## PORTLAND MAN WILL SPEAK THURS.

That the good roads meeting to be held Thursday will not lack a good speaker is evidenced in the following telegram received by Henry Harth this morning: "Good Roads Bureau, Roseburg, Oregon: Will be with you on Thursday evening. (Signed.) J. B. Yeon." Mr. Yeon is an enthusiast on good roads and a very forceful speaker.

This man is also interested in Roseburg and vicinity, as he has purchased an interest in the water and light plant here in partnership with Mr. Pullman, of Portland, Mr. Welch having sold his interest to these two men. Besides his property here he is the owner of a great deal of property interests in Portland, principal of which is the Yeon office building of which he is the owner.

When the matter of building the Columbia highway first came to the attention, Mr. Yeon became enthused with the idea and immediately set to work to make it a possibility. More than any other man he was responsible for this magnificent highway which is acknowledged by all to be one of the most beautiful roads in the United States.

He is an eloquent speaker and thoroughly versed in the subject of good roads and his address will undoubtedly be greatly enjoyed.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
