IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys; also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

The Judge Says---

Put a package of these real corn flakes—these

New Post Toasties

on trial beside a package of any other corn flakes on the market. The jury will bring in a verdict of "guilty"—guilty of being the finest corn flakes ever made.

The New Post Toasties are crisp and appetizing, with a true corn flavour; and they don't mush down when milk or cream is added.

But here's the real test. Take a handful, fresh from the package, and eat them without cream or milk. Mighty good, aren't they?

Notice the little "puffs" on each flake—a distinguishing characteristic—resulting from the new method of cooking and toasting, which also brings out and enhances the wonderful, true corn flavour.

Your Grocer has the New Post Toasties. Try them and bring in your verdict—
