NOTICE TO PATRONS OF ROSEBURG PUBLIC SCHOOLS.

All parents having children six years of age or over, wish to have enter a beginners' class—first grade B—at the opening of the second term of the present school year, Monday, January 29th, will please report the same by phone or otherwise to the principal of the grade school nearest their place of residence, or to the city superintendent. This information will enable us to decide whether or not it is necessary or advisable to start such

a class, and to determine its location.

In my office in the Court House, 9 to 10 a. m., and 1 to 2 p. m. Phone 346. F. B. HAMLIN, City Supt.

NOTICE OF DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between Geo. A. Burchard and Geo. A. Downey, known as the Square Store, by mutual consent has been dissolved. Mr. Downey retiring from the business. All outstanding accounts are payable to Mr. Burchard who assumes the payment of all bills. GEO. A. BURCHARD, GEO. A. DOWNEY, Roseburg, Or., Jan. 8, 1917.

GLENDALE HAPPENINGS.

Mr. and Mrs. A. A. Snyder and son, Donald, returned on Monday from a two months' visit with relatives in the central California cities.

E. J. Baseel, of the Glendale Cash Store, who had just returned from St. Helena, where he was called on account of the death of his brother, Fred Baseel, received a message from the far away home of his childhood that his mother had passed away. In this double affliction Mr. Baseel has profound sympathy of every one in our community.

E. E. Perkins and wife were Glendale visitors on Saturday. They report much prosperity on Coyote creek in the mines and also that times are good and work plentiful with very little illness.

Beautiful spring weather is being greatly enjoyed this week by all after the recent snow storm. Snow is only visible on the tops of the highest peaks and the catkins on the willows indicate an early spring.

Mr. and Mrs. Wallace, who have lived here for some months have moved to Roseburg.

Mr. and Mrs. R. M. Eberle are enjoying a visit from the aged father of the former, who also has many friends here who always enjoy his coming.

James Hayes, city marshal, is having a spell of la grippe and in the meantime John Hanks is filling the position of special police.

A very enthusiastic meeting of the Glendale Grange was held in the Odd Fellows hall last Saturday. A fine program was rendered and much business of importance was transacted, followed by just such a good dinner as these Grange ladies know so well how to prepare and serve, and just what the gentlemen Grangers so thoroughly enjoy. The Grange is certainly an important factor in this valley and city.

Dr. and Mrs. H. R. Kauffman, formerly of this city, were greeting old friends here last week. Dr. Kauffman was called to Ohio on account of the illness of his mother and his wife and little daughter, Clara, accompanied him this far and spent a few days with old friends, returning to their home at Forest Grove last Saturday.

In welcoming the new management of The New we are greeting the former owner and also the proprietor of The Evening News that has now become a necessity to all News readers. We gladly bid you welcome. Yet with a sigh of regret at the loss of the Shoemakers who surely wielded a deep influence for good in our county, and who are journalists of unmistakable merit and profound business acumen. Personally, we thank them for their forbearance in handling our effusions and for their great attainments in the general uplift of all who enjoyed their excellent work along journalistic lines. Any community in which they may locate will be benefitted by their being there. MOLIE.

GREEN GLEANINGS.

Religious services were held at the Green school auditorium Sunday afternoon. Rev. Eaton, of the Roseburg Baptist church, preached a very able sermon to a large congregation. An effort is being made to hold religious services regularly every Sunday afternoon at the school.

The first regular meeting of the Sunday school was only fairly attended last Sunday. Miss McAllister, the superintendent, should receive every encouragement. Instead of an attendance of 25 or 30 children there should be 50 or 75 children in regular attendance, and it is to be hoped that the parents in the district see to it that there is a better attendance hereafter.

La grippe has fastened its grip on nearly 25 per cent of the people of this vicinity.

Our friend Mr. Shaffer, of Roseburg, has been appointed road overseer for this district. Now let's have some gravel spilled in a few of the chunk holes in the vicinity of

happy Valley bridge and on the road leading to Winston bridge. In some places the mud is nearly hub deep, and needs immediate attention.

The Merry-Go-Round club met with Mrs. Carnes Wednesday afternoon.

At an early date the male members of the Entre Nous dinner club of Green propose to give a dinner to the ladies carefully compounded by themselves in reciprocation of the many pleasant affairs pulled off by the ladies in the past two years. It is rather presumptuous on the part of the gentlemen to even suggest getting up a dinner in their honor in face of the fact that the ladies have few superiors in the culinary line. The burden of this heroic task has been charged to your correspondent, who has selected the best talent in the club to assist him. The only thing that is worrying the chief cook now is, he fears that Harry Winston will slip too much salerates in the mixing of the condiments for the angel food cake, as he is bent on having everything light and fluffy and splay. Lything right, light and fluffy. Lytoo, as his best girl is out of town. He will be absent minded and is liable to slip too much nutmeg in the sherbet. Bert Green will want to smear horseradish on every dish as he wants plenty of "pep" on the bill of fare. Chief Skinner has been selected as taster, and it must pass the pure food law before the dinner gets his approval. Col. Warner will have charge of the table decoration, which bespeaks something out of the ordinary. We hope for the best, but we can't convince ourselves but what there will be some awful sick women in our neighborhood the day after.

An old-fashioned spelling bee was held at the school house last Friday evening, and was well attended. Much interest was manifested, and Miss McCracken announces that the next spelling bee will take place Friday evening January 19. The parents are especially invited to attend and participate. It is proposed, at an early date to challenge the good spellers of Happy Valley, Winston and Glenary to a spell down. So it behooves Lyle Marsters and Geo. Burt, of Happy Valley; Tom Carnes and Plinn Cooper, of Glenary; W. C. Winston and Clay Smith, of Winston, to get busy and round up their best talent.

SMITH RIVER ITEMS.

Paul Gunter was at Drain the last of the week.

Miss Marjorie Whipple was a stage passenger Saturday.

Robert Wright was at Roseburg a few days this week attending to business matters.

Mr. and Mrs. Arthur Wooley and children returned home Tuesday from Elkhead where they have been since Christmas caring for Mrs. Wooley's father, J. J. Brown, who has been quite ill with la grippe, but who is much better now, and able to be up again.

Paul Gunter will go to Elkhead Wednesday to take charge of the work for Mr. Brown, until he is able to attend to things himself.

Quite a number of folks are on the sick list this week. Among them are Mrs. Clevenger and daughter, Doshie Wisner, three of Mr. Harris' children, Mrs. George Wooley and several other children, and Everett Wright. None are at all seriously sick, however.

Everett Wright and Ernest Brown went over to South Fork last Saturday to look at the latter's traps. Ernest had the good luck to get a 7½-foot cougar in one of his traps.

AUTO OWNERS ATTENTION!

Oscar Lyman, who has for several years served as foreman of the mechanical department of the Motor Shop garage, has returned from Portland where he has been spending the past six weeks studying the late methods of automobile repairing and specializing in the work of caring for and repairing storage batteries. The Motor Shop is now able to care for storage batteries in the best possible manner using all of the latest and most approved methods and materials in this work. The many new features in auto repair have been adopted in the shop and all cars will receive the best of attention. The vulcanizing department has been placed under new management and is in the hands of competent workmen, all work being fully guaranteed by the proprietors of the garage. With the decided improvements the management of the repair shop feel that they can give you the very best service obtainable and request your patronage. 1391-J17
