

# Tuxedo Nights

by Walt Mason

When the day's work's done, and the good old sun has sunk in the well known West, then I stretch my form by the fireside warm, I sit at my ease and rest. Then I take my pipe which is mildly ripe, as the pipes of good smokers are, with a chortling sob then I fill its bowl from my glass Tuxedo jar. And I smoke at ease, and my trouble flees to the place where dead troubles go; and my worries seem, in my waking dream no longer to have a show. And I say, "Indeed, it's a noble weed that drives all the ghosts away, and clamps the lid on the cares that skid around through the busy day. The worries and woes and such things as those in the daytime leave their scar, but there's rest at night and a calm delight in my glass Tuxedo jar."

**Beautiful Bust and Shoulders**  
are possible if you wear a scientifically constructed Bien Jolie Brassiere.

The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled. put the bust back where it belongs, prevent the full bust from having the appearance of flatness, eliminate the danger of dragging muscles and confine the flesh of the shoulder giving a graceful line to the entire upper body.

They are the daintiest and most serviceable garments imaginable—come in all materials and styles: Cross Back, Hook Front, Surplice, Bandeau, etc. Boned with "Wololin," the rustless boning—permitting washing without removal.

Have your dealer show you Bien Jolie Brassieres, if not stocked, we will gladly send him, prepaid, samples to show you.

### IN MEMORIAM.

Emma Rader Hague, beloved wife of Jay Hague, was born at the old Rader home, near Kellogg, April 23, 1887, and died at Bend, Oregon, May 14, 1916.

For ten years she taught school in Douglas county, and was a very successful teacher. Shortly after her marriage, on September 20, 1915, at Prineville, Oregon, she began a school at Alfalfa, Oregon, where she was still teaching when she took sick just three days before her death.

It came as a great shock to her relatives and friends, as it was unexpected even by the nurse and doctor at the hospital where she expected to undergo an operation the day she died.

"A king's daughter, all glorious within—with gladness and rejoicing—bath entered into the king's palace," but her work will go on in the lives of the many children who were her pupils for "She hath done what she could," and it is impossible for mortal man to know the good she accomplished in the life that was finished so soon.

The bereaved husband brought the body home and it was laid away amid sunshine and flowers in the Elkton cemetery, on May 16, near the brother who was buried just five weeks before.

The face that was always so beautiful in life, was touched with a wonderful peace, and a smile lingered on the sweet lips, as if the angels had kissed them, as she crossed "over the river" and left there, for the comfort of the bereaved one, a message of the gladness that had come to her.

God has given her his peace—"peace that passeth understanding" but in the hearts of those who loved her, there is a vacancy that can never be filled.

"But over in the Morning Land,  
Some glad day she'll clasp our hand,  
And then we'll know and understand."

Besides the husband and parents she leaves four brothers: Boyd, Charles and Oscar Rader, of Tyece, and Ray Rader, of Seattle, and three sisters, Malissa Norman, of San Diego; Myrtila Emmitt, of Umpqua, and Rose Burns, of Seattle.

## GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 800 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
