568-m13 TO THE VOTERS OF DOUGLAS CO.

I wish it expressly understood that I shall, if elected county commissioner, stand by an equal distribution of the road fund, giving to each road district its just proportion of money due it for road purposes. Our lateral roads must receive the same fair consideration accorded the main line road.

Very respectfully,  
(sd. ad.) J. T. BRIDGES.

# JUMP FROM BED IN MORNING AND DRINK HOT WATER

Open sluices of system each morning and wash away the poisonous, stagnant matter, says authority.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank each morning before breakfast, keeps us looking and feeling fit.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost but little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

## NOTE THE FINE COLOR

of our ham and bacon. That denotes first that they come from young, tender pigs and next that they have been properly cured. All our hams and bacon are cane sugar cured and hickory smoked. They have a flavor of their own which once tasted you'll always prefer. Try some for breakfast tomorrow.
