WORLD'S GREATEST LIVE STOCK SHOW BEGINS SEPTEMBER 30TH. AT PANAMA-PACIFIC EXPOSITION

From Sept. 30 to Dec. 3, the Panama-Pacific International Exposition at San Francisco will be the scene of a succession of live stock shows, which, it is believed, will surpass any ever held in the United States or even in the world. From the list of those who have signified their intention to participate, it is assumed that in all the shows animals and poultry of the finest quality, and in large quantity, will be represented. Almost half a million dollars have been appropriated. The Exposition itself has appropriated \$190,000 for cash prizes, 45 breed record associations have set aside \$100,327 for special premiums and the commissions of various states have appropriated a total of \$150,230 for participation of stock from their respective regions. The quarantine

has been raised in practically all states and stock shipments can now be made without restriction. The fact that the Exposition is now on a sound financial basis, its net profits increasing monthly, assures the carrying out of the extensive preparations for the shows, which will be as follows:

For stalls or pen rent, but there will be a nominal fee for receiving, cooping, benching, feeding, exhibiting and returning poultry, pigeons, dogs, cats and pet stock. The Exposition will protect exhibitors from overcharge by providing them with feed at cost. The first competitive live stock show will be that for horses, mules

and asses, from Sept. 30 to Oct. 13, during which period there will be a special horse show, which the fashionable world will attend in force. It is expected that this will surpass any similar show held in New York, Chi-

cago or elsewhere. In it will be included the performance classes of all the horses on exhibition and it will constitute a separate feature. Because of the universal interest in the horse, special attention will be given this special show in order that the use and adaptability of the various breeds and types may be shown to the best advantage. Carefully selected animals from all the great cattle ranges and from centres of distribution will be on exhibition at the cattle show. D. O. Lively, chief of the department of live stock, is receiving daily applications for entry blanks, which must be obtained from him by all classes of owners, even to children who wish to enter their pets. Annoyances and expense experienced in other live stock shows will be largely, if not wholly obviated. Special live stock trains will be formed at central points, such as Chicago, Kansas City, Omaha. The state of Iowa alone expects to send sixty cars loaded with live stock. Special low rates have been arranged for transportation of live stock to and from the Exposition. All railroads party to the Transcontinental Freight Bureau will be free, returning, all live stock that has paid full rates for being carried out. For live stock not returned, there will be a refund of 25 per cent. The same provision has been made by the Pacific Freight Tariff. The California State Agricultural Society is co-operating to its utmost with Chief Lively, in providing convenience for exhibitors. The state fair grounds at Sacramento, have been placed at his disposal for the assembling of stock, and on them are strictly sanitary, most modern accommodations. Many exhibitors wish to ship all their stock at one time. These may do so, sending them to Sacramento where water and all facilities are provided.

**IF KIDNEYS AND BLADDER BOTHER**  
Take Salts to Flush Kidneys and Neutralize Irritating Acids.  
Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs when then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatsoever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

**ENGLAND HAS MINE DISASTER**

**The Material of the Housewife.**  
Gingham, chambray and percale are the staple fabrics for these dresses, but someone who desired to simplify matters still further, decided that plain white cloth was quicker than starched gingham or chambray; that soft, white cotton crepe, which washes so easily, requires no ironing, does not wrinkle, and is fresher looking, was more practical, for these dresses than the old-time fabrics which require starch and careful laundering. Of course, many an old-time housewife laughed at the idea and considered the very thought of housework in white ridiculous, but many have taken it up and find cotton crepe, whether in pure white, or patterned in color, a most satisfactory and practical material for the world's dress.

**New-Way Wonder for Corns, "Gets-It"**

**The Big Surprise for Corn Owners. It's Sure, Simple, Safe, Quick.**  
Listen to the wee story of "Gets-It," the world's greatest corn remedy. It's a short story—only about two feet. "Mary had a little 'Gets-It' and corns upon her toe; and every time she put on 'Gets-It' the corn was sure to go." Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tapes, tooth-pastes, blood-bringing tarsars and ointments. She says now there's no sense in it. Use "Gets-It," applied in 2 seconds. Easy, simple, how way—just painless common sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoes to try to get away from your corns! You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts and bunions. "Gets-It" is sold by all druggists, mail order, or sent direct by E. Lawrence & Co., Chicago. Sold in Roseburg and recommended as the world's best corn remedy by Nathan Fullerton and W. P. Chapman.
