers, of the Federation of Labor, believed there was a movement on foot to disrupt labor in this country, in the hope of affecting the war in Europe. Gompers reiterated he was convinced of the existence of a propaganda, and pointed to the strike at the Remington arms and ammunition manufactory at Bridgeport, Conn., as an indication. Also that the seamen's strike is aimed with the object of interfering with the shipment of munitions, is the belief of Gompers.

SUBMARINE SINKS ITALIAN CRUISER

VIENNA, July 19.—The Italian cruiser Giuseppe Garibaldi was torpedoed and sunk by an Austrian submarine south of Ragusa yesterday, it is announced. It sank in 15 minutes. The cruiser carried a crew of 550. If it sank in 15 minutes as reported, the majority have probably perished.
