J. F. Omar, of Sutherlin, spent the day in this city attending to business matters.

H. R. Marsh, M. D., superintendent of the public schools of Glendale, Oregon, will occupy the pulpit of the Baptist church on next Sunday morning and evening. His morning subject will be "The Life of the Eskimo" and his address will be illustrated with an exhibit of the tools and implements used by the Eskimo in their daily life. The evening subject will be "Superstitions of the Eskimo". Dr. Marsh spent some time as a medical missionary in charge of the mission station of the Presbyterian church at Point Barrow. The public is cordially invited to attend both services.

The local Everfresh Company is now operating its big plants day and night on loganberries and raspberries. Large shipments are being received from Greens and Roseburg on the south and as far north as Cochen. An express car for the exclusive purpose of handling berries for the local plant is now being operated by the Southern Pacific Company. This car arrives here every evening from the north attached to train No. 17 and returns the following morning with the empty crates on train No. 18. From 12,000 to 14,000 pounds of berries were being handled daily at the plant the first of the week. The berry season will continue for nearly three weeks longer.—Sutherlin Sun.

Mrs. H. E. Gurney and daughter, of Winchester, were visitors in this city for several hours today.

Miss Mary Sandstrom, of Los Angeles, arrived in this city this afternoon for a visit with Miss Mabel Childs, of the Hat Shop.

Mrs. W. D. Bell, Mrs. Vida Carter and Miss Audrey Wallace returned this afternoon from Ashland, where they attended the roundup and 4th of July celebration.

TWO ELECTORAL TICKETS IN FIELD

SALEM, July 7.—If the republicans and progressives desire to make doubly sure of the electoral vote in Oregon for Justice Charles E. Hughes the republican candidate for president, it will be incumbent upon the two parties to combine, and put only five candidates for presidential electors in the field, according to an opinion rendered by Attorney General Brown.

Five candidates were nominated by each of the parties at the recent primary election, and since both have "staked Hughes" it developed recently that, if the candidates of both parties remain in the field, there is a possibility of the vote being sufficiently divided to give the electoral vote to President Wilson. To make sure that this would not occur, republican leaders, through the secretary of state, asked the attorney general if the vote cast for the candidates for both political parties could be combined and counted for Hughes. The attorney general replied in the negative, saying the only solution would be for the two parties to combine and put only five candidates in the field.

Three republican candidates and one progressive candidate have already accepted the nomination for presidential elector, and under the ruling of the attorney general, a candidate after accepting cannot withdraw. If no more than five candidates are to be put in the field, it will be incumbent upon the leaders of the two parties to see to it that

GARDINER WILL BE GREAT RESORT

Sheriff George Quine returned yesterday afternoon from Gardiner where he spent several days visiting and attending the Fourth of July celebration. In speaking of his trip Mr. Quine said: "It was one of the finest trips I have ever made. The people of Gardiner certainly know how to provide entertainment and their celebration was a great event. Not only people of Gardiner were present, but from all over the state and all were delighted with the day. In company with Judge Mosier, Will Q. Brown and a number of Portland visitors I made a trip of inspection over the new highway just being constructed along the beach. This is one of the finest stretches of roadway in the state and for scenic value is second to none.

"With the improvements being made at Winchester Bay, Gardiner is destined to become the greatest summer resort on the coast. Already the beaches in the vicinity are being taken by campers and all are enthusiastic over the place. It will only be a few years until Gardiner and Douglas county will be reaping a great benefit from the trade which will be derived from the great number of people who will spend their summer vacation at the Gardiner beach."

only one more candidate hereafter accepts. According to the attorney general, an acceptance of a nomination is necessary for the candidate's name to go on the ballot.

In his effort to capture John Taylor for the auto thief who escaped yesterday, Sheriff Quine, made a record breaking run in his auto this morning. Leaving Roseburg at 9:45 a. m. at the same time as passenger train No. 15, he ran ahead of the train for the entire distance and making two stops arrived in Riddle almost a mile ahead of the S. P. train. He waited in Riddle for some time before he found the boy hiding in a car of lumber on a freight train. All three of the boys were taken to Albany this afternoon by Sheriff Bodie.

5 Electric Irons FREE

No house is modern without electricity in some form. Now that Roseburg has been given the LOWEST RATE FOR COOKING of any of the towns around, many families will avail themselves of the opportunity of cooking with electricity. Ashland has some 200 electric ranges in use, though municipally controlled the rate is higher than here. Grants Pass has over 300 electric ranges. Roseburg has but few electric ranges in use, but not one of these families would give up electricity for cooking now that they know how safe, simple, clean and economical it is. No wood to bother with, no matches to light, just a snap of the switch.

The cooking rate is 3c a kilowatt hour, or one-fourth the lighting rate. The average cost for a family of four is \$3.00; a family of two \$2.50, per month. A family in this town has never had a bill over \$1.90. They have a large electric range and do all their cooking and baking on this range. You can use an electric iron, percolator, vacuum cleaner, and everything except the lights on this rate. Your electric iron on the lighting rate will cost 7c an hour; on the cooking rate it will cost less than 2c an hour. For large families there is a \$5.00 flat rate. Step into the store let us explain more fully and give you the names of persons using electricity for cooking.

This year there have been manufactured some new low priced ranges. But you do not have to use a range to get the 3c rate, you can use a single or a double hotplate or any of the electrical cooking appliances.

For the next ten days we will give an electric iron or toaster stove free with the first five hotplates or ranges purchased.

This at HOTPOINT WEEK, a BARGAIN WEEK. Read our Hotpoint circular. We have their cleaners. Call at the store and see them or phone 123 and have a representative demonstrate one of them in your home without obligation to you.

Next week, July 16 to 15, we will feature electric irons. Come in and get one at the reduced price.

Get your electrical goods from us. We carry only quality goods and can give you good service.
