THE ROSEBURG SANITARIUM

For years scientists have known that the sun's light was the most potent agent of destruction that could be employed in the war against tuberculosis. Germs exposed to the rays of the sun were instantly killed; but to apply this wonderful power in a practical way has been the stumbling block. The extreme heat the X-ray has been used without success, for while it succeeded in destroying some of the "germs" the intense heat burned the tissue, and thereby furnished "virus" or new food for the remaining "germs" to thrive and multiply upon, really making the second condition worse than the first.
 After years of experimenting and a careful study of tuberculosis, I have succeeded in perfecting an apparatus in the form of an electric cabinet that will do all that has been credited to the sun's rays, the application of which causes no discomfort to the patient.
 The cabinets are made of metal, absolutely air tight with a "dead air" space between the inner cylinder and the outside shell, the inner partition is lined with very bright metal and illuminated by scores of incand. scent lamps, the light reflected against the area of the circle multiplies the power of penetration many times, the interior of the cabinet is so bright that it renders the body transparent, tubercular germs can find no place to secrete themselves from; the strong rays of light are killed, flushed into the blood and carried away by an increased circulation stimulated by the heat. The broken down tissue rebuilds, the lacerated part is soon healed, nature reasserts herself and with proper care and nourishment the patient rapidly recovers.
 What this wonderful discovery does for tuberculosis it can also do for chronic disorders of the kidneys, liver and bladder. Rheumatism in its many insidious forms succumbed to its seemingly magic power.
 My offices, including bath, massage and treatment rooms are now located in the Perkins building, Roseburg, and I have leased the Herring house, West Douglas street, as temporary quarters for my sanitarium.

Willys-Overland Motor Cars

Experience

Overland

TRADE MARK REG.

Back of this season's new Overland Big Fours and Light Sixes are a direct line of nine preceding models from which they were developed.

They directly continue the line of models that made the Overland name stand in the public mind for integrity of value.

Overland policy has steadfastly sustained that integrity of value in the car throughout its entire service in the hands of owners.

Over three hundred thousand of these cars are now in use and the helpful suggestions of their owners and of the more than four thousand dealer and factory-branch organizations that sold and served them, are largely responsible for the balanced greatness of this season's Big Fours and Light Sixes.

Their new beauty, their perfected easy riding qualities, their proven sturdiness and mechanical excellence, their admitted tire, fuel and oil economy make them worthy of the confidence we enjoy, that they will still further enhance Overland prestige.

They embody the wisdom of the unmatched Overland experience in building cars of this type.

They are dominant values, cars of proven dependability and sterling worth.

As long as we have them for delivery before May 1st, the prices are \$850 for the Big Four, \$985 for the Light Six—thereafter \$895 and \$1025.

VEXATION OF SPIRIT

So long and earnestly I've wrought, Pursued the beastly grid, I've ringed on my dome of thought, And apavins on my mind. Of the ghastly fear of evil times, Of poverty when old, Has kept me hunting after gold. I have a package put away, Where none can jar it loose, I wonder what's the use? Throughout this weary worldly jaunt I've skimmed and saved and pared— I've done without the things I want, The things for which I cared. To add one round dollar more To what I have in brine, I've made existence sad and sore, And what reward is mine? Why do I slave and toil and groan, Why do I toil and spin? 'Til I have to leave my roll behind. Pore others to blow in. These words seem ever ringing loud, Like some decree of doom: "There is no pocket in a shroud, No cash box in a tomb."
 The best cure for the above is an income policy with The Mutual Life of N. Y. No restrictions as to war. Come and let us reason together and see if I can't convince you that the participating plan is the safest and sure to make the net cost the lowest.
