Jewelers and Opticians

#### Arrive in Roseburg.

Mrs. Neil McCall and daughter, Margaret, arrived last night from Sacramento and will visit for a few days with Miss Blanch Reed while on their way to join Mr. McCall, who is employed as cartoonist on the Portland Telegram.

#### Turkey Eggs at One Dollar.

Ed. Kruse was in the city today from his farm on Deer creek, and while here made a shipment of a setting of turkey eggs for which he received \$1 each. Even the turkey product seems to have a tendency to go up.

### DOINGS OF THE CITY

#### Inquiries Received.

The Commercial club has received several inquiries for homesteads since the land case decision was announced. One writer asked the secretary if he would be kind enough to pick out a good location for him and all asked information and advice which could not be given. There has been a number of inquiries from California recently indicating that all is not sunshine there, or if it is, there is something lacking.

#### Berries Plentiful.

C. G. Washburne, of the firm of McMoran & Washburne, and one of the leaders of the Boys' Drum corps of this city, has received a letter from John W. Parker, secretary of the Roseburg strawberry carnival, which the boys will attend May 19, giving further plans for the big event. He says that delegations from Portland, San Francisco and Coos Bay points aside from the big delegation from Eugene, are expected. Eugene Register.

#### Co-Operation with U. S.

Southern Pacific agents all over the country have been directed to cooperate with state and federal authorities in enlisting farmers and homesteaders in the campaign for food conservation and production. Instructions have been received at the local office. Not only is the railroad providing agricultural experts to travel along its lines and lecture to farmers, but station agents and representatives of the Southern Pacific Company have been asked to bring to the attention of those concerned, placards and bulletins which are now being issued by Dean Thomas F. Hunt, of the agricultural experiment station of the University of California, and the special committee on resources and food supply appointed by the state council of defense.

### CASTORIA

For Infants and Children  
In Use For Over 30 Years  
Always bears the Signature of *Dr. H. Stearns*

#### GLENDALE RESIDENT LOST.

Word was received here late this afternoon that a prominent citizen of Glendale had been lost in the woods in that vicinity. He has been missing since 3 o'clock last night and searching parties have discovered different articles of clothing scattered about at various places. Officers here have been requested to obtain bloodhounds to take up the scent as it is believed that he is demented and is wandering away and will soon die from exhaustion and exposure unless found. An effort will probably be made by Sheriff Quine to obtain the dog at once. The name of the missing man could not be ascertained.

#### Mrs. Pettit Improving.

Mrs. W. A. Pettit, who has been seriously ill at Mercy hospital, is improving slowly and unless unforeseen complications arise will be able to return to her home in a few weeks.

#### Portion of Cap Removed.

Dr. A. C. Seely today removed a portion of a brass dynamite cap from the eye of Henry Burke, lately of Seattle. Mr. Burke was injured when in Seattle and it was believed that all of the metal had been removed. A small portion, however, was found by Dr. Seely, who also operated on Mrs. Craig, of Drain, and Lawrence Vogel, of this city.

Alfalfa seed guaranteed better than 98 per cent pure, and free from dodger. All other fresh dependable field and garden seeds at the People's Supply Co. 131-2-23

#### Miss Schliceman Nominated.

Miss Marguerite Schliceman was today nominated as a candidate for strawberry carnival queen. Miss Schliceman is one of Roseburg's most attractive young ladies and as she has a wide circle of friends she will undoubtedly make a strong contestant.

## BOEHM NOT EXECUTED IN LONDON TOWER

From the British war office comes word that Captain Hans Boehm, formerly of Portland, is being held in a detention camp in England, says the Portland Telegram. An official communication to this effect was received yesterday in Portland by a friend of Boehm. This letter sets at rest the rumors current that Boehm had been executed in the Tower of London as a spy.

Prior to the war Boehm was connected with the Hotel Portland, the University club and the Commercial club, and in 1914 went to his ranch near Dillard where he resided for some time with his wife, who was formerly Miss Helen Willis, of Roseburg. Later he was drawn into the secret service of the German government and served as intelligence agent in the United States, Canada, England, Holland, Spain and other countries. Boehm was taken off a steamer at Falmouth in January while traveling from Spain to Holland under a false American passport, which had been issued to him under the name of Jelka Le Roy Thrasher, of Qulman, Ga.

Mrs. Boehm's parents, Mr. and Mrs. O. L. Willis, are now residing in Riddle, and although no word has been received from their daughter, it is known that she is residing in Germany with her children.

The Boehm story has been watched with great interest in this section and the first news of it was carried exclusively in The News several weeks ago.

### EXTENTION DIVISION MEETING.

(Continued from page 1.)

The only form of efficient work is organization and that is the plan presented by Prof. Brown. Methods of organizations were discussed followed by a general discussion by the attending business men, principally upon the manner of work which is causing much discussion. The co-operation of the Boy Scouts was talked of and Prof. Brown presented the plan of establishing a training camp and farm for the boys under the direction of an O. A. C. cadet, who has also had horticultural training. The organization was formed and the name, Roseburg Patriotic League was submitted by Supt. O. C. Brown was chosen. This organization will work for increasing production and conservation of food stuffs. The committee appointed at this meeting is composed of the following: O. C. Brown, J. H. Booth, W. S. Hamilton, Fred Strang, Veva Bulck and Mrs. Wm. Bell. This committee will meet at the Douglas National bank on Monday at four o'clock.

#### RESERVES MAY BE CALLED.

Those of this city who have taken the examination in the officers reserve corps are expecting a call daily and if word is received will leave at once for the Presidio in San Francisco.

#### GOES TO BREMERTON.

Carl Guntert, a resident of this city left several days ago for Bremerton, where he will enter the naval station at that place and will be placed in charge of the submarine work there. He is quite well known here and his friends are pleased to learn of his new employment. Mr. Guntert was for many years a sea captain and is well qualified for his new position.

#### EXPECTS CALL SOON.

Captain J. A. Buchanan, of the Fourth Company coast artillery, today stated that he is of the opinion that companies will be called immediately in the event the army conscription bill passes. Although he has received absolutely no word to this effect, he has arranged his business matters so that he could leave at short notice. Mr. Buchanan stated that he expects official orders either late tonight or tomorrow, and in the event the local boys are called they will be entrained as soon as possible. Mr. Buchanan states that it is his belief that as soon as the adjutant general receives his orders they will be transmitted to this city officially.
