EXPECT REVOLT IN PHILIPPINES

CALLS ON WARRING NATIONS TO STOP

WASHINGTON, May 1.—Revolution will result in the Philippines if America continues her present attitude, declared Representative Jones, chairman of the insular committee. "The altruistic arguments for retaining possession of the islands which McKinley, Taft and other republican leaders so eloquently voiced, are now giving way to arguments on commercialism, and the mask of benevolence is cast aside. The real animosity of those who would retain possession forever, cruelly indifferent to the God given rights of the Philippines, is based on commercial greed," he said. "The independence bill will enable the president to safeguard American rights and property."

Senator Francis G. Newlands.

Senator Francis G. Newlands of Nevada has introduced a resolution in the upper house calling upon the warring nations of Europe to make peace. The resolution suggests that conditions in Europe shall remain exactly as they were before the war, that no boundary shall be changed and no indemnities paid.

A Man is Judged by the Mark He Makes in the World!

The same is true of a fountain pen. A "MERCANTILE" stands highest in the judgment of critics. It always makes good. A "MERCANTILE" has a gold pen with an Iridium point that never wears out, a perfect feed, a cap that prevents leaking, a workmanship that cannot be excelled.

SHINGLE MAKERS ASK RAISE IN WAGES

SEATTLE, May 1.—A general strike of all shingle weavers employed in district No. 1, which includes everything north of California and west of the Missouri river, was ordered today in case the mill owners refuse to meet the demand for an increase in wages, which were reduced two years ago.

This district has a membership of 2500 and several hundred of the men walked out this morning. In the territory surrounding Everett all mills except one refused to meet the demands of the employees, and the men struck.

In the Hoquian jurisdiction every mill except one granted the demands of the men and at Olympia eight mills paid the scale as they had orders amounting to thousands of dollars which were imperative to get out.

The union to which the men belong demands an increase of 17 cents per thousand for sawyers and ten cents per thousand for packers.

GERMAN REPLY IS ABOUT READY

BERLIN, May 1.—Germany's reply to America's submarine demands will be dispatched to Washington this week unless something unexpected happens.

The tentative draft of the note is still undergoing changes. The decisions of the fundamental questions remain unaltered, it is understood, however.

Certain newspapers of the German capital have warned the public not to count with certainty on this country's full agreement on the attitude of the reply.

STAR ROUTE MAY BE ESTABLISHED BETWEEN ELKTON AND SCOTTSBURG

WASHINGTON, May 1.—Possibility of rural route mail service between Elkton and Scottsburg, Ore., is suggested by the postoffice department, to take the place of star route service ordered abandoned with the opening of the railroad to Coos Bay. To establish such service, the department requires a showing of four families to the mile.

Because the required number of families could not be shown on the line of a proposed rural route out of Elkton, as mentioned for by W. B. Blinke, the department announces it cannot establish a route there.

She is a candidate for nomination of treasurer on the republican ticket at the coming primaries, and is making an active and aggressive campaign, without injecting any unkind or personal aspects into same. She is being backed and supported by many

of the strong women organizations of the county which are desirous of seeing their sex given that consideration authorized and granted by the amendment to the constitution. She does not ask for votes alone on this score, but rather on that of ability to fill the position with credit. Owing to her position as teacher in the school at Wilbur, she has not been able to make a personal canvass of the county, and must depend upon the volunteer assistance of her friends.
