ENGLISH PARLIAMENT OPENS WITHOUT KING PRESENT

LONDON, Feb. 15.—When parliament re-assembled, the sovereign was absent for the first time since the reign of Victoria. It is understood that the king is still suffering from the fall from his horse while visiting the western front. The lord chancellor read his speech urging the expenditure of sufficient funds for a successful prosecution of the war.

SCHOOL BOARD CONSIDERS PLANS FOR NEW BUILDING

The school board is holding almost continuous session examining plans and preparing for the construction of a new high school building. Three well known architects have submitted plans and these are being carefully gone over and estimates made as to the cost of a building adequate to the needs of the city. Several types of construction have been considered, but as yet nothing definite has been determined upon.

The school board is rapidly preparing plans and estimating costs and will propose a bond issue to be determined by a vote of the people.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

AMERICAN BECOMES A BRITISH CAPTAIN

Donald M. McRae.

Donald M. McRae of Washington, twenty-one years old and late of West Point, will soon be fighting for Britain "somewhere on the western front" as a captain of the Ninety-seventh Overseas Battalion, Canada's "American legion." His father is Lieut. Col. J. H. McRae, U. S. A., stationed at Washington.

In the near future. All are in favor of erecting a building which will be thoroughly modern and will serve for several years to come. The unit type of construction which is being used in a great many places is considered impractical on account of the lack of space. It is thought by the greater part of the members that a building should be constructed which will accommodate six or seven hundred pupils. As the present enrollment is three hundred with an advancement of twenty or thirty pupils each year, the building would provide for the needs of the pupils for many years or until it is necessary to build two buildings.

DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep. From the dreadful pains that would come over me, from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take some until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they surely know of its merits. I am,

Very truly yours,

S. A. HALE,

State of New York, County of Monroe, ss.

S. A. Hale, of Henrietta, N. Y., being duly sworn deposes and says that he is the person who wrote the foregoing testimonial letter to Dr. Kilmer & Co., and knows the facts stated therein to be true.

Subscribed and sworn to before me this 20th day of July, 1909.
