A. HENRIKSEN, CANDIDATE FOR COUNTY COMMISSIONER

To the voters of Douglas County: As the closing days of the primary campaign are drawing near, it is expedient that the electors of the county decide upon those for whom they will cast their ballot next Friday. For this reason I deem it proper that some reasons be given why I ask the support of my candidacy, and I therefore issue this statement.

I am a candidate for the office of commissioner, and if elected to this important office, will serve the people with fidelity and courage, striving to give them a business administration which will permit of progress and development coupled with economy and efficiency. For more than thirty years I have been engaged in farming, stockraising and general mercantile business, and have been successful in all of these pursuits through giving them close attention, and I believe such business management should be carried into the larger affairs of the county.

I believe in using the resources of the people through taxation, economically, but not to the extent of miserliness at the expense of development. I have been accustomed to handle large affairs for myself, thus giving me the experience to be able to care for the larger ones of the county. I know all parts of Douglas county, and am able to realize her need of good roads, highways and byways. I have always been an observer of the laws of the state, and believe in a strict enforcement of the statutes. My campaign has been an open book not filled with promises, so that if you nominate and elect me to the office of commissioner, the only promise I will have to fill is that I will serve the public honestly, equitably and without favor. I respectfully solicit your support and vote on these grounds. Cast your vote this way 62 X.

AL HENRIKSEN,
Candidate for Commissioner of Douglas county. pd. ad-m18

School District No. 5, at Green, is advertising for bids to construct a new frame school house, same to be opened on May 25. It is to be built according to plans drawn by an architect of Albany, and will be modern in every respect. This improvement is one that has been needed in the district and speaks well of the spirit of progress and education there. Plans can be seen at the Churchill hardware store here, and at the office of the clerk of the school district at Green.

P. S. C. Steel-cut coffee is carefully selected and washed coffee; scientifically blended and roasted, is steel-cut. The chaff and dust is carefully sifted and blown out. Dust makes coffee muddy in appearance, the chaff contains caffeine and produces a bitter taste. Call for the Brown Package, the best coffee. Get it at the Peoples Supply Co. 591-tf.

C. A. Sehlbrede, of Marshfield, one of the prominent candidates for circuit judge in this district, is in the city today circulating among his numerous friends here in the interest of his candidacy. In conversation with Mr. Sehlbrede he said he was very well satisfied with the situation and outlook this far, and is very sanguine that he will be one of the three nominees in this district with an assured election of all three this fall. He feels confident that a republican victory is coming from the earnestness of effort being shown, and the evidence of party harmony. Mr. Sehlbrede will remain in the city over night when he will go north on his way home.

TO THE VOTERS OF DOUGLAS CO

I wish it expressly understood that I shall, if elected county commissioner, stand for an equal distribution of the road fund, giving to each road district its just proportion of money due it for road purposes. Our lateral roads must receive the same fair consideration accorded the main line road.

Very respectfully,
J. T. BRIDGES.
