FREE TRADE BENEFITS.

While the new federal trade commission was leisurely making its way, at government expense, to the California expositions and, incidentally, "investigating" the lumber business, there arose much nearer home, an incident which would have told them, at far less cost, that which they presumably are seeking. Ex-governor John A. Dix, of New York, an eminent democrat, engaged, among other enterprises, in the lumber business, has gone into bankruptcy. The schedule of his assets and liabilities is of limited interest, but the main reason for his failure, namely, the withdrawal of a protective tariff such as republicans maintain for the benefit of democratic lumbermen, should be of extreme interest to the federal trade commission and to all others who are really desirous of understanding the best manner to secure prosperity for American enterprises.

NOT YET IN CODE.

Since the selection of one of the publishers of this paper to be state game warden, many inquiries have been received regarding the game laws and regulations. In answer to the following it can be stated that while these rules are not as yet incorporated in the Oregon game laws, the suggestion is a very good one and should be followed by all the states. It is to the effect that: Book agents may be shot between October 1 and September 1; spring poets from March 1 to June 1; automobile speed demons from January 1 to January 1; road hogs from April 15 to April 15; amateur hunters from September 1 to February 1; war talkers, no closed season; any man who accepts a paper for two years and then when the bill is presented says: "I never ordered it," may be killed on sight and shall be hurried face downward in quick lime so as to destroy the germ and prevent the spread of infection.

PLEDGES NOT REDEEMED

The bureau of labor statistics will hereafter issue no comparative tables relating to wages and the cost of living in this country. The democratic party came into power under a pledge to reduce the cost of living, but monthly or other reports from the statistical expert show the contrary. Accordingly, the astute politicians who are now trying to run this government will devote their statistical output in the future to an attempt to show how the European war has affected food prices in this country. This, of course, is eminently safe, for the European war has no friends except among speculators in "war stocks." But the dear people are not likely to be fooled. They will want to know whether the companies peddling "of the democrats are 'sold out to catch flies' or not.

AUTOISTS HAVE THRILLING RACE

In an exciting and speedy race between train No. 44 and an auto driven by E. A. Fearing, Jr., over a distance of 112 miles was lost by the auto, the lapse of time being about two minutes.

The auto was occupied by Mr. Fearing, of the City garage, of Portland; J. S. Seigrist, representative of the Westinghouse Air Brake Co., with headquarters at Portland, and Mr. A. Seigrist, left Medford at 7:15 a. m., and stopped a full hour for breakfast at Grants Pass where J. S.

SPECIAL NOTICE.

On account of the insufficient time for notices to get to all our subscribers, notifying them of the time to which their subscription was paid, and giving them the opportunity to renew at the reduced rate, and the inability of the soliciting agent to reach every place the time in which the special rate for advance subscriptions was to be accepted is extended to August 14th, inclusive, as by that date every subscriber will have received either a personal call or one of the special notices. As stated before, the special rate for a year in advance prepaid, with arrears, if any, paid up, will be \$1.25 for the semi-weekly; \$2.50 for the daily by mail or call at the office, or \$4.00 delivered by The News carriers. After the above date all subscriptions will only be taken at the regular rates, which are \$2.00 for the semi-weekly, \$3.00 for the daily by mail or office call, and 50 cents per month delivered by carrier. In conclusion, The News desires to thank its readers for the more than liberal response it has received, both from personal calls at the office, and by mail. As fast as it is possible receipts will be sent to the remitters through the mail, or acknowledgement made through the columns of the paper. Especially gratifying is the fact that out of all the hundreds who have renewed and started the daily new, but three subscribers quit on account of a slight advance in price over previous years, an advance made necessary by the well known conditions prevailing in all lines over the country. It shows that quality, not price, is what appeals to the substantial citizen. In this connection, The News calls attention of the advertising patrons to the splendid number of live, paid in advance subscribers now on the list, without doubt the largest and most substantial ever secured by any paper published in this city or county. This is a fact to be dwelt on, as people who pay for their papers are good pay in all things.

Seigrist wished to take the train for Portland. Juggling too long however, the train which left Medford at 8:20 went on and the party started a race to catch it. For several miles everything went nicely and just as they were beginning to feel confident of winning the race a fire blew out and it was necessary to make a change. Starting again they kept on, missing the train by a short distance at Wolf Creek, while at Glendale, had it not been for a slight grade, the race would have been over.

Leaving Glendale the Stoddard-Dayton car in which they were traveling ate up the miles in a way which bid fair to keep them waiting in Roseburg until the train caught up, but Roberts mountain held them just two minutes too long and they arrived in this city just in time to hear the train whistle for he trouble as it pulled out of the yards, being out of gasoline they gave up the chase as a bad job and Mr. Seigrist decided to wait for the night train.

VILLA READY TO QUIT FOR GOOD

WASHINGTON, Aug. 12.—Through Diaz Lombardo, his foreign minister, Villa announces that he is willing to eliminate himself as a factor in Mexican affairs, but he so qualified his announcement by denouncing the "Scientific" that many believed he practically nullified himself.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Back-ache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful of ferrous salt water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder disease.
