## U. S. FOREST SERVICE OFFICIAL IN ROSEBURG

C. M. Allen, supervisor of government telephones of district No. 6 arrived in Roseburg today and will spend several days attending to business matters. Mr. Allen is a member of the government forest service and has charge of all government telephone lines in Oregon, Washington and Alaska, which comprise the district. In the national forests there is a telephone system the length of which totals 10,000 miles, being used primarily for forest protection, but also for the use of the general public who may have occasion to use it.

Although the lines are directly under the supervision of smaller officials, Mr. Allen acts in an advisory capacity, keeping himself informed in all the latest methods of the science and diffusing the new ideas to the district offices where they are put into effect. The government lines are built to withstand unfavorable conditions and although covered with snow on the ground or under nearly any other conditions, unless broken are still usable.

Del Bast left this afternoon for Cottage Grove where he will spend several days looking after business affairs.

# HOUSES CRUSHED BY HUGE WAVES

SEATTLE, Jan. 10.—Two homes near here at Alki point were crushed like egg shells when huge rollers from the sea, driven by the 30-mile gales which raged here, dashed against the rocks in the rear. Scores of other homes were threatened with destruction, but escaped with only minor damage. The board walk skirting the municipal bathing beach was torn up intact and carried out to sea.

## Only 5% PLUS for the Best "Non-Skid"

PRACTICALLY all Non-Skid Tires that make serious claims to non-skid efficiency cost you 10% to 30% more than Plain Tread Tires of same brand and material. Goodrich Safety Tread Tires cost you only 5% more than our plain tread tires.

Here's how and Why!

FORTY-FIVE years of Rubber working (in what is now the World's largest Rubber Factory) has taught us a few Kinks and Short-cuts that are not common to the Trade.

One of these now comes to the help of your Pocket-book.

Through the simple process of Thinking Hard (and being Candid with ourselves) we have found a Short-Cut to make the best Safety Tread ever put on a Tire cost us only about 5% more than it costs to make the Plain-Tread of similar quality.

Goodrich Safety Tread Tires cost you only 5% more than our own or any other plain tread tires.

Size	Goodrich Safety Tread	OTHER MAKES			
		"A"	"B"	"C"	"D"
38 x 3	\$9.45	\$10.55	\$10.95	\$16.35	\$18.10
38 x 3 1/2	12.20	13.35	14.20	21.70	23.60
38 x 4	14.00	15.40	16.30	22.85	25.30
38 x 4 1/2	20.35	22.30	23.80	31.15	33.55
38 x 5	28.70	32.15	33.80	41.85	41.40
37 x 5	33.90	38.80	41.80	49.85	52.05

By testing out these Goodrich Safety-Tread Tires on a large number of Taxicabs (where they could be competitively observed and carefully checked up at the end of each day's use) and by comparing their actual performance with that of our own, and other Plain-Treads, of much higher price, we have had this fact forced upon us—

—That there is SURPRISINGLY more Mileage, in Goodrich Safety Tread Tires, than in our own, or any other, make of Plain-Tread Tires.

So MUCH more Mileage, for only 5% more Cost, looked so good to us that we decided to give Car Owners the benefit.

Here's what we now offer you! —The best Non-Skid Safety Tread ever put on the market, and it costs you only 5% more than our best plain tread tires.

The B. F. Goodrich Company AKRON, OHIO

now in good standing is 169, and during the year 1915 the lodge paid out in relief and charity over \$850 and a fund of \$200 is kept on hand at all times for the relief of its members, in case of need.

## JACKSON DAY ORATOR DENOUNCES WARRING NATIONS

ST. LOUIS, Jan. 9.—In what began, as a political speech, but soon developed into a discussion of the war, Joseph T. Robinson, United States senator for Arkansas Saturday night denounced both the entente allies and the central powers for their treatment of neutral nations in general and the United States in particular.

He spoke at the annual Jackson Day banquet at which the Missouri democratic campaign was formally launched.

"In their blind rage the allies and the central powers have sought to destroy each other," he said, "and each has ignored in many instances and trampled upon in others the recognized rights of neutrals. I can not find words to describe the brutality of the British attempt to win the war by starving German non-combatants. The submarine policy of Germany and Austria deserves equal condemnation.

"The United States has not, is not and will not be a party to any of those violations of humanity and of international law. Furthermore we have the whip hand and may find it necessary to retaliate against the British violations of America's rights by a neutral by placing an embargo on arms, munitions and food supplies in commerce with England.

"We should all thank God that we have a president who has kept us out of the war in spite of world wide intrigues in which the combatants have sought to involve us in the struggle."

## CITY NEWS.

Local dealers in sweet cider today received notice that the amount of alcohol contained was above the limit and that future sales were prohibited. A sample of the cider was sent a short time ago to a chemist the report just having been received by the district attorney, it being stated that he amount of alcohol contained was one and a half per cent.

Conductor Ed Renfro, who was injured this morning when freight train No. 221 struck a tree which had fallen across the track, is considerably improved this afternoon. Mr. Renfro was not thrown from a car as was at first reported, but was in the caboose at the time the accident occurred. The train was proceeding at a rate of about 20 miles an hour when the shock came and he was thrown from his feet bruising his left arm and wrenching his back.

## You've hit the right tobacco

when you fire-up some Prince Albert in your old jimmy pipe or in a makin's cigarette. And you know it! Can't get in wrong with P. A. for it is made right; made to spread-smoke-sunshine among men who have suffered with scorched tongues and parched throats! The patented process fixes that—and cuts out bite and parch. All day long you'll sing how glad you are you're pals with

It's an easy job to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, but it is impossible to imitate the flavor of Prince Albert tobacco. The patented process protects that!

# PRINCE ALBERT

the national joy smoke

You take this testimony straight from the shoulder, men. You can smoke a barrel of P. A. without a kick! It hands out all the tobacco happiness any man ever dreamed about, it's so smooth and friendly. It's a mighty cheerful thing to be on talking-terms with your pipe and your tongue at the same time—but that's what's coming to you sure as you pin your faith to Prince Albert!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Everywhere tobacco is sold you'll find Prince Albert awaiting your cheerful visit. Buy it in tidy red tins, 5c; tidy red tins, 10c; handsome pound and half-pound humidor tins—and in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco so fit!
