THE WORLD'S RECORD CLOSE SKIMMING UNITED STATES CREAM SEPARATOR

The Question Before the House—Your House!

EVERY maker believes his Separator the best one manufactured. If you have lost faith in the honesty and ability of some manufacturers, take my word and my guarantee that the U. S. SEPARATOR stands at the head of the list. I know, for I have investigated them all.

THERE are six reasons, not to mention more, why the U. S. SEPARATOR will give you better service than any other machine. 1—It does the closest skimming. 2—It is the most sanitary in construction and the easiest to keep clean. 3—It requires less strength to operate. 4—Repair bills are lowest. 5—It has a self-cleaning bowl. 6—It can be worked from either side, or with hand power on one side and motor or engine power on the other.

COME in and look at the best yet!

AFTER you know all the U. S. important features see if you can find one half as many in any other cream separator. If you cannot, then buy a U. S.—the World's Record close skimming separator.

DOINGS OF THE CITY

Property Purchased.
M. H. Germond today bought about five acres of land immediately adjoining his property east of the city.

Payment Received.
The first payment on the block A. Finl's addition, sewer assessment was received at the city recorder's office today.

Basketball Games.
The Looking Glass basket ball team will play at Camas Valley this evening in a matched game with the team at that place. A fast game is anticipated.

Henriksen Returns.
Al. Henriksen returned last night from a trip through Idaho and eastern Oregon where he reports conditions as very prosperous.

Officer Here Today.
Lieutenant Livesly of company I, who has been stationed at Medford, passed through this city on a short tour of inspection and will spend Sunday in this city.

Attend Flag Raising.
The citizens of Oakland are holding a flag raising in that city today and Comandant Markee and wife, and Hon. Binger Hermann are in attendance. Mrs. Markee sang the Star Spangled Banner and Mr. Hermann made a patriotic speech.

Recruits Have Hard Time.
Medford recruits of the naval reserve are not finding life a bed of roses at Bremerton, according to letters received by relatives and friends. "A nice little private hell," is the way one of these letters describes life in the service. Many are the callings down they get for ignorance of the rules.

Different Paper.
The familiar yellow paper so well known throughout the Southern Pacific offices in the way of weigh bills and other stationery supplies, is to be discarded, a sweeping order having been issued recently to that effect. Plain white paper will supplant all other kinds as soon as present stocks are used up. The change has been made for several reasons, a chief one being economy.

BOOTLEGGERS CAUGHT.

Joe Wilson and C. V. Beeler, of Ashland, both well known residents of Jackson county were arrested at Ashland yesterday by Sheriff Ralph Jennings charged with selling intoxicating liquors. The arrest caused considerable of a sensation as both men are well known, have hosts of friends and are very popular. District Attorney Roberts would make no comment upon the arrest other than that the men would have a jury trial today before Judge Taylor at 2 p. m., and both had been released on their own recognizance.—Medford Sun.

URGES BETTER FARMING METHODS

GOV. CAPPER.

A vegetable garden in every back yard in the cities. A potato patch on every vacant lot possible in the cities. An extra half-acre of potatoes on every farm possible in the country. More common sense in expenditures in Kansas homes.

Here are four pertinent suggestions from the Food Conference held by Governor Capper, of Kansas, a few days ago. One hundred and fifty farmers met and discussed means of speeding up production and growing more per acre on their farms. Resolutions adopted by the conference stated that "in view of the pressing need for attention to maintaining soil fertility on American farms, the present prices which farmers are receiving are not excessive.
