One of the most prominent doctors of the West who attended the meeting of the Medical Association here, was Dr. A. C. Smith, of Portland, the surgeon who performed the very successful operation on Carl D. Shoemaker, of The News. The reputation of Dr. Smith is not confined to the state, but is nation wide.

From a friend of Mrs. Lux in her new home in California, word was received here that the Dr. will not have to give up the pleasure of fishing he enjoyed so much here in the Umpqua, as a former resident of Roseburg, Mr. Finn, who lives in Lindsay had invited him out to try his luck on the "mud cats" there. Dr. Lux was always known as a keen, skillful and clean sportsman while here, and his friends will be glad to hear that he can still enjoy the sport. They like their new location very much.

Among the members of the party of prominent democratic politicians who were in the city last night, was Dr. J. W. Morrow, of Portland. In conversation with the doctor, it was learned that his only son is on the Belgian front in the medical service of the American Red Cross, he having gone there shortly after the breaking out of the war. He has obtained great recognition and only recently was signally honored by King Albert who personally conally conferred on him one of the highest orders at his disposal, that of the Legion of Honor and the Order of Albert. The word came from France that he is considered one of the rising surgeons of the world. Dr. Morrow is one of the candidates on the democratic ticket for delegate-at-large to the St. Louis convention.
