SCHOOL MAY BE CHANGED TO PORTLAND

Superintendent Hamlin is in receipt of a communication from Jesse McCord, president of the Greater Oregon club, which is a state organization in the interests of the summer school of the University of Oregon, in regard to a proposition which has been made to hold the next session of the summer school at Portland instead of at Eugene, because of the fact that the National Educational Association will meet this year at Portland during the time that the various summer schools are usually in session. It had been previously proposed to adjourn the summer schools during the meeting of the National Educational Association in order that all teachers who desired to attend might do so and to resume the work of the summer schools immediately thereafter. The question now is which of these two plans is preferable. Supt. Hamlin is a member of the executive committee from Douglas county, but will not express his choice between the two plans until he has heard from those teachers of the county who are planning to attend the L. O. O. F. summer school. All such should communicate with him at once.

ALL ENTERING ZONE WILL BE TORPEDOED

BERLIN, Feb. 20.—(via Sayville.)—There will be no recall of the imperial order to submarine vessels in the barred zone, according to the government press bureau, which announced today: "It must be repeated again that whosoever dares to penetrate the forbidden zone perishes." Sweden Demands Compensation. COPENHAGEN, Feb. 20.—The Swedish government has instructed its Berlin ministry to formally demand compensation for the steamer Varing, which was destroyed by a German submarine. Wants To Know Attitude. AMSTERDAM, Feb. 20.—Ambassador Penfield, at Vienna, has asked the Austrian foreign office to state to the United States its government's attitude on the submarine issue. It is reported that Penfield specifically inquired whether or not Austria has withdrawn the assurances given just after the Ancona and Persia submarine incidents.

Capture Section of British Line. BERLIN, Feb. 20.—(via Sayville.)—It was announced here that the German thrusting detachment today captured a section of the British line south of Lestranslot, taking 30 prisoners. Brand Whitlock, American minister to Brussels, Belgium, is continuing his relief work there, according to official press bureau announcements.

SPRING SAMPLES ARE HERE The Roseburg Cleaning & Pressing works have just received their line of spring samples—a swell assortment of the finest fabrics. Get your order in early for a choice selection. A perfect fit guaranteed and the best workmanship. G. W. Sloper, the cleaner and presser.

IS STARTING COUNTY CORN GROWING PROJECT

County School Superintendent O. C. Brown is sending out a number of circular letters to the teachers of the county in regard to the corn growing project which he is endeavoring to introduce in this county. Mr. Brown has been working on this plan for some time and it is hoped that this year he will meet with success. The letter follows: Roseburg, Ore., Feb. 20, 1917. Dear Teacher:

I have been encouraging school boys who are so situated as to be able to do so to take up the corn growing project. By the rules of the state contest one-eighth of an acre is required, but I am suggesting that each boy plant one acre, as by so doing he can enter the federal contest and have a chance at the government prizes as well as those offered by the county and state fairs.

But it is with a larger object in view that I am urging the boys to join for the acre contest. Douglas county has an excellent climate for corn growing—one of the very best in the state. What I have in mind is to place Douglas county on the map as a corn growing county.

If I can get 100 boys to take up this acre project I will arrange for a corn carnival to be held at Roseburg this fall, and will offer liberal prizes for exhibits, and will arrange a suitable program of corn judging and other exercises that will make it a most interesting and profitable occasion.

It is my hope that this may prove such a success that it will become an annual event of great interest, that it may stimulate the corn growing industry in the county by increasing the acreage, improving the quality, and bettering the methods of culture, to the end that the county may come into its own as a great corn growing section, and that our boys may be the pioneers in the movement. It will mean much to me boys financially and educationally, while it is hoped that through this agency corn growing will become a larger factor in the agriculture of the county.

If you have boys in your school who are interested in this work, please send me their names and more definite instruction will be given. Very truly yours, O. C. BROWN, County School Supt.

TO GIVE PRESIDENT AUTHORITY TO ACT

WASHINGTON, Feb. 20.—Secretary Lansing conferred with the senate judiciary committee today in an effort to obtain passage of those bills empowering the president to use the land and naval forces of the United States whenever necessary to enforce detaining of vessels to prevent violation of obligations. The senate passed the espionage bill today by a vote of sixty to ten. It was also learned today that the government will soon ask Turkey to obtain Austrian and German assent to the safe conducts for passage of the United States collier Caesar and the gunboat Des Moines to Beirut, where one thousand Americans are awaiting transportation home. Submarine nets stretched across the channel in Hampton Roads entangled the liner Madison, enroute to New York, and tied her up so that she was unable to proceed. The American steamers Orleans and Rochester are reported to have entered the barred zone, enroute to foreign ports, and authorities are anxiously awaiting news of their safe arrival. Both carry American crews.

"ANURIC!" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, swelling, uric and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear. Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or send 10 cents to Dr. Pierce for a large trial package. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge. Note:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original little Liver Pills. One little Pellet for a laxative—three for a cathartic.

DUROO JERSEY BOAR FOR SERVICE

Very fine, large, registered boar 18 months old. Out of the famous prize sow Sunkist Lady Wonder. Fee \$2.50, at the Overland Orchards. Phone 31F5. Chas. A. Brand. 1097-ft
