People who passed by the Lilburn store this morning, had to stop and note with astonishment the large shipment of linoleum in the original packages direct from the mill at Newark, New Jersey. There were 12 crates all of inlaid and cork, and this comprises only a small portion of the entire order. This shipment came around the Horn by boat to Portland and then by rail here. As these rolls weigh from four to five hundred pounds each, one can figure that there was some freight charges.
