We do not belong to the Grocers' Trust, and are consequently excluded from purchasing from the car of oranges arriving in Roseburg. But our prices on oranges and all other commodities makes every day Bargain Day at the Peoples Supply Co. This is merely one out of hundreds of instances wherein the influence of the trust is used to intimidate wholesalers that would sell to the People's Supply Co. Our business policy is based on small profits and large sales. With our institution removed there would be a very material advance in retail prices of groceries in Roseburg. THE GREAT KIDNEY MEDICINE FULFILLS ITS MISSION

I was afflicted with Bladder trouble. I suffered such great pain that the doctor had to take my urine. After the doctor had treated me for two weeks, I did not get any better. Remembering that a few doses of Dr. Kilmer's Swamp-Root completely relieved my mother-in-law, after all the doctors who were called on her case had failed to do her any good, I asked my husband to get me a bottle of Swamp-Root, which he did, and I took it and threw the doctors' preparations away because immediately after I started taking Dr. Kilmer's Swamp-Root I was greatly relieved. My husband was so pleased he said I should take one dozen bottles of Swamp-Root, but by the time I had taken seven bottles I was completely restored to health. That was six years ago and I have not taken any medicine since. My weight is 195 pounds, have three children, do my own work in a house of twelve rooms, and keep boarders.

Very truly yours,
MRS. ANNIE BAUGHMAN,
657 Newell St. Barberton, Ohio
Personally appeared before me this 10th day of December, 1914, Mrs. Annie Baughman, who subscribed the above statement and made oath that the same is true in substance and in fact.

REAL TRUTH ABOUT THE "IRISH" POTATO
Greeley, Colo., March 21.
The Irish potato isn't Irish originally, at all. According to C. H. Wolfe, the well known Greeley authority, it is American and South American at that. However, the Irish brought it to this country long after it had been taken from its Chilean home and domesticated on Erin's emerald isle. Sir Walter Raleigh figured in the transfer, according to the potato's historian.
