

COMMERCIAL CLUB COMMENDS PROPOSED WINCHESTER ROAD

The regular meeting of the board of trustees of the Roseburg Commercial club was held Monday evening, all of the officers and trustees being present. John W. Parker was elected to membership.

Chairman Harth, of the bureau of transportation, announced that he had appointed to serve on that bureau, A. J. Lilburn and W. L. Dyingler. This bureau will have charge of matters pertaining to railroad rates and service, both passenger and freight, also stages, jitneys and street and interurban car lines. Subcommittees will be appointed by this bureau to take up these matters in detail. Further details of the proposed membership campaign were worked out and will be put into effect within a few weeks. The following resolution was introduced and unanimously passed:

WHEREAS, The county court of Douglas county has announced its intention of building a hard surface road from the city limits on Winchester street to the railroad crossing at Edenbower, and

WHEREAS, This piece of road has been a great disadvantage to those using it, by reason of conditions which made it impassable for parts of the year, and

WHEREAS, The Roseburg Commercial club highly commends any action which will tend to the construction of permanent highways where possible, therefore

BE IT RESOLVED, By the board of trustees of the Roseburg Commercial club that we emphatically endorse this action of the county court of Douglas county, as a project which will be of great benefit to all who may make use of it, and as a beginning which will doubtless be the forerunner of further similar action on their part.

Adopted unanimously this 24th day of January, 1916.

A. C. SEELY, President.

SAM S. JOSEPHSON, Sec.

ENGLISH PREPARE TO COLLECT DAMAGES FROM MEXICO

LONDON, Jan. 8.—(By mail.)—The foreign office is accumulating complaints regarding seizure of British property in Mexico, it was learned today, for presentation to the Carranza government. The Inter-Oceanic railway of Mexico has asked the government to find out when it can have back its lines. At the annual meeting of directors, Chairman Arthur Hill reported that the road was commandeered by the "government of Mexico" in 1914 and that he had no knowledge of its condition. The Guayule Rubber Company, whose properties were also commandeered in 1914, has lodged a protest with the foreign office.

NATION'S SHEEP AND CATTLE MEN SETTLE OLD FEUD TODAY

EL PASO, Tex., Jan. 25.—The ancient feud between cattle and sheep men, dating back to the old days of the open range when the rival stockmen were wont to shoot on sight, was officially declared off today. The American Live Stock association and the National Sheep Growers' association began their annual conventions here together. About 10,000 delegates are in attendance, representing every feeding district west of Chicago. The cattle men will make a fight for an open market and against light competition by the packers. Practically every state organization already is pledged to back this campaign. The entertainment program will include roping, branding and riding contests; afternoon at the Juaraz races, bull fights, open air barbecue and military drills at Fort Bliss. The conventions will last three days.

O. & C. LAND GRANT SWINDLERS AT WORK

A flagrant swindle in connection with the O. & C. land grant lands was brought to light through the activities of the secretary of the Roseburg Commercial club recently. A gentleman from one of the middle western states called at the office of the secretary, and asked for the whereabouts of a certain man, mentioning his name, and who was unknown to Mr. Josephson. On asking the reason for finding him, the man replied that he wished to purchase a quarter section of the railroad land which the courts had recently taken from the railroad company, and which this man was selling for \$2.50 per acre. He further stated that a friend of his from the east had purchased a quarter section, paying this man \$400 for the same, and was now on his way west to get the deed, which would be delivered to him on his arrival at Roseburg. He had already sent his family west and they were in California, waiting for him.

The land in question was supposed to be located 7 miles northeast of Roseburg near the Unqupa river. Upon making a thorough investigation, no man by the name of this supposed swindler is known in Roseburg, and further information about his fraudulent dealings can not be learned until the arrival of the man he defrauded from the east.

The matter has been placed by the Commercial club in the hands of the United States district attorney at Portland, and the case will be fully investigated. It is the intention of the Commercial club to do all in its power to prevent any fraud or misrepresentation being practiced on home-seekers and prospective settlers.
