JAPANESE SPEAKERS EXPRESS FRIENDSHIP

(By Associated Press.)
TOKIO, April 20.—Speeches by well-known men urging the tightening of the bonds of friendship between the United States and Japan were made at a luncheon given in honor of Dr. Jokichi Takamine, of New York, by the new America Society of Tokio. Dr. Takamine is returning to New York and he has been elected as honorary president of the new Tokio organization which is similar to the Japan Society of New York.

All the speakers, including Viscount Kaneko, Dr. Juichi Soyeda and Eki Hioki, formerly minister to China, dwell upon the desirability of finding solutions to the so-called American problems. Mr. Hioki in particular said that the recent Idaho bills were a warning that the questions were not yet settled and declared that the two governments should earnestly take up the matter and strive for a solution.

WARNING TO ALL YOUNG MEN.

All young men who will be subject to draft into the United States army should awake to their interests. Every indication from all reliable sources points to the fact that the United States will soon draft an army of at least two million men. When this army is raised it will be in the power of the United States to send this army where it will do the most good in winning the war between this nation and Germany. If you are subject to draft you will be called into service and sent, most likely, out of the United States. Are you prepared to go? Have you made provision for the future? If you escape death but come back disabled so that you cannot work will you have any income? These are serious questions and every young man should immediately take thought concerning his future.

The old reliable life insurance companies are taking steps to safeguard their policy-holders and will add clauses which will add very large extra premiums on all policies taken after the 26th of this month should the applicant engage in military service outside of the United States. What does this mean? It simply means that if you haven't taken steps to insure your life before the 26th of this month and should wish to do so after that date that you would be subject to an added extra premium should you have to go to war outside of the United States. You may reason that there will be many companies that will not ask this extra premium and you can get protection in those companies. I wish to state that I believe and that it is the belief of the majority of sound thinking men of this nation that those companies that do not add this clause for their protection will stand a poor chance of surviving the fearful ordeal now confronting the nation.

You have the choice of many reliable old line companies at this time, but the time is very short—only a few days. You should get your life insurance today and not delay a single minute. If you apply before the 26th of this month there will be no restriction on your policy as to military or naval service within the limits of the United States. Not because of my business but because I know that you will regret not having taken out insurance I urge every young man wherever he may be to get busy and think of his future and what may happen to him and any loved ones he may have to get insured today. This may be your last opportunity for several years to get

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SOCIAL DANCE.

At Maccabee hall, Saturday night, April 21. Ott's orchestra. Harry Cook, mgr. 124-a21

the best insurance at a rate you can afford to pay. At this time when we are all called upon to support the flag of our country it behooves all of us, not only to do all we can to support our flag, but to protect our lives as much for our own future welfare and the welfare of any loved ones we may have. Young men you will surely regret it if you fail to take out life insurance at this time.

Very sincerely,
J. F. HUTCHASON.

Our policy—We believe that there is only one way to build up a successful business, and that is to give the customer all that he pays for and a little bit more. We believe you should get a full dollar's worth for every dollar you spend. Our policy has always been to sell only the highest grade merchandise at the lowest possible prices. That this policy is working out successfully, is attested by the large numbers of people who patronize us. Are you one of them? Bubar Bros., jewelers and optometrists. 93-t

NUMBER WILD FOWLS IN PARKS SAN FRANCISCO

(By Associated Press.)
SAN FRANCISCO, April 20.—Visitors to the various lakes in Golden Gate park in this city as well as Lake Merritt, in the populous district of Oakland, can gain a comprehensive idea of the variety of wild water fowl which abound in the state. Secure from all harm, hundreds of these birds make these small bodies of water their temporary home. Thousands of persons constantly are strolling along the banks but the birds pay no heed to them. Should the passer by throw a crust or a cracker into the water there is an immediate scramble for the morsel. Canvas-back, sprig, teal and all the known species of duck make the cities waters their common living place.

AT THE HOTELS.

Arrivals at the Umpqua.

Short, San Francisco; T. E. Claypool, Portland; C. C. McCormick, Eugene.

Remove the Screen from Your Vision

Preserve your youthful eyesight as you journey through the years. The eyes of your youth. They could instantly adjust themselves from near to far vision. But with the advancing years, thousands of men and women find that they need glasses for close work. You must take them off every time you look at objects more than three or four feet away. This removing and replacing of glasses—or fusing with two pairs—is a nuisance which can easily be remedied by wearing Kryptok Glasses. Kryptok "remove the screen" from your vision—enable you to see both near and far objects as clearly and distinctly as with the eyesight of youth. We want you to try Kryptok. Call and see them.

Quality—Service.
