PLEASING TO MEXICANS

President Wilson's speech to the Press Club of New York was reported as being very pleasing to the newspaper readers of Mexico City. We do not doubt the truth of the report. The president has a way of making speeches which give great pleasure to the people of capitals other than our own.

During the campaign of 1912 he made speeches in advocacy of tariff destruction which excited the keenest joy in the capital of free-trade England. The day after the Lusitania was sunk he made his "too-proud-to-fight" speech, which was hailed with the utmost satisfaction in the capital of Belligerent Germany. And now he has made the speech which we are told has created so distinctly a "bonne" in the capital of defiant Mexico.

Maybe some day the president will make a speech which will be pleasing to the people of the capital of these United States. Indeed, we think he will make such a speech on the fourth of next March. It will be brief. It will contain none of those flowers of rhetoric, none of those receding bits of humor which are associated in our thought with Wilsonian oratory. But it will be entirely to the point. The pleasing speech which the president will make that day will consist of these two words: "Good bye."

The clean, wholesome sporting instinct of the American public was amply demonstrated this afternoon in the various remarks heard about The News bulletin board, when the special message from Baltimore was posted telling of the departure of the Deutschland on her perilous return trip home. The nationality of the submarine was forgotten and the universal wish that could be heard was that she might elude the enemy—like dogs watching a rabbit hole, just outside the three-mile limit of our shore. It was the in-born recognition of daring and sublime courage.

The officials of Jackson county, and the citizens who are on the committees for the entertainment of their guests, the State Editorial Association, this week, must be fervent believers in advertising, judging of the manner in which they propose to entertain them. They must know that Medford will not lose then a state wide reputation for doing the right thing, for there will probably not be a locality in the entire Union where some of the papers represented there will not circulate.

Postmaster General Burleson has tried to dismiss a postmaster who wrote a sarcastic letter concerning an appropriation made by this administration. Now if the P. M. G. could only disfranchise all the voters who are saying sarcastic things regarding the appropriations made by this administration, there would be some chance of re-election of Wilson. But that would leave a mighty small vote on election day.

President Wilson has named Congressman James Hay, of Virginia, as a member of the court of claims. This is good news to the long list of southerners who have for years been pressing Civil war claims. Northerners pay most of the taxes under democratic laws and it has been the policy of the democrats to turn the greater portion of the public expenditures toward the court.

Enthusiastic hunters should not forget that there is a 5 after the figure 1 when the legal hunting season is thought about, and not allow the desire to be first on the ground get them into difficulties with the game department. The legal date for the opening of the deer season is August 15th, bear this in mind.

Maybe the Bremen has decided to make a still greater spectacle than the Deutschland, and make her appearance at one of the Pacific ports. Nothing occasions surprise any more, either in the air or sea.

HUNDREDS DIE IN FOREST FIRES

HAILEYBURY, Ontario, Aug. 1.—Scores of the victims of the forest fires which have swept over the country are buried in deep trenches and there is every indication that the total casualties will never be ascertainable. The relief workers are of the opinion that over 500 lost their lives. The fires swept over hundreds of square miles of northern Ontario.

SERGEANT MAY BACKS INTO PAINFUL HURTS

PALM CITY, Cal., Aug. 7.—Sergeant Eugene May, of the machine gun company attached to the Third Oregon, and son of Lieutenant Colonel John L. May, was painfully injured the other day.

While walking backward as he directed a detail of men at work, Sergeant May tripped over a windfall and crashed onto a rock bed several feet below. He struck on his head and was rendered unconscious.

Young May was brought from San Ysidro to the headquarters hospital where he soon rallied. He hurried back to his company in spite of an invitation from his father to remain for news.

"I'll mess with my company," said the sergeant. "When I'm an officer I'll mess with you often, but I don't like to have a little bump on the head keep me from my company."

NATIONAL STORAGE HEAD ARRESTED FOR MANSLAUGHTER

NEW YORK, Aug. 1.—President McKensie of the National Storage Plant was today arrested, charged with manslaughter in connection with the explosion which occurred Sunday morning and in which a score of lives were lost. He was arraigned in Jersey City and was released on bail.

RALPH D. COLE FOR CHAIRMAN

Hon. Albert Abraham this morning received word that Ralph D. Cole, ex-member of congress from the Findlay district in Ohio, had been appointed as chairman of the speaker's bureau of the republican party. Mr. Cole will be remembered in Roseburg as the speaker who accompanied Senator Burton on his campaign trip through Oregon and who made such an excellent address from the rear of the train as it stopped for a few minutes in this city.

An chairman of this bureau, Mr. Cole will manage the speaking campaign for the republican candidate. He will have supervisions over the places where the speakers will go, the men to be employed and other details connected with the speakers who will stump the country working for the election of the republican candidate. Mr. Cole is an excellent orator himself as all who heard him will agree and as a politician is entirely suited for the position.

