

VON BERNSTORFF TRIES TO SAVE GERMAN AGENT CHARGED WITH CRIME AGAINST U. S.

Wolfe von Igel after his arrest, trying to hide from photographer.

Despite the emphatic protest of Count von Bernstorff, German ambassador to the United States, Wolfe von Igel, former secretary of Franz von Papen, has been placed under arrest on a charge of plotting against the neutrality of the United States. Von Igel is suspected of having conspired with other Germans in this country to dynamite the Welland canal.

INVESTIGATES FOR BOX FACTORY

Mr. C. J. Kahn, of Wathena, Kans., arrived in Roseburg last night and spent today looking about the city and investigating conditions for the erection of a box factory in this city. The factory, if erected, will be worked in connection with the Kendall saw mill and will furnish boxes for the fruit industry in southern Oregon. Henry Richardson, of the bureau of industries of the Commercial club has been in correspondence with Mr. Kahn for some time and has kept him fully informed in regard to the existing conditions. Mr. Kahn stated today that should he find that it was certain that the saw mill proposition would be carried at the coming election he would start work on the construction of the mill at once. He would then ship in lumber until such a time as the waste from the Kendall mill is available at which time he would

SUPREME COURT REVERSES HAMILTON IN BANK CASE.

(Special to The News.)
SALIM, April 25.—The supreme court today reversed Judge Hamilton's decision in the suit of Mary Dewar against The First National Bank, in an action to recover money.

contract with this company for lumber to supply his demands.

He has had a great deal of experience in this line and believes that there is a great future ahead for this part of the country. He believes that with the fruit crop of Douglas county should come methods of caring for it and that a box factory would be a paying proposition, not only to the producer but to the user as at the present time boxes must be shipped in small quantities and are very expensive.

With the growth of timber available to the saw mill and the quality of timber which could be obtained by the box factory, boxes which could compete with any manufactured in the United States could be produced here at a very small cost, resulting in a great saving to the fruit grower.

Mr. Kahn expects to remain in Roseburg for several days continuing his investigations.

MANY FIRMS SUBMIT BIDS UPON FEDERAL BUILDING

The call for bids for the Roseburg federal building attracted wide attention, as do bids of such character and firms from all parts of the country submitted estimates.

Telegraphic dispatches reaching Roseburg today stated that Steinger Bros., of Portland were the lowest bidders on the contract. Their bid was \$84,045 for sandstone and \$83,744 for limestone. The contract has not yet been awarded.

The following list of names wrote to the J. G. Flook Lumber Company of this city for their estimate on mill work for the building. Besides these there were others who figured on this line themselves and whose names do not appear in the list.
H. F. Alline, Seattle, Wash. Bros., Oakland, Calif.; Campbell Bldg. Co., Salt Lake City; Hiram Lloyd Bldg. & Construction Co., St. Louis; King Lumber Co., Charlottesville, Va.; Steinger Bros., Portland, Oregon; Thomas W. Cissell, Wooster, Ohio; J. B. Sweatt & Co., Spokane, Wash.; Palmberg & Mattson, Astoria, Ore.; J. S. Winter, Portland, Ore.; Olson & Johnson Co., Missoula, Mont.; Sound Construction & Engineering Co., Seattle, Wash.; W. P. Zindorf, Seattle, Wash.; Arthur W. Kutsche, Portland, Ore.; Construction & Engineering Co., San Francisco; T. B. Young & Co., Seattle, Wash.; The Morrill Co., Bedford, Ind.; John Wallis, Tacoma, Wash.; Central Door & Lumber Co., Portland, Ore.

Bargains Extraordinary!

Ladies' Spring Suits at a Fraction of Their Cost.

We received a few days since a large shipment of Ladies' Spring Suits—These suits were to have been delivered to us in March—we refused them, but the manufacturers rather than have them returned made us such a liberal allowance that we decided to keep them and give our customers the benefit.

THEIR LOSS WILL BE YOUR GAIN

Hopes Women Will Adopt This Habit As Well As Men

Class of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.
Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.
An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations, and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.
Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

J. A. BUCHANAN TO SPEAK.

Roseburg Man Will Address Eugene Odd Fellows.

Hon. J. A. Buchanan, of Roseburg, has been selected by the Eugene Odd Fellows to deliver the anniversary address at the celebration to be held in this city on Wednesday of this week. This will be the 97th anniversary of the founding of the order.

The committee in charge first thought of holding an outdoor picnic between the butte and the river, on the site of the proposed automobile camping ground, but owing to the fact that the weather is unsettled, it was decided last night to hold it in the I. O. O. F. temple instead. The exercises begin at 10 a. m. During the forenoon a program will be rendered and it is at this session that Mr. Buchanan, who is candidate for circuit judge, will deliver his address.

A basket dinner will be served at noon in which the three-linkers and Rebekahs and members of their families will participate. During the afternoon a program of music and other features will be given.

CITY NEWS.

Tom Weatherford received a letter today from Wm. Parker, former owner of the Royal Bakery here. He

is making a trip through Cuba, and the letter was sent from Havana. Parker says the natives there are very friendly and want us to go in and lick the Mexicans first and then the kaiser. He is making quite an extensive trip, but will return shortly to California where he will take charge of a large wholesale bakery he has organized as a stock company.

W. M. Pemberton, of Greens, brought in a crate of strawberries today and shipped them to the Portland market, and incidentally left a fine box at The News office, the first to be received this year. As far as is known it is also the first shipment from Douglas county. The berries are very fine and only need a few more of these warm days to be per-

fectly matured. They were of the Excelsior variety, one of the earliest in this locality. Besides this kind, he also raises the Hood River and Gold Dollar varieties. Quite a good deal of attention has been paid to berry culture in the Greens vicinity, and it is expected that many hundred crates will be shipped from there this year.

FOR SALE—1st cutting alfalfa hay, N. L. Conn, Roseburg. Phone 6F15. 519-m16

FOR SALE—Large Durham cow, just fresh, heavy milker. F. C. Gurnee, Phone 33F23, 216-a29p

WANTED—Married man on dairy near Roseburg. Address 515 care News. 515-a27p

CITY NEWS.

Sherbet today at Gatts.

B. S. Radabaugh met with an accident from which he will carry a sore hand for some time. While moving a scaffold one of the heavy boards fell and struck him across the back of his left hand, bruising and mangling it in a very painful manner, but fortunately not breaking any bones.

It will keep him out of his work for several days.
