# PRINCE ALBERT

the national joy smoke

**is such good tobacco you feel like you could just eat the smoke!**

Yes, sir, P. A. puts a razor edge on your

smoke-appetite-division that's nobby enough

to be photographed!

No other pipe and cigarette tobacco can be like

Prince Albert, because

no other tobacco can be made like Prince

Albert. The patented

process fixes that—and

removes the tongue-bite

and throat parch! Let

that digest!

The tippy red bag, 5c

For you can put your little old blue-pencil

O. K. right here that Prince Albert is a

regular double-header for a single admission

—as joy'us to your tongue and taste one

way as the other!

Will the "rollers" kindly step forward for a

spell and get some of this listen into their

systems? Because Prince Albert certain

and sure jams more joy into a makin's paper

than ever before was figured up on two hands!

In the plain language of the hills, you can't

any more resist such makin's tobacco than a

bullfrog can pass up a piece of red flannel!

Because P. A. hands to you everything any

cigarette roller ever dreamed-out—rare

flavor, and aroma, and mildness, and body;

absolutely the best bet—the best smoke

you or any other man ever did roll and put

the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which

means rolling P. A. is as easy as falling off a

log. And it's good to remember P. A. is put

up in the tippy red bag especially for you

"rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears?

Here's tobacco that has made it possible for

three men to smoke pipes where one

smoked before!

Any way you hook it up, Prince Albert is

tobacco insurance! Yes, sir, it guarantees

your future as well as your present smok-

ings! And just makes your tongue so jimmy

pipe joy'us that your smoke appetite grows

whopping big. You men who "dassn't," we

say you go to P. A., natural-like! Because

there isn't a bite in a

barrel of this national

joy smoke.

Unlimber your old jim-

my pipe! Dig it out of

the dark corner, jam it

brimful of P. A. And

make fire with a

match! Me-o-my!

You get acquainted with Prince

Albert in the tippy red bag, 5c; or

tidy red tin, 10c, but for the double-

back-action-joy, you buy a crystal-

glass pound humidor. And then

you're set! You see, it has the

sponge-moistener top and keeps

P. A. at the highest top-notch point

of perfection. Prince Albert is also

sold in pound and half-pound tin

humidors.