WILL JOIN IN SPEAKING TOUR

In order to more forcefully present their amendments before the people the supporters of the tax limitation and the rural credit amendments have joined forces and will begin a series of joint meetings starting the 15th of August. They will take an auto from Portland and will speak in the country districts during the day and in the cities at night. Among the speakers who will compose the party are Oswald West, ex-governor of Oregon; Charles Spence, master of the state Grange; Prof. MacPhearson of the Agricultural College; Walter Pearce, of La Grande president of the State Tax Payers League, and Robert E. Smith, of Roseburg, secretary of the Tax Payers League.

The party will leave Oregon City on the 15th of the month and will hold a series of meetings, working southward. They expect to reach Roseburg some time during the first two weeks of the trip. Both amendments are among the most pressing to be brought before the voters at the coming election and it is thought that the fight over them will be bitter.

The arrangements have been consummated by Mr. Spence, who is also chairman of the legislative department of the State Taxpayers League.

WHO BROUGHT THE WOOD?

Some subscriber of The News brought a load of wood to the office on Monday morning and went away without leaving word who brought it. Will he please call, or phone, or write, stating his name and amount of same, so that the proper credit can be made to his subscription account and avoid any misunderstanding afterwards.

HAS NOT YET MADE PLEA.

At the time of going to press Tom Hall, who was yesterday arrested and arraigned in the justice court had failed to enter his plea. He was supposed to appear this morning, but asked for an extension of time and was granted until this afternoon.

Mrs. A. T. Lawrence and Miss Hall came over to the city today from Sunshine ranch, via the horseback route, and said it made a most delightful ride, as the mountain road is perfectly dry.

The six-year-old son of Mr. and Mrs. Guy Ingram suffered a very serious injury today when he fell from a window fracturing the lower jaw bone and breaking out five of his teeth. He was taken immediately to a physician and a dentist where the injury was given attention.

Help us to HOLD DOWN—Tire Prices

TIRES, and GASOLENE, "make the Wheels go round!"
 A Car in the Garage COSTS as much as a Car-on-the-Road, but it *pays no dividends*, on the Investment, so long as it STAYS in the Garage.
 The VALUE of the Car,—to its Owner,—narrows down, in the ultimate, to the *precise number of Hours* he USES that Car, yearly.
 If a \$2,000 Car be owned for, say, 4 years (then sold for \$600.) there has been \$1,400 of Car-Value absorbed by the Owner,—equal to, say, \$350. per year.
 If then, that Car be USED 913 Hours in the year, it would cost him but 33 CENTS per Hour, for Car-Use.
 But,—if he used it only HALF that number of Hours, yearly, the Car would cost him 100% MORE for every Hour he used it.
 How MUCH he uses it will depend,—to a considerable extent,—upon the PRICE of TIRES and GASOLENE.
 This was one of the reasons why we (Jan. 31st, 1915) inaugurated the Goodrich "FAIR-LIST" Propaganda against High-prices, and Padded-Price-Lists, on Tires.
 It is a further reason why we NOW keep our own Goodrich Prices DOWN to the very moderate "Fair-List" figures here quoted.

BETTER Fabric Tires are NOT made, and cannot be made,—at ANY price,—than are produced by The B. F. Goodrich Co.
 A 15%, to 50%, higher price could well be justified for these same Tires, by fair comparison with other Tires sold at 15% to 50% higher prices.
 Will you help your own interests (present and future), by further expanding the Sale of that Tire which demonstrates its Intention, through LOWERING the Cost of its Tires to you, with every INCREASE in its Volume?
 Will you thus endorse, and support, the Goodrich Policy which automatically PREVENTS OTHER Makers from forcing UP the Market on Tires?
 Compare Goodrich Fair-List prices, here quoted.
 Bear in mind that NO Fabric Tires,—at ANY price,—are "better,"—no House more Fair, and LIBERAL, on proper Adjustments.

THE B. F. GOODRICH CO., Akron, O.

Goodrich "Fair-List" Prices

30x3	Ford Sizes (Safety-Treads)	\$10.40	34x4	(Safety-Treads)	\$22.40
30x3½		\$13.40	35x4½		\$31.20
32x3½		\$15.45	36x4½		\$31.60
33x4		\$22.00	37x5		\$37.35

NOTICE.—These Tires are as perfect as Fabric Tires can be made.
 But, should any dissatisfaction whatever arise, with any Goodrich Tire, its Owner is invited, and REQUESTED, to take the matter up promptly with us,—the Makers.
 He will find that Fair, Square, and LIBERAL treatment will always be extended, on all proper adjustments.

Although not serious the injury is a very painful one.

G. W. Chandler and M. Cotturri, both Southern Pacific special agents, were in this city for a short time today. Mr. Chandler came from Portland with Mr. Kelley and Mr. Cotturri came in from Ashland on the train this afternoon.

Mrs. Ray Masters left this afternoon for Yoncalla where she will visit with her brother, W. H. Morley, who was injured Saturday when he was kicked by a horse. His injuries are not serious, but will keep him confined to his bed for a few days.
